Creek, and Isom District Regulator Stations (DRS) and appurtenant facilities located in Summit County, Utah, and Lincoln and Uinta Counties, Wyoming, under the blanket certificate issued in Docket No. CP82-491-000, pursuant to Section 7(b) of the Natural Gas Act, all as more fully set forth in the request which is on file with the Commission and open to public inspection.

Questar states that Mountain Fuel Supply Company (Mountain Fuel), the only customer served through these facilities, supports the abandonment of the subject facilities. Mountain Fuel has installed a low-pressure distribution line adjacent to the Pace and Isom DRSs to service existing residential customers as well as small commercial customers. Questar asserts that the end-user, Exxon Company, U.S.A., has made other supply arrangements for its plant-fuel requirements. Questar notes that Mountain Fuel has not utilized the Shute Creek facilities since 1991. Questar states that the total gross investment associated with the facilities proposed to be abandoned is \$66,870.
