## Distribution of Fiscal Year 1998 Contract Support Funds

**AGENCY:** Bureau of Indian Affairs, Interior.

**ACTION:** Notice of method of distribution and use of Fiscal Year (FY) 1998 contract support funds (CSF).

summary: The purpose of this announcement is to issue the Bureau of Indian Affairs (BIA) administrative instructions for the implementation of Public Law (Pub. L.) 93–638 as amended by Pub. L. 103–413, the Indian Self-Determination Act Amendments of 1994 (the Act). These administrative instructions are designed to provide BIA personnel with assistance in carrying out their responsibilities when distributing CSF. These instructions are not regulations establishing program requirements.

DATES: The CSF Needs Report of ongoing/existing contracts and annual funding agreements are due on July 15, 1998. The CSF Needs Reports for new and expanded contracts and annual funding agreements are due periodically throughout the year as the need arises. All new and expanded contracts and annual funding agreements starting between October 1, 1997, and January 1, 1998, will be considered to have a January 1, 1998, start date.

ADDRESSES: Bureau of Indian Affairs, Division of Self-Determination Services, 1849 C Street, N.W., MS–2526–MIB, Washington, D.C. 20240.

**FOR FURTHER INFORMATION CONTACT:** Jim Thomas, Chief, Division of Self-Determination Services, Telephone (202) 208–5727.

SUPPLEMENTARY INFORMATION: A total of \$110,829,000 is available for contract support requirements (excluding construction requirements) during FY 1998. Congressional language sets a ceiling on the amount of CSF available in FY 1998. Of this amount \$105,829,000 is available for contract

support requirements associated with FY 1998 costs of ongoing selfdetermination and self-governance awards for programs under contract prior to FY 1998. The balance of \$5,000,000 is provided to continue the Indian Self-Determination (ISD) Fund to provide contract support for new and expanded contracts and annual funding agreements first entered into in FY 1998. Each BIA Area Office and the Office of Self-Governance (hereinafter office) has the responsibility for tribes located within their respective area to work with the tribes in identifying new and expanded contracts and annual funding agreements and reporting this information to the Division of Self-Determination Services as specified in this announcement. CSF shall be added to awards made under Sec. 102 and Title IV of the Indian Self-Determination and Education Assistance Act, as amended. Awards made under the authority of Sec. 103 of this Act shall not receive CSF to meet indirect costs, as contract support provisions do not apply to Sec. 103 grants.

### **Basis for Payment of CSF**

The BIA may only pay indirect costs attributable to programs included in the Bureau's Pub. L. 93–638 contracts.

BIA will utilize tribal indirect cost rates to determine the amount of CSF to be paid to eligible contracting tribes and tribal organizations and eligible selfgovernance tribes and tribal consortia. In determining legitimate indirect cost requirements each area and selfgovernance director should fund only those contracting or compacting tribal organizations that have an approved indirect cost rate or indirect cost proposal currently under consideration by the Office of Inspector General. In those instances where a tribe or tribal organization has more than one approved rate or a current proposal under consideration by the Office of the Inspector General, the director should use the most current rate or pending proposal in determining the amount to award. For those tribes who are unable to negotiate an indirect cost rate because of circumstances beyond their control (i.e., which do not have the administrative capability to negotiate a rate), area contract officers may negotiate reasonable lump sum amounts with these tribes.

# Ongoing/Existing Contracts/Annual Funding Agreements—Method of Distribution

Each area office will submit CSF Needs Report to the Central Office for ongoing contracts and annual funding agreements by July 15, 1998. A final distribution of contract support will be made on or about July 31, 1998. CSF will be provided to each office from the remaining available \$105,829,000 based on these reports. If these reports indicate that \$105,829,000 will not be sufficient to cover the entire need, this amount will be distributed pro rata, so that all contractors and compactors receive the same percentage of their reported need.

Should the amount provided for these existing contracts and annual funding agreements prove insufficient, a tribe or group of tribes may wish to reprogram funds to make up deficiencies necessary to recover full indirect costs. This tribal reprogramming authority is limited to funds from their Tribal Priority Allocation (TPA), or annual funding agreement. Congressional appropriations language does not provide authority for the BIA to reprogram funds from other Bureau programs to meet any CSF shortfalls.

For programs other than TPA, tribes are not constrained from recovering full indirect costs from within the overall program and contract support funds awarded for each program.

Each office has been suballotted 85 percent of the total amount which was provided in FY 1997. From this amount each office should award 75 percent of required contract support to each contract/annual funding agreement meeting the criteria established below.

All contractors and self-governance tribes/consortia with either an approved indirect cost rate, current indirect cost proposal, or FY 1998 approved lump sum amount is eligible for 75 percent of the appropriate total amount to be paid with the first allotment of CSF in FY 1998. After the second allotment of CSF is made (approximately July 31, 1998) all contractors and self-governance tribes/consortia should again receive their pro rata share of CSF, based on the amount provided at that time.

