Request for Industry Input Meeting on Type Approval of Differential Global Positioning (DGPS) Ground Stations

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of meeting.

SUMMARY: The FAA requests information and assistance in exploring various methods and criteria for installation, evaluation, flight inspection, and commissioning of commercially developed Special Category I (SCAT-I) ground facilities designed to provide local area augmentation to the Global Position System (GPS) for private use instrument approach and landing procedures. The FAA will host a meeting of interested parties to provide a forum for information exchange that will assist the agency in evaluating the technical merits, efficiency, and cost effectiveness of the alternative methods under consideration. In addition, interested parties are invited to propose other methods or criteria, not identified in this notice but worthy of consideration, that may improve or expedite the installation, evaluation, flight inspection, and commissioning process. The methods identified thus far for consideration by the FAA are:

- Mathematical modeling and predictive analysis
