

Accordingly, the operation and maintenance of the undersea cables licensed in the United States are essential to the nation's economic stability, national security and other vital public interests. As with other information collection using NORS (under OMB Control No. 3060-0484), this newly approved collection will facilitate FCC monitoring, analysis, and investigation of the reliability and security of submarine cable networks, and to identify and take action on potential threats to our Nation's telecommunications infrastructure.

Secretary.

Final Rules

For the reasons discussed in the preamble, the Federal Communications Commission amends 47 CFR part 4 as follows.

PART 4—DISRUPTIONS TO COMMUNICATIONS

- 1. The authority citation for part 4 continues to read as follows:

Authority: 47 U.S.C. 34–39, 151, 154, 155, 157, 201, 251, 307, 316, 615a–1, 1302(a) and 1302(b); 5 U.S.C. 301 and Executive Order no. 10530.

§ 4.15 [Amended]

- 2. Amend § 4.15 by removing paragraph (d).

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

50 CFR Part 92

[Docket No. FWS–R7–MB–2020–0134;
FXMB12610700000–201–FF07M01000]

RIN 1018–BF08

Migratory Bird Subsistence Harvest in Alaska; Harvest Regulations for Migratory Birds in Alaska During the 2021 Season; Correction

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Final rule; correction.

SUMMARY: The U.S. Fish and Wildlife Service recently issued a final rule that revised the migratory bird subsistence harvest regulations in Alaska. The final rule included an improperly worded

amendatory instruction that resulted in the unintentional removal of regulatory text. This document corrects that inadvertent error and restores the regulations to their proper wording.

DATES: This correction is effective April 28, 2021.

ADDRESSES: You may find the rulemaking action at the Federal eRulemaking Portal: <http://www.regulations.gov> in Docket No. FWS–R7–MB–2020–0134.

SUPPLEMENTARY INFORMATION: On April 19, 2021, we published a final rule (86 FR 20311) that was effective upon publication and that revised certain regulations in title 50 of the Code of Federal Regulations (CFR) in part 92. The amendatory instructions to the Office of the Federal Register (OFR) for the revisions to § 92.31 included an instruction to revise paragraph (e); however, the instruction should have been to revise the introductory text of paragraph (e). By instructing OFR to revise paragraph (e) to read as set forth in the rule, we inadvertently instructed OFR to replace all of paragraph (e), which at the time of publication of the April 19, 2021, rule included subparagraphs (e)(1) and (2), with the text set forth in the rule. However, we did not mean to remove paragraphs (e)(1) and (2) from the CFR; our intention was only to revise the introductory text of paragraph (e).

Accordingly, this rule corrects our inadvertent error by adding paragraphs (e)(1) and (2) back to § 92.31.

Administrative Procedure

We have determined, pursuant to 5 U.S.C. 553(b)(3)(B), that prior notice and opportunity for public comment are impractical and unnecessary. Public comment could not inform this correction process in any meaningful way. We have further determined that, under 5 U.S.C. 553(d)(3), the agency has good cause to make this rule effective upon publication, as it is important for the proper administration of our programs for our regulations in the CFR to be completely and correctly worded.

List of Subjects in 50 CFR Part 92

Hunting, Treaties, Wildlife.

Regulation Promulgation

For the reasons given in the preamble, we amend part 92, of subchapter G of chapter I, title 50 of the Code of Federal Regulations, as follows:

PART 92—MIGRATORY BIRD SUBSISTENCE HARVEST IN ALASKA

- 1. The authority citation for part 92 continues to read as follows:

Authority: 16 U.S.C. 703–712.

- 2. Amend § 92.31 by adding paragraphs (e)(1) and (2) to read as follows:

§ 92.31 Region-specific regulations.

* * * * *

(e) * * *

(1) Season: April 2–June 30 and July 31–August 31 for seabirds; April 2–June 20 and July 22–August 31 for all other birds.

(2) Closure: July 1–July 30 for seabirds; June 21–July 21 for all other birds.

BILLING CODE 4333–15–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 679

[Docket No. 210217–0022]

RTID 0648–XB042

Fisheries of the Exclusive Economic Zone Off Alaska; Greenland Turbot in the Aleutian Islands Subarea of the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS is prohibiting directed fishing for Greenland turbot in the Aleutian Islands subarea of the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary to prevent exceeding the 2021 Greenland turbot initial total allowable catch (ITAC) in the Aleutian Islands subarea of the BSAI.

