

1996). These rules implement provisions of Pub. L. No. 104-79, which amended the Federal Election Campaign Act of 1971, 2 U.S.C. 431 et seq. ["FECA"], to require, inter alia, that the Commission create a system to "permit reports required by this Act to be filed and preserved by means of computer disk or any other electronic format or method, as determined by the Commission." Federal Election Campaign Act of 1971, Amendment, Pub. L. No. 104-79, section 1(a), 109 Stat. 791 (December 28, 1995).

The rules being put into effect today as final rules have been in effect as interim rules since January 1, 1997. See 61 FR 58460 (Nov. 15, 1997). The Commission put these rules into effect as interim rules in order to meet the statutory deadline set out in section 1(c) of Pub. L. No. 104-79. The Commission originally expected to be able to meet this deadline when it approved these rules on August 9, 1996, and sent them to Congress for legislative review. 61 FR 42371 (Aug. 15, 1996). However, Congress adjourned sine die on October 4, 1996, before the expiration of the legislative review period. Therefore, the Commission put the rules into effect as interim rules, and resubmitted the rules for review in the 105th Congress.

Since these rules are not major rules within the meaning of 5 U.S.C. 804(2), the FECA controls the legislative review process. See 5 U.S.C. 801(a)(4), Small Business Regulatory Enforcement Fairness Act, Pub. L. No. 104-121, section 251, 110 Stat. 857, 869 (1996). Section 438(d) of the FECA requires that any rules or regulations prescribed by the Commission to carry out the provisions of Title 2 of the United States Code be transmitted to the Speaker of the House of Representatives and the President of the Senate 30 legislative days before they are finally promulgated. Thirty legislative days expired in the House of Representatives on April 15, 1997. Thirty legislative days expired in the Senate on March 14, 1997.

Announcement of Effective Date: 11 CFR 104.17 and 104.18, as published at 61 FR 42371 (Aug. 15, 1996), are effective as final rules as of April 28, 1997.

Dated: April 22, 1997.

Chairman, Federal Election Commission.

FEDERAL RESERVE SYSTEM

12 CFR Parts 207, 220, 221 and 224

[Regulations G, T, U and X]

Securities Credit Transactions; List of Marginable OTC Stocks; List of Foreign Margin Stocks

AGENCY: Board of Governors of the Federal Reserve System.

ACTION: Final rule; determination of applicability of regulations.

SUMMARY: The List of Marginable OTC Stocks (OTC List) is composed of stocks traded over-the-counter (OTC) in the United States that have been determined by the Board of Governors of the Federal Reserve System to be subject to the margin requirements under certain Federal Reserve regulations. The List of Foreign Margin Stocks (Foreign List) is composed of foreign equity securities that have met the Board's eligibility criteria under Regulation T. The OTC List and the Foreign List are published four times a year by the Board. This document sets forth additions to and deletions from the previous OTC List and the previous Foreign List.

EFFECTIVE DATE: May 12, 1997.

FOR FURTHER INFORMATION CONTACT: Peggy Wolfrum, Securities Regulation Analyst, Division of Banking Supervision and Regulation, (202) 452-2781, Board of Governors of the Federal Reserve System, Washington, D.C. 20551. For the hearing impaired only, contact Diane Jenkins, Telecommunications Device for the Deaf (TDD) at (202) 452-3544.

SUPPLEMENTARY INFORMATION: Listed below are the deletions from and additions to the Board's OTC List, which was last published on January 27, 1997 (62 FR 3773), and became effective February 10, 1997. A copy of the complete OTC List is available from the Federal Reserve Banks.

The OTC List includes those stocks traded over-the-counter in the United States that meet the criteria in Regulations G, T and U (12 CFR Parts 207, 220 and 221, respectively). This determination also affects the applicability of Regulation X (12 CFR Part 224). These stocks have the degree of national investor interest, the depth and breadth of market, and the availability of information respecting the stock and its issuer to warrant regulation in the same fashion as exchange-traded securities. The OTC List also includes any OTC stock designated for trading in the national market system (NMS security) under rules approved by the Securities and

Exchange Commission (SEC). Additional OTC stocks may be designated as NMS securities in the interim between the Board's quarterly publications. They will become automatically marginable upon the effective date of their NMS designation. The names of these stocks are available at the SEC and at the National Association of Securities Dealers, Inc. and will be incorporated into the Board's next quarterly publication of the OTC List.

Also listed below are the deletions from and additions to the Foreign List which was last published on January 27, 1997 (62 FR 3773) and became effective February 10, 1997. A copy of the complete Foreign List is available from the Federal Reserve banks.

