**Michael J. Armstrong,**  
*Associate Director for Mitigation.*  
 [FR Doc. 99-25807 Filed 10-4-99; 8:45 am]  
 BILLING CODE 6718-04-U

**FEDERAL EMERGENCY MANAGEMENT AGENCY**

**44 CFR Part 67**

**Final Flood Elevation Determinations**

**AGENCY:** Federal Emergency Management Agency (FEMA).

**ACTION:** Final rule.

**SUMMARY:** Base (1% annual chance) flood elevations and modified base flood elevations are made final for the communities listed below. The base flood elevations and modified base flood elevations are the basis for the floodplain management measures that each community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

**EFFECTIVE DATES:** The date of issuance of the Flood Insurance Rate Map (FIRM) showing base flood elevations and modified base flood elevations for each community. This date may be obtained by contacting the office where the maps are available for inspection as indicated on the table below.

**ADDRESSES:** The final base flood elevations for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

**FOR FURTHER INFORMATION CONTACT:** Matthew B. Miller, P.E., Chief, Hazards Study Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-3461, or (email) matt.miller@fema.gov.

**SUPPLEMENTARY INFORMATION:** The Federal Emergency Management Agency (FEMA or Agency) makes final determinations listed below of base flood elevations and modified base flood elevations for each community listed. The proposed base flood elevations and proposed modified base flood elevations were published in newspapers of local circulation and an opportunity for the community or individuals to appeal the proposed determinations to or through the community was provided for a period of ninety (90) days. The proposed base flood elevations and proposed modified

(Catalog of Federal Domestic Assistance No. 83.100, "Flood Insurance")

base flood elevations were also published in the **Federal Register**.

This final rule is issued in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR part 67.

The Agency has developed criteria for floodplain management in floodprone areas in accordance with 44 CFR part 60.

Interested lessees and owners of real property are encouraged to review the proof Flood Insurance Study and Flood Insurance Rate Map available at the address cited below for each community.

The base flood elevations and modified base flood elevations are made final in the communities listed below. Elevations at selected locations in each community are shown.

**National Environmental Policy Act**

This rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Consideration. No environmental impact assessment has been prepared.

**Regulatory Flexibility Act**

The Associate Director, Mitigation Directorate, certifies that this rule is exempt from the requirements of the Regulatory Flexibility Act because final or modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and are required to establish and maintain community eligibility in the National Flood Insurance Program. No regulatory flexibility analysis has been prepared.

**Regulatory Classification**

This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

**Executive Order 12612, Federalism**

This rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

**Executive Order 12778, Civil Justice Reform**

This rule meets the applicable standards of section 2(b)(2) of Executive Order 12778.

**List of Subjects in 44 CFR Part 67**

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR part 67 is amended as follows:

**PART 67—[AMENDED]**

1. The authority citation for part 67 continues to read as follows:

**Authority:** 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

**§ 67.11 [Amended]**

2. The tables published under the authority of § 67.11 are amended as follows:

**FEDERAL COMMUNICATIONS COMMISSION**

**47 CFR Part 64**

[CC Docket No. 96-115; FCC 99-227]

**Telecommunications Carriers' Use of Customer Proprietary Network Information and Other Customer Information**

**AGENCY:** Federal Communications Commission.

**ACTION:** Final rule.

**SUMMARY:** This document establishes rules to implement section 222(e) by requiring all telecommunications carriers to provide subscriber list information gathered in their capacity as providers of telephone exchange service to any person upon request for the purpose of publishing directories in any format, including Internet directories. The intended effect is to further Congress's goals of preventing unfair local exchange carrier (LEC) practices and encouraging the development of competition in directory publishing. **DATES:** Effective December 14, 1999. Written comments by the public on the information collection requirements are due November 4, 1999. OMB must submit written comments on the information collection requirements on or before December 6, 1999.

**FOR FURTHER INFORMATION CONTACT:** William A. Kehoe, Special Counsel, Common Carrier Bureau, Policy and Program Planning Division, (202) 418-1580 or via the Internet at bkehoe@fcc.gov. Further information may also be obtained by calling the Common Carrier Bureau's TTY number: 202-418-0484. For additional information concerning the information collections contained in this Order contact Judy Boley at (202) 418-0214, or via the Internet at jboley@fcc.gov.

**SUPPLEMENTARY INFORMATION:** This is a summary of the Commission's Order adopted August 23, 1999, and released September 9, 1999. The full text of this Third Report and Order is available for inspection and copying during normal business hours in the FCC Reference Center, 445 12th Street, SW, Room CY-A257, Washington, DC The complete text also may be obtained through the World Wide Web, at <http://www.fcc.gov/Bureaus/Common Carrier/Orders/fcc99227.wp>, or may be purchased from the Commission's copy contractor, International Transcription Service, Inc., (202) 857-3800, 1231 20th St., NW, Washington, DC 20036. This Order contains information collections subject to the Paperwork Reduction Act of 1995 (PRA). It has been submitted to the Office of Management and Budget (OMB) for review under the PRA. The general public and other federal agencies are invited to comment on the information collections contained in this proceeding.

**Regulatory Flexibility Certification**

As required by the Regulatory Flexibility Act, the Order contains a Final Regulatory Flexibility Analysis which is set forth in an Appendix to the Order. A brief description of the analysis follows. Pursuant to section 604 of the Regulatory Flexibility Act, the Commission performed a comprehensive analysis of the Order with regard to small entities. This analysis includes: (1) A succinct statement of the need for, and objectives of, the Commission's decisions in the Order; (2) A summary of the significant issues raised by the public comments in response to the initial regulatory flexibility analysis, a summary of the Commission's assessment of these issues, and a statement of any changes made in the Order as a result of the comments; (3) A description of and an estimate of the number of small entities to which the Order will apply; (4) A description of the projected reporting, recordkeeping and other compliance