DATES: Effective 1200 hours, Alaska local time (A.l.t.), May 1, 2021, through 2400 hours, A.l.t., December 31, 2021.

FOR FURTHER INFORMATION CONTACT: Allyson Olds, 907–586–7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management

Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2021 Greenland turbot ITAC in the Aleutian Islands subarea of the BSAI is 765 metric tons (mt) as established by the final 2021 and 2022 harvest specifications for groundfish in the BSAI (86 FR 11449, February 25, 2021). The Regional Administrator has determined that the 2021 ITAC for Greenland turbot in the Aleutian Islands subarea of the BSAI is necessary to account for the incidental catch of this species in other anticipated groundfish fisheries for the 2021 fishing year. Therefore, in accordance with § 679.20(d)(1)(i), the Regional Administrator establishes the directed fishing allowance for Greenland turbot in the Aleutian Islands subarea of the BSAI as zero mt. Consequently, in accordance with § 679.20(d)(1)(iii), NMFS is prohibiting directed fishing for Greenland turbot in the Aleutian Islands subarea of the BSAI.

While this closure is effective the maximum retainable amounts at § 679.20(e) and (f) apply at any time during a trip.

Classification

NMFS issues this action pursuant to section 305(d) of the Magnuson-Stevens Act. This action is required by 50 CFR part 679, which was issued pursuant to section 304(b), and is exempt from review under Executive Order 12866.

Pursuant to 5 U.S.C. 553(b)(B), there is good cause to waive prior notice and an opportunity for public comment on this action, as notice and comment would be impracticable and contrary to the public interest, as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the closure of Greenland turbot in the Aleutian Islands subarea of the BSAI. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of April 22, 2021.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: April 23, 2021.

Kelly Denit,

*Director, Office of Sustainable Fisheries,
National Marine Fisheries Service.*

National Oceanic and Atmospheric Administration

50 CFR Part 679

[Docket No. 210217-0022; RTID 0648-XA961]

Fisheries of the Exclusive Economic Zone Off Alaska; Pacific Cod by Catcher Vessels Using Trawl Gear in the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS is prohibiting directed fishing for Pacific cod by catcher vessels using trawl gear in the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary to prevent exceeding the B season apportionment of the 2021 Pacific cod total allowable catch (TAC) allocated to catcher vessels using trawl gear in the BSAI.

DATES: Effective 1200 hours, Alaska local time (A.l.t.), April 23, 2021, through 1200 hours, A.l.t., June 10, 2021.

FOR FURTHER INFORMATION CONTACT: Krista Milani, 907-581-2062.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI exclusive economic zone according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The B season apportionment of the 2021 Pacific cod TAC allocated to

catcher vessels using trawl gear in the BSAI is 2,717 metric tons (mt) as established by the final 2021 and 2022 harvest specifications for groundfish in the BSAI (86 FR 11449, February 25, 2021).

In accordance with § 679.20(d)(1)(i), the Administrator, Alaska Region, NMFS (Regional Administrator), has determined that the B season apportionment of the 2021 Pacific cod TAC allocated to trawl catcher vessels in the BSAI will soon be reached. Therefore, the Regional Administrator is establishing a directed fishing allowance of 1,700 mt and is setting aside the remaining 1,017 mt as incidental catch to support other anticipated groundfish fisheries. In accordance with § 679.20(d)(1)(iii), the Regional Administrator finds that this directed fishing allowance has been reached. Consequently, NMFS is prohibiting directed fishing for Pacific cod by catcher vessels using trawl gear in the BSAI.

While this closure is effective the maximum retainable amounts at § 679.20(e) and (f) apply at any time during a trip.

Classification

NMFS issues this action pursuant to section 305(d) of the Magnuson-Stevens Act. This action is required by 50 CFR part 679, which was issued pursuant to section 304(b), and is exempt from review under Executive Order 12866.

Pursuant to 5 U.S.C. 553(b)(B), there is good cause to waive prior notice and an opportunity for public comment on this action, as notice and comment would be impracticable and contrary to the public interest, as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the directed fishing closure of Pacific cod by catcher vessels using trawl gear in the BSAI. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of April 22, 2021.

Authority: 16 U.S.C. 1801 *et seq.*
