

It is further ordered that part 73 of the Commission Rules *is amended*.

It is further ordered that consistent with the Consolidated Appropriations Act, 2020, this Order *will become effective* when the appropriate clearance has been obtained and upon the date set forth in the **Federal Register** publication of this Order.

List of Subjects in 47 CFR Part 73

Reporting and recordkeeping requirements.

Federal Communications Commission.

Cecilia Sigmund,

Federal Register Liaison Officer.

Final Rules

For the reasons discussed in the preamble, the Federal Communications Commission amends 47 CFR part 73 as follows:

PART 73—RADIO BROADCAST SERVICES

- 1. The authority citation for part 73 continues to read as follows:

Authority: 47 U.S.C. 154, 155, 301, 303, 307, 309, 310, 334, 336, 339.

- 2. Revise § 73.3617 to read as follows:

§ 73.3617 Information available on the internet.

The Media Bureau and each of its Divisions provide information on the internet regarding rules and policies, pending and completed rulemakings, and pending applications. These sites also include copies of public notices and texts of recent decisions. The Media Bureau's address is <http://www.fcc.gov/mb/>; the Audio Division's address is <http://www.fcc.gov/mb/audio/>; the Video Division's address is <http://www.fcc.gov/mb/video/>; the Policy Division's address is <http://www.fcc.gov/mb/policy/>; and the Industry Analysis Division's address is http://www.fcc.gov/mb/industry_analysis/.

50 CFR Parts 216 and 300

[Docket No. 200910–0236]

RIN 0648–BH48

International Fisheries; Pacific Tuna Fisheries; Procedures for the Active and Inactive Vessel Register

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Final rule; date of effectiveness for collection-of-information requirements.

SUMMARY: NMFS announces approval by the Office of Management and Budget (OMB) of collection-of-information requirements contained in regulations published in a final rule on December 20, 2019. The final rule implements International Maritime Organization (IMO) requirements in Inter-American Tropical Tuna Commission (IATTC) Resolution C–18–06 (*Resolution (Amended) on a Regional Vessel Register*) and amendments to existing regulations governing inclusion on the IATTC Regional Vessel Register (Vessel Register) by purse seine vessels fishing in the eastern Pacific Ocean (EPO). The intent of this final rule is to inform the public of the effectiveness of the collection-of-information requirements associated with the final rule.

DATES: This final rule is effective September 18, 2020. The amendments in amendatory instructions 2 and 6, published at 84 FR 70040 (December 20, 2019), are effective on September 18, 2020.

ADDRESSES: Copies of supporting documents are available via the Federal eRulemaking Portal: <http://www.regulations.gov>, docket NOAA–NMFS–2018–0030, or by contacting Daniel Studt, NMFS West Coast Region, 501 W Ocean Blvd., Suite 4200, Long Beach, CA 90802, or emailing WCR.HMS@noaa.gov.

Written comments regarding the burden-hour estimates or other aspects of the collection-of-information requirements contained in this rule may be submitted to the NMFS West Coast Region Long Beach Office at the address listed above, and to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by using the search function.

FOR FURTHER INFORMATION CONTACT:

Daniel Studt, NMFS, West Coast Region, 562–980–4073.

SUPPLEMENTARY INFORMATION:

Background

On December 20, 2019, NMFS published a final rule in the **Federal Register** (84 FR 70040) under the Tuna Conventions Act of 1950, as amended, and the Marine Mammal Protection Act, as amended, to implement IMO requirements in IATTC Resolution C–18–06 (*Resolution (Amended) on a Regional Vessel Register*) and amendments to existing regulations governing inclusion on the Vessel Register by purse seine vessels fishing in the EPO. That final rule became effective January 21, 2020, except for amendatory instructions that included new or revised information collections, which were delayed until publication of a document in the **Federal Register** announcing the effective date. OMB has approved these collection-of-information requirements under control number 0648–0387. Accordingly, this final rule announces effectiveness of the collection-of-information requirements at 50 CFR 216.24 and 50 CFR 300.22 that were published in the December 20, 2019 final rule. On June 10, 2020, a final rule was published in the **Federal Register** announcing the effectiveness of these collection-of-information requirements and a correcting amendment (85 FR 35379). However, that final rule did not result in the effectiveness of these collection-of-information requirements due to an error in the **DATES** section, which is corrected in this final rule.

Classification

This final rule has been determined to be not significant for the purposes of Executive Order 12866. This rule is not an Executive Order 13771 regulatory action because this rule is not significant under Executive Order 12866.

