

action in the importation and sale of such articles. The Commission is therefore interested in receiving written submissions that address the form of remedy, if any, that should be ordered. If a party seeks exclusion of an article from entry into the United States for purposes other than entry for consumption, the party should so indicate and provide information establishing that activities involving other types of entry either are adversely affecting it or are likely to do so. For background, see *In the Matter of: Certain Devices for Connecting Computers Via Telephone Lines*, Inv. No. 337-TA-360, USITC Publication No. 2843 (December 1994) (Commission Opinion).

If the Commission contemplates some form of remedy, it must consider the effects of that remedy upon the public interest. The factors the Commission will consider include the effect that an exclusion order and/or cease and desist order would have on (1) the public health and welfare, (2) competitive conditions in the U.S. economy, (3) U.S. production of articles that are like or directly competitive with those that are the subject of this investigation, and (4) U.S. consumers. The Commission is therefore interested in receiving written submissions that address the aforementioned public interest factors in the context of this investigation.

If the Commission orders some form of remedy, the President has 60 days to approve or disapprove the Commission's action. During this period, the subject articles would be entitled to enter the United States under a bond in an amount determined by the Commission and prescribed by the Secretary of the Treasury. The Commission is therefore interested in receiving written submissions concerning the amount of the bond that should be imposed.

Written Submissions

The parties to the investigation, interested Government agencies, and other interested persons or entities are encouraged to file written submissions on remedy, the public interest, and bonding.

The document constituting the ID also contains the ALJ's recommended determination ("RD") under 19 CFR 210.42(a)(2) concerning remedy and bonding. The ALJ has recommended that the Commission issue a general exclusion order and set the bond at 100 percent of the entered value of the accused imports during the Presidential review period. The parties' written submissions on remedy, the public interest, and bonding may assert their

arguments concerning the RD in accordance with 19 CFR 210.46(a). The Commission also requests that the complainant and the Commission investigative attorney submit proposed remedial orders for the Commission's consideration.

All written submissions and proposed remedial orders must be filed with the Office of the Secretary no later than 5:15 p.m. on Tuesday, July 13, 1999. Reply submissions must be filed no later than 5:15 p.m. on Tuesday, July 20, 1999. No further submissions on remedy, the public interest, and bonding will be permitted unless otherwise ordered by the Commission.

Persons filing written submissions and proposed remedial orders must file the original document and 14 true copies with the Office of the Secretary on or before the deadlines stated above. Any person desiring to submit a document or portion thereof in confidence must request confidential treatment unless the information contained in the document or portion thereof has already been granted such treatment during the investigation. All requests for confidential treatment should be directed to the Secretary of the Commission and must include a full statement of the reasons that the Commission should grant such treatment. See 19 CFR 201.6. All nonconfidential written submissions will be available for public inspection at the Office of Secretary.

Nonconfidential copies of the ID granting the motion for summary determination, the RD on remedy and public interest, all other nonconfidential documents filed in the investigation are or will be available for public inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Commission's Office of the Secretary, Dockets Branch, 500 E Street, S.W., Room 112, Washington, D.C. 20436, telephone 202-205-1802.

On April 12, 1991, the Department of Commerce issued countervailing duty and antidumping duty orders on imports of fresh & chilled Atlantic salmon from Norway (56 FR 14920). The Commission is conducting reviews to determine whether revocation of the orders would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. It will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct full reviews or expedited reviews. The Commission's determinations in any expedited reviews will be based on the facts available, which may include that information provided in response to this notice.
