

sales consummated on a securities exchange subject to last-sale reporting.

On a monthly basis, the NASD will calculate the Section 31 fees for each NASD member clearing firm based upon the transaction data submitted to the NASD's Automated Confirmation Transaction Service ("ACT"). The NASD will generate customer invoices and an invoice summary register that it will deliver to SCCP immediately following the end of each month. Upon receipt, SCCP will distribute the NASD generated invoices to NASD clearing firms that have a primary clearing relationship with SCCP. SCCP will collect each member's Section 31 fee as a part of SCCP's normal settlement process. The day following collection of the Section 31 fees, SCCP will remit a check to the NASD for the total amount collected minus a \$100 service charge.

SCCP states that proposed collection procedures comply with Section 17A of the Act because it will foster cooperation and coordination with persons engaged in the clearance and settlement of securities transactions.

(B) Self-Regulatory Organization's Statement on Burden on Competition

SCCP does not perceive any burdens on competition as a result of the proposed rule change.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Section 17A(b)(3)(A) of the Act⁴ requires that a clearing agency is organized and has the capacity to comply with the provisions of this title and the rule and regulations thereunder. The Commission believes that SCCP's proposed rule change is consistent with this section because the proposed rule change should facilitate the NASD in fulfilling its obligation to collect Section 31 fees under the National Securities Markets Improvement Act of 1996.

SCCP has requested that the Commission find good cause for approving the proposed rule change prior to the thirtieth day after the date of publication of notice of filing. The Commission finds good cause for approving the proposed rule change prior to the thirtieth day after the date of publication of notice of filing because

the proposal will permit SCCP to immediately begin collecting these Section 31 fees for the NASD.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Section, 450 Fifth Street, NW., Washington, DC 20549. Copies of such filing also will be available for inspection and copying at SCCP. All submissions should refer to File No. SR-SCCP-96-14 and should be submitted by March 19, 1997.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act, that the proposed rule change (File No. SR-SCCP-96-14) be, and hereby is, approved.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.⁵

Margaret H. McFarland,
Deputy Secretary.