Public Comment and Deferred Effective Date

The requirements of 5 U.S.C. 553 with respect to notice and public participation were not followed in connection with the issuance of this amendment due to the objective character of the criteria for inclusion and continued inclusion on the Lists specified in 12 CFR 207.6 (a) and (b), 220.17 (a), (b), (c) and (d), and 221.7 (a) and (b). No additional useful information would be gained by public participation. The full requirements of 5 U.S.C. 553 with respect to deferred effective date have not been followed in connection with the issuance of this amendment because the Board finds that it is in the public interest to facilitate investment and credit decisions based in whole or in part upon the composition of these Lists as soon as possible. The Board has responded to a request by the public and allowed approximately a two-week delay before the Lists are effective.

SUPPLEMENTARY INFORMATION: In a notice published in the **Federal Register** of July 18, 1996 (61 FR 37484), FDA announced that a food additive petition (FAP 6B4511) had been filed by Toyobo Co., Ltd., 2-1-1 Hon Katata Otsu, Shiga 520-02, Japan. The petition proposed to amend the food additive regulations in § 177.1500 *Nylon resins* (21 CFR 177.1500) to provide for the safe use of 1,4-benzenedicarboxylic acid, polymer with 1,4-butanediol, (Σ)-2-butenedioic acid, 1,2-ethanediol, ethyl 2-propenoate, hexanedioic acid, and 2-propenoic acid, graft, in Nylon 6 and Nylon 6 modified with Nylon MXD-6 articles intended for use in contact with food. The graft resins of this type are generically called copolyester-graft-acrylate copolymer.

During the agency's review of the petition, the agency observed that the

nomenclature for (Σ)-2-butenedioic acid was incorrect. The correct nomenclature is (*E*)-2-butenedioic acid. This document uses the correct designation for the subject component in the codified final rule.

FDA has evaluated data in the petition and other relevant material. The agency concludes that the proposed use of the additive is safe, that the additive will have its intended technical effect, and therefore, that the regulations in § 177.1500 should be amended as set forth below.

In accordance with § 171.1(h) (21 CFR 171.1(h)), the petition and the documents that FDA considered and relied upon in reaching its decision to approve the petition are available for inspection at the Center for Food Safety and Applied Nutrition by appointment with the information contact person listed above. As provided in § 171.1(h), the agency will delete from the documents any materials that are not available for public disclosure before making the documents available for inspection.

The agency has carefully considered the potential environmental effects of this action. FDA has concluded that the action will not have a significant impact on the human environment, and that an environmental impact statement is not required. The agency's finding of no significant impact and the evidence supporting that finding, contained in an environmental assessment, may be seen in the Dockets Management Branch (address above) between 9 a.m. and 4 p.m., Monday through Friday. No comments were received during the 30-day comment period specified in the filing notice for comments on the environmental assessment submitted with the petition.

Any person who will be adversely affected by this regulation may at any time on or before May 28, 1997, file with the Dockets Management Branch (address above) written objections thereto. Each objection shall be separately numbered, and each numbered objection shall specify with particularity the provisions of the regulation to which objection is made and the grounds for the objection. Each numbered objection on which a hearing is requested shall specifically so state. Failure to request a hearing for any particular objection shall constitute a waiver of the right to a hearing on that objection. Each numbered objection for which a hearing is requested shall include a detailed description and analysis of the specific factual information intended to be presented in support of the objection in the event that a hearing is held. Failure to include

such a description and analysis for any particular objection shall constitute a waiver of the right to a hearing on the objection. Three copies of all documents shall be submitted and shall be identified with the docket number found in brackets in the heading of this document. Any objections received in response to the regulation may be seen in the Dockets Management Branch between 9 a.m. and 4 p.m., Monday through Friday.

(c) *Nylon modifier*—(1) *Identity*. Copolyester-graft-acrylate copolymer is the substance 1,4-benzenedicarboxylic acid, polymer with 1,4-butanediol, (*E*)-2-butenedioic acid, 1,2-ethanediol, ethyl 2-propenoate, hexanedioic acid and 2-propenoic acid, graft (CAS Reg. No. 175419-23-5), and is derived from grafting of 25 weight percent of acrylic polymer with 75 weight percent of copolyester. The copolyester is polymerized terephthalic acid (55 mol%), adipic acid (40 mol%), and fumaric acid (5 mol%) with ethylene glycol (40 mol%) and 1,4-butanediol (60 mol%). The acrylic polymer is made from acrylic acid (70 mol%) and ethyl acrylate (30 mol%).

(2) *Specifications*. The finished copolyester-graft-acrylate copolymer shall meet the following specifications:

- (i) Weight average molecular weight 15,000-35,000,
- (ii) pH 7.2 to 8.2, and
- (iii) Glass transition temperature -15 to -25 °C.