This final rule announces the date of effectiveness of new and revised collection-of-information requirements approved by OMB under PRA control number 0648–0387 that were published in the **Federal Register** (84 FR 70040) on December 20, 2019. Comments regarding the burden estimates, or any other aspects of the collection of information may be sent to the NMFS West Coast Region Long Beach Office (see **ADDRESSES** above) and to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by using the search function and entering the title of the collection or the OMB Control Number (0648–0387).

Notwithstanding any other provision of the law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the PRA, unless that collection of information displays a currently valid OMB Control Number. All currently approved NOAA collections of information may be viewed at: http://www.cio.noaa.gov/services_programs/prasubs.html.

The NOAA Assistant Administrator for Fisheries (AA) finds there is good cause to waive prior notice and opportunity for public comment for this action pursuant to 5 U.S.C. 553(b)(B) of the Administrative Procedure Act (APA), because prior notice and opportunity for public comment on this final rule is unnecessary and contrary to the public interest. In part, this action simply provides notice of OMB's approval of the reporting requirements at issue, which has already occurred, and renders those requirements effective. Thus, this part of this action does not involve any further exercise of agency discretion by NMFS or OMB. Moreover, the public has had prior notice and the opportunity to comment on the collection-of-information requirements. NMFS published a proposed rule including the collection-of-information requirements on April 16, 2019 (84 FR 15556), with comments accepted through May 16, 2019. NMFS received two comments on the collection-of-information requirements related to a proposed supplementation of a vessel departure notification and an ability to apply for associated permit applications online. The final rule published on December 20, 2019 (84 FR 70040), addressed these comments, keeping the proposed supplemental vessel departure notice in place for the reasons described there, while revising the purse seine vessel permit application collection-of-information requirements to allow for an online process. Both such processes were considered and approved under PRA control number 0648–0387. Additional opportunity for public comment at this point would not be meaningful and would be duplicative. Any further delay to allow for public comment is therefore unnecessary and would result in public confusion.

For the aforementioned reasons, the AA also finds good cause to waive the

30-day delay in the effectiveness of this action under 5 U.S.C. 553(d)(3).

These measures are thus exempt from the procedures of the Regulatory Flexibility Act because prior notice and comment are not required under the APA.

Dated: September 14, 2020.

Samuel D. Rauch III,

Deputy Assistant Administrator for Regulatory Programs, National Marine Fisheries Service.

BILLING CODE 3510–22–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 679

[Docket No. 200227–0066; RTID 0648–XA435]

Fisheries of the Exclusive Economic Zone off Alaska; Pacific Cod by Catcher Vessels Greater Than or Equal to 60 Feet Length Overall Using Pot Gear in the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS is prohibiting directed fishing for Pacific cod by catcher vessels greater than or equal to 60 feet (18.3 meters (m)) length overall (LOA) using pot gear in the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary to prevent exceeding the 2020 Pacific cod total allowable catch allocated to catcher vessels greater than or equal to 60 feet (18.3m) LOA using pot gear in the BSAI.

DATES: Effective 1200 hours, Alaska local time (A.l.t.), September 16, 2020, through 2400 hours, A.l.t., December 31, 2020.

FOR FURTHER INFORMATION CONTACT: Krista Milani, 907–581–2062.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI exclusive economic zone according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management Council under

authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2020 Pacific cod total allowable catch (TAC) allocated to catcher vessels greater than or equal to 60 feet (18.3m) LOA using pot gear in the BSAI is 11,616 metric tons (mt) as established by the final 2020 and 2021 harvest specifications for groundfish in the BSAI (85 FR 13553, March 9, 2020).

In accordance with § 679.20(d)(1)(iii), the Administrator, Alaska Region, NMFS (Regional Administrator), has determined that the 2020 Pacific cod TAC allocated as a directed fishing allowance to catcher vessels greater than or equal to 60 feet (18.3m) LOA using pot gear in the BSAI will soon be reached. Consequently, NMFS is prohibiting directed fishing for Pacific cod by catcher vessels greater than or equal to 60 feet (18.3m) LOA using pot gear in the BSAI.

While this closure is effective the maximum retainable amounts at § 679.20(e) and (f) apply at any time during a trip.

Classification

NMFS issues this action pursuant to section 305(d) of the Magnuson-Stevens Act. This action is required by 50 CFR part 679, which was issued pursuant to section 304(b), and is exempt from review under Executive Order 12866.

Pursuant to 5 U.S.C. 553(b)(B), there is good cause to waive prior notice and an opportunity for public comment on this action, as notice and comment would be impracticable and contrary to the public interest, as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the closure of Pacific cod by catcher vessels greater than or equal to 60 feet (18.3m) LOA using pot gear in the BSAI. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of September 14, 2020.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: September 15, 2020.

Jennifer M. Wallace,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
