

The scope of this order covers both assembled and unassembled EPGTS from Japan. Because of their large size, EPGTS and their constituent parts are typically shipped partially assembled (or unassembled) to their destination where they are assembled and/or completed prior to their commissioning.

The scope of this order also covers "complete and incomplete" EPGTS from Japan. A "complete" EPGTS covered by the scope consists of all of the components of an EPGTS (*i.e.*, process gas compressor(s), driver(s), auxiliary control system(s) and lubrication system(s)) and their constituent parts, which are imported from Japan in assembled or unassembled form, individually or in combination, pursuant to a contract for a complete EPGTS in the United States. An "incomplete" EPGTS covered by the scope of this order consists of parts of an EPGTS imported from Japan pursuant to a contract for a complete EPGTS in the United States, which taken altogether, constitute at least 50 percent of the cost of manufacture of the complete EPGTS of which they are a part. (*See Comment 1* of the "Interested Party Comments" section of the final determination notice (62 FR 24394, May 5, 1997) for a discussion on the definition of "incomplete EPGTS" covered by the scope of this order and the methodology the Department will use to calculate the cost of manufacture.)

EPGTS imported from Japan as an assembly or train (*i.e.*, including turbines, compressors, motor and gear boxes, control systems and lubrication systems, and auxiliary equipment) may be classified under Harmonized Tariff Schedule of the United States ("HTSUS") subheading 8414.80.2015, which provides for centrifugal and axial compressors. The Customs Service may view the combination of turbine driver and compressor as "more than" a compressor and, as a result, classify the combination under HTSUS subheading 8419.60.5000.

Compressors for use in EPGTS, if imported separately, may also be classified under HTSUS subheading 8414.80.2015. Parts for such compressors, including rotors or impellers and housing, are classified under HTSUS subheading 8414.90.4045 and 8414.90.4055.

Steam turbines for use in EPGTS, if imported separately, may be classified under the following HTSUS subheadings: 8406.81.1020 (steam turbines, other than marine turbines, stationary, condensing type, of an output exceeding 40 MW); 8406.82.1010 (steam turbines, other than marine

turbines, stationary, condensing type, exceeding 7,460 Kw); 8406.82.1020 (steam turbines, other than marine turbines, stationary, condensing type, exceeding 7,460 Kw, but not exceeding 40 MW); 8406.82.1050 (steam turbines, other than marine turbines, stationary, other than condensing type, not exceeding 7,460 Kw); 8406.82.1070 (steam turbines, other than marine turbines, stationary, other than condensing type, exceeding 7,460 Kw, but not exceeding 40 MW). Parts for such turbines are classified under HTSUS subheading 8406.90.2000 through 8406.90.4580.

Control and other auxiliary systems may be classified under HTSUS 9032.89.6030 ("automatic regulating or controlling instruments and apparatus: complete process control systems").

Motor and gear box entries may be classified under HTSUS subheading 8501.53.4080, 8501.53.6000, 8501.53.8040, or 8501.53.8060. Gear speed changers used to match the speed of an electric motor to the shaft speed of a driven compressor, would be classified under HTSUS subheading 8483.40.5010.

Lubrication systems may be classified under HTSUS subheading 8414.90.4075.

Although the HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope of this order is dispositive.

Antidumping Duty Order

On June 10, 1997, the International Trade Commission (ITC) notified the Department of its final determination, pursuant to section 735(b)(1)(A)(i) of the Act, that an industry in the United States is materially injured by reason of imports of the subject merchandise from Japan.

In accordance with section 736(a)(1) of the Act, the Department will direct Customs officers to assess, upon further advice by the administering authority, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the constructed export price of the merchandise for all entries of EPGTS from Japan. These antidumping duties will be assessed on all unliquidated entries of EPGTS from Japan entered, or withdrawn from warehouse, for consumption on or after December 10, 1996, the date on which the Department published its preliminary determination in the **Federal Register** (61 FR 65013). On or after the date of publication of this notice in the **Federal Register**, Customs officers must require, at the same time as importers would normally deposit estimated duties on this merchandise, a cash deposit equal to the estimated

weighted-average antidumping duty margins as noted below. The "All Others" rate applies to all exporters of EPGTS not specifically listed below.

The ad valorem weighted-average dumping margins are as follows:

Manufacturer/producer/exporter	Revised margin percentage
Mitsubishi Heavy Industries/ Mitsubishi Corporation	38.32
All Others	38.32

This notice constitutes the antidumping duty order with respect to EPGTS from Japan, pursuant to section 736(a) of the Act. Interested parties may contact the Central Records Unit, Room B-099 of the Main Commerce Building, for copies of an updated list of antidumping duty orders currently in effect.

This order is published pursuant to section 736(a) of the Act and 19 CFR 353.21.

Dated: June 10, 1997.

Robert S. LaRussa,
Acting Assistant Secretary for Import Administration.

DEPARTMENT OF COMMERCE

International Trade Administration

Secretarial Business Development Mission to Canada.

AGENCY: International Trade Administration, Commerce.

