#### Approval and Promulgation of Implementation Plans, North Carolina: Approval of Revisions to the North Carolina State Implementation Plan

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** On March 3, 1995, the State of North Carolina, through the North Carolina Department of Environment, Health and Natural Resources, submitted revisions to the North Carolina State Implementation Plan (SIP). These revisions include the adoption of three source-specific volatile organic compound rules; 15A NCAC 2D .0955, Thread Bonding Manufacturing, .0956, Glass Christmas Ornament Manufacturing, and .0957 Commercial Bakeries.

On May 24, 1995, North Carolina submitted additional revisions to their SIP. These revisions delete textile coating, Christmas ornament manufacturing, and bakeries from the list of sources that must follow interim standards, define di-acetone alcohol as a non-photochemically reactive solvent, and place statutory requirements for adoption by reference for referenced ASTM methods into a single rule rather than each individual rule that references ASTM methods. Revisions to 15A NCAC 2D .0902 Applicability; .0907 Compliance Schedules For Sources In

Nonattainment Areas; .0910 Alternative Compliance Schedules; .0911 Exception From Compliance Schedules; .0952 Petition For Alternative Controls; .0954 Stage II Vapor Recovery; 1401-.1415; Reasonably Available Control Technology for Sources of Nitrogen Oxides (Nox RACT); .1501-.1504 Transportation Conformity; and .1601-.1603; General Conformity are being addressed in separate Federal Register Notices.

In the final rules section of this Federal Register, the EPA is approving the State's SIP revision as a direct final rule without prior proposal because the EPA views this as a noncontroversial revision amendment and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this proposed rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.

**DATES:** To be considered, comments must be received by March 4, 1996.

**ADDRESSES:** Written comments on this action should be addressed to Mr. Randy Terry at the EPA Regional Office listed below.

Copies of the documents relative to this action are available for public inspection during normal business hours at the following locations. The interested persons wanting to examine these documents should make an appointment with the appropriate office at least 24 hours before the visiting day.

#### Approval and Promulgation of Implementation Plans; North Carolina: Approval of Revisions to the North Carolina State Implementation Plan

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** On August 15, 1994, and May 24, 1995, the State of North Carolina, through the North Carolina Department of Environment, Health and Natural Resources, submitted revisions to the North Carolina State Implementation Plan (SIP). These revisions are the adoption of new air quality rules, amendments to existing air quality rules, and repeals of existing air quality rules. In the final rules section of this Federal Register, the EPA is approving the State's SIP revision as a direct final rule without prior proposal because the EPA views this as a noncontroversial revision amendment and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to that direct final rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final based on this proposed rule. The EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.

**DATES:** To be considered, comments must be received by March 4, 1996.

**ADDRESSES:** Written comments on this action should be addressed to Mr. Randy Terry at the EPA Regional Office listed below.

Copies of the documents relative to this action are available for public inspection during normal business hours at the following locations. The interested persons wanting to examine

these documents should make an appointment with the appropriate office at least 24 hours before the visiting day.

#### Approval and Promulgation of Air Quality Implementation Plans, and Designation of Areas for Air Quality Planning Purposes; Ohio

**AGENCY:** Environmental Protection Agency (USEPA).

**ACTION:** Proposed rule.

**SUMMARY:** The USEPA proposes to approve the ozone State Implementation Plan (SIP) revision and redesignation requests submitted by the State of Ohio for the purpose of redesignating Franklin, Delaware, and Licking Counties (Columbus area) from nonattainment to attainment for ozone; and revise Ohio's SIP to include a 1990 base-year ozone precursor emissions inventory for the Columbus ozone nonattainment area. In the final rules section of this Federal Register, the USEPA is approving this action as a direct final rule without prior proposal because USEPA views this as a noncontroversial action and anticipates no adverse comments. A detailed rationale for the approval is set forth in

the direct final rule. If no adverse comments are received in response to that direct final rule, no further activity is contemplated in relation to this proposed rule. If USEPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on the proposed rule. It should be noted, however, that an adverse or critical comment on the direct final approval of the Columbus area redesignation request or maintenance plan will not result in a withdrawal of the direct final approval of the Columbus emission inventory, unless USEPA receives adverse or critical comments on the emission inventory approval, as well. USEPA will not institute a second comment period on this action. Any parties interested in commenting on this document should do so at this time.

**DATES:** Comments on this proposed rule must be received on or before March 4, 1996.

**ADDRESSES:** Written comments should be mailed to: J. Elmer Bortzer, Chief, Regulation Development Section, Regulation Development Branch (AR18-J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

Copies of the State submittal and USEPA's analysis of it are available for inspection at: Regulation Development Section, Regulation Development Branch (AR18-J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

**FOR FURTHER INFORMATION CONTACT:** William Jones, Regulation Development Section, Regulation Development Branch (AR18-J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 886-6058.

**SUPPLEMENTARY INFORMATION:** For additional information see the direct final rule published in the rules section of this Federal Register.

Dated: November 30, 1995.

BILLING CODE 6560-50-P

#### FEDERAL EMERGENCY MANAGEMENT AGENCY

#### 44 CFR Part 62

RIN 3067-AC40

#### National Flood Insurance Program; Audit Program Revision

**AGENCY:** Federal Insurance Administration (FEMA).

**ACTION:** Proposed rule.

**SUMMARY:** The Federal Insurance Administration (FIA) proposes to amend its regulations regarding the manner in which its audits are conducted under the National Flood Insurance Program's (NFIP) Write Your Own (WYO) Program. The intent of the proposed regulations is to develop a comprehensive, less burdensome, more efficient audit program. FIA anticipates that these revisions will result in greater economy of resources and new savings to the NFIP public.

**DATES:** We invite your comments and ask that you submit them no later than March 18, 1996.

**ADDRESSES:** Please submit written comments to the Rules Docket Clerk, Office of the General Counsel, Federal Emergency Management Agency, 500 C Street, SW., room 840, Washington, DC 20472, (fax) (202) 646-4536.

**FOR FURTHER INFORMATION CONTACT:** Roland E. Holland, Federal Insurance Administration, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-3439.

**SUPPLEMENTARY INFORMATION:** Recently, after reviewing the programs and services provided to the NFIP public, the Federal Insurance Administrator concluded that the services currently being provided could be enhanced and improved by revising the audit procedures. As a result, FIA intends to discontinue the self-audit program, along with the triennial claims and underwriting operations reviews. The "triennial" audit will be revised to be conducted on a biennial basis, and expanded to encompass greater claims and underwriting audits that are to be conducted by Certified Public Accountant (CPA) firms, selected by the WYO companies, at the companies' expense. These changes are being made to facilitate improved management control over the audit process. FIA believes these efforts will result in appreciable program savings to both the WYO companies and the FIA.

National Environmental Policy Act

This proposed rule is categorically excluded from the requirements of 44
