

letter within the proper time period from that RespOrg making that request along with a clear and legible copy of the letter that the 800 subscriber sent to its RespOrg or Toll Free Service Provider expressing interest in obtaining that 888 number. Those 888 numbers placed in the control of the appropriate RespOrgs should be assigned to the appropriate subscribers no later than 90 days from 877 deployment.

If the 800 subscriber is not interested in obtaining the set-aside 888 number, that 888 number shall be released into the spare pool of available numbers, 90 days after deployment of 877, for assignment on a first-come, first-served basis. We require that DDMI release any 888 set-aside number into the spare pool of available numbers only if one of three events occur: (1) DDMI receives a letter from the RespOrg authorizing DDMI to release that particular 888 number along with a clear and legible copy of the letter that the current 800 subscriber sent to its RespOrg or Toll Free Service Provider refusing that 888 number; (2) DDMI receives a letter from the RespOrg certifying that the RespOrg notified the 800 subscriber and the subscriber failed to respond within the required period of time; or (3) the 800 number corresponding to the 888 set-aside number is not assigned to a subscriber.

Finally, we direct DDMI to place all "877-555-XXXX" numbers in unavailable status along with the "888-555-XXXX" numbers until the Commission has reached a decision on the issues related to the development of competitive directory assistance service.

Paperwork Reduction Act Notice: On March 27, 1998, the Commission adopted an *Order and Memorandum Opinion and Order*, (CC Docket 95-155), FCC 98-48 ("Fourth Report and Order") resolving how vanity numbers should be assigned. The Commission delegated authority to the Bureau to resolve those issues necessary for the assignment of the 888 set-aside vanity numbers and implementation of 877, including conservation plans, if needed on any or all toll free codes in use to prevent exhaust of toll free numbers before deployment of the next toll free code. The Commission concluded that vanity numbers in the 877 toll free code, and toll free codes beyond 877, shall be released and made available on a first-come, first-served basis as each toll free code is deployed. The Commission further concluded that 800 subscribers holding 800 vanity numbers that correspond to the 888 vanity numbers that were initially set aside shall be offered a right of first refusal to those 888 set-aside numbers. If the 800 subscriber refrains from exercising its option to reserve the corresponding 888 vanity number, that number shall be released and made available on a first-come, first-served basis. The 888 set-aside numbers are to be made available for assignment 90 days after the 877 code is deployed. The requirements are necessary to ensure that toll free subscribers are given notice and opportunity to reserve numbers of their choice. Your response is required.