ACTION: Notice.

SUMMARY: This notice serves to inform the public of a Secretarial Business Development Mission to Canada, August 3-7, 1997 ("the mission" or "trade mission") and the opportunity to apply for participation in the mission; sets forth objectives, procedures, and participation criteria for the mission; and requests applications.

DATES: Applications should be submitted to Cheryl Bruner by Monday, June 30, 1997, in order to ensure sufficient time to obtain in-country appointments for applicants selected to participate in the mission. Applications received after that date will be considered only if space and scheduling constraints permit. The mission to Canada is scheduled August 3-7, 1997.

ADDRESSES: Request for and submission of applications—Applications are available from: Cheryl Bruner, Director of the Office of Business Liaison or Jennifer Johnson at 202-482-1360 or via

facsimile at 202-482-4054. Numbers listed in this notice are not toll-free. The Original of the required application materials should be sent to Cheryl Bruner as noted above. Applications sent by facsimile must be immediately followed by submission of the original application to Ms. Bruner at the following address: Office of Business Liaison, Room 5062, U.S. Department of Commerce, 14th and Constitution, N.W., Washington, D.C. 20230.

FOR FURTHER INFORMATION CONTACT: Cheryl Bruner or Jennifer Johnson at 202-482-1360. Information is also available via the International Trade Administration's (ITA) Internet home page at "http://www.ita.doc.gov/uscs/doctm".

SUPPLEMENTARY INFORMATION:

Trade Mission Description

Secretary of Commerce, William M. Daley, will lead a trade mission to Canada in August with a U.S. business delegation. The mission to Canada will include stops in Montreal, Ottawa, Toronto, and possibly Vancouver. The overall focus of the trip will be to promote expanded trade opportunities for U.S. technology firms afforded under the North American Free Trade Agreement (NAFTA). With stops in Montreal, Ottawa, Toronto and possibly Vancouver, the Secretary's mission will cover the largest and most dynamic markets for U.S. technology products in Canada focusing on commercial opportunities for small and medium-sized U.S. firms. Specific sectors to be highlighted include computer software, computers and peripherals, electronic components, aerospace equipment, pollution control equipment, telecommunications equipment and related services, all of which are included in Canada's key growth sectors for U.S. products over the next 12 months. The Commerce Department's U.S. and Foreign Commercial Service will provide logistical support for these activities at each stop. The itinerary for the Canada Mission will be as follows:

August 3 (Sun)—Arrive Montreal
 August 4 (Mon)—Montreal
 August 5 (Tues)—Leave Montreal
 Arrive/Depart Ottawa
 Arrive Toronto
 August 6 (Wed)—Toronto
 Depart Toronto
 August 7 (Thurs)—Vancouver (possible business delegation participation) Mission Concludes

The goals for the mission are:

- Increase sales of U.S. products and services to Canada with focus in the areas of computers, software and peripherals; electronic components;

pollution control equipment, telecommunications equipment and related services;

- Seek resolution of outstanding bilateral commercial issues where appropriate, discuss multilateral issues of mutual interest and advocate U.S. interests regarding specific government procurements;
- Highlight opportunities for U.S. technology exports to America's largest and most accessible trading partner, particularly for the U.S. Small and Medium Size Enterprises (SME);
- Introduce participating U.S. companies to Canadian federal and provincial leaders and to representatives of U.S. firms in Canada;
- Promote U.S.-Canadian cooperation in pursuing strategic alliance opportunities in third-countries leading to the expansion of U.S. exports; and
- Highlight achievements under NAFTA and this Administration's commitment to its continued implementation.

A full description of the mission is set forth in the Mission Statement, which is available from Cheryl Bruner, Director of the Office of Business Liaison, at the above address.

Trade Mission Participation Criteria

The recruitment and selection of private sector participants in the mission will be conducted according to the Statement of Policy Governing Department of Commerce Overseas Trade Missions announced by Secretary Daley on March 3, 1997 and reflected herein. Company representatives should be senior level executives appropriate to the goals of the mission with authority to execute sales and other marketing agreements. Company participation will be determined on the basis of:

- Consistency of the company's goals with the scope and desired outcome of the mission as described herein;
- Relevance of a company's business line to the plan for the mission;
- Past, present and prospective business activity in Canada;
- Diversity of company size, type, location, demographics and traditional under-representation in business.

An applicant's partisan political activities (including political contributions) are irrelevant to the selection process. An interested party must fill out an application to be considered for participation in the mission.

Endorsements/Referrals

Third parties may nominate or endorse potential applicants, but companies that are nominated or endorsed must themselves submit an

application to be eligible for consideration. Referrals from political organizations will not be considered.

Costs

The fees to participate in the mission have not yet been determined, and will be based on the number of participants and participation in all three, or possibly four stops. The fees will not cover travel, lodging, or other personal expenses.

Authority: 15 U.S.C. 1512.

Dated: June 10, 1997.

Anita K. Blackman,

Acting Regional Director, Office of International Operations-Western Hemisphere, U.S. and Foreign Commercial Service.
