[Project No. 1988-007]

Pacific Gas & Electric Company; Notice of Proposed Restricted Service List for a Programmatic Agreement for Managing Properties Included in or Eligible for Inclusion in the National Register of Historic Places

January 6, 1997.

Rule 2010 of the Commission's Rules of Practice and Procedure provides that, to eliminate unnecessary expense or improve administrative efficiency, the Secretary may establish a restricted service list for a particular phase or issue in a proceeding (18 CFR 385.2010). The restricted service list should contain the names of persons on the service list who, in the judgment of the decisional authority establishing the list, are active participants with respect to the phase or issue in the proceeding for which the list is established.

The Commission is consulting with the California Office of Historic Preservation (hereinafter, "SHPO") and the Advisory Council on Historic Preservation (hereinafter, "Council") pursuant to the Council's regulations, 36 CFR Part 800, implementing § 106 of the National Historic Preservation Act, as amended (16 U.S.C. § 470f), to prepare a programmatic agreement for managing historic properties—i.e., those included in, or eligible for inclusion in, the National Register of Historic Places—that may be affected by a license issuing for Project No. 1988.

The programmatic agreement, when executed by the Commission, the SHPO, and the Council, would satisfy the Commission's § 106 responsibilities for all individual undertakings carried out in accordance with the license until the license expires or is terminated.

The Commission's responsibilities pursuant to the § 106 for Project No. 1988 would be fulfilled through one programmatic agreement which the Commission proposes to draft in consultation with certain parties listed below. The executed programmatic agreement would be incorporated into any order issuing license.

Thus, we propose, as an initial consideration, to restrict the service list to the SHPO and the Council, with