An ongoing/existing contract or annual funding agreement is defined as a BIA program operated by the tribal contractor or compactor on an ongoing basis which has been entered into prior to the current fiscal year. An increase or decrease in the level of funding from year to year for such contracts or annual funding agreements would not affect the designation of such contracts or annual funding agreements as being ongoing. An assumption of additional BIA program responsibilities would be required to trigger a change in designation.

## Method of Distribution for New and Expanded Contracts/Annual Funding Agreements

Each office will submit CSF Need Reports to the Central Office for new and expanded contracts and annual funding agreements periodically throughout the year as new contracts or annual funding agreements are awarded or existing contracts or annual funding agreements are expanded. Funds will be provided to the offices as these reports are received and will be taken from the \$5,000,000. These funds will be distributed on a first-come-first-serve basis at 100 percent of need using the office reports.

In the event the \$5,000,000 is depleted, new or expanded contracts or annual funding agreements awarded after this fund has been exhausted will not be provided any CSF during this fiscal year. Requests received after this fund has been exhausted will be considered first for funding in the following year, from funds appropriated for this purpose. It should be noted that there were a number of FY 1997 new and expanded contracts and annual funding agreements which were not funded during FY 1997, and, in line with the process outlined herein, they will be given priority for funding over FY 1998 new and expanded contracts and annual funding agreements.

## Priority of Funding for New and Expanded Contracts/Annual Funding Agreements

Contract support will be awarded from the ISD fund to all new and expanded contracts/annual funding agreements based on the start date of the award, and the application date, on a first-come-first-serve basis. An Indian Self-Determination Fund "applicant roster" shall be maintained, which shall list, in order of priority, the name of the tribe or tribal organization, the name of the program, the start date, the application date, the amount of program funds, the program cost code(s), the amount of contract support funds required, and the date of approved indirect cost rate agreement or lump sum agreement.

"Start date" means the date or commencement of operation of the new or expanded portion of the contract or annual funding agreement by the tribe/ consortium or tribal organization. However, because the Self-Determination Act provides that contracts/annual funding agreements will be on a calendar year basis unless otherwise provided by the tribe, any start date on or prior to January 1 of each year shall be considered a January 1 start date.

Application date" shall be the date of the request by the tribe which includes: (1) a tribal resolution requesting a contract or annual funding agreement; (2) a summary of the program or portion thereof to be operated by the tribe/consortium or tribal organization; and (3) a summary identifying the source and amount of program or services funds to contracted or included in an annual funding agreement and contract support requirements. In the event that two tribes or tribal organizations have the same start date and application date, then the next date for determination of priority shall be the date the fully complete application was received by the BIA.

If all of the above are equal, and if funds remaining in the ISD fund are not adequate to fill the entire amount of each award's contract support requirement, then each will be awarded a proportionate share of its requirement and shall remain on the Indian Self-Determination Fund Roster in appropriate order of priority for future distributions.

New contract/annual funding agreement is defined as the initial transfer of a program, previously operated by the BIA to the tribe/consortium or tribal organization.

An expanded contract/annual funding agreement is defined as a contract/annual funding agreement which has become enlarged, during the current fiscal year through the assumption of additional programs previously operated by the BIA.

## Criteria for Determining CSF Need for Ongoing/Existing Contracts/Annual Funding Agreements

CSF for ongoing and existing contracts/annual funding agreements will be determined using the following criteria:

- 1. All TPA contracted programs or those programs included in annual funding agreements in FY 1997 and continued in FY 1998, including contracted or annual funding agreement programs moved to TPA in FY 1998, such as New Tribes, HIP, and Road Maintenance.
- 2. Direct program funding increases due to inflation adjustments and general budget increases.
- 3. TPA programs started or expanded in FY 1998 that are a result of a change in priorities from other already contracted/annual funding agreement programs.

4. CSF differentials associated with tribally-operated schools that receive

indirect costs through the application of the administrative cost grant formula. These differentials are to be calculated in accordance with the criteria prescribed in the Choctaw decision dated September 18, 1992, issued by the Contracting Officer, Eastern Area Office. Copies of this decision can be obtained by calling the telephone number provided in this announcement. Tribes that received differential funding under this category in FY 1997 are eligible to receive funding from this account in FY 1998. Tribes that did not receive differential funding under this category in FY 1997 are eligible for funding from the ISD fund.

- 5. CSF will be distributed to the Office of Self-Governance for ongoing annual funding agreements, on the same basis as area offices. All additional CSF requirements will be met from the ISD fund in accordance with the criteria established above.
- 6. Funds available for Indian Child Welfare Act (ICWA) programs or reprogrammed from ICWA to other programs will be considered ongoing for the purposes of payment of contract support costs.
- 7. The use of CSF to pay prior year shortfalls is not authorized.
- 8. Programs funded from sources other than those listed above that were contracted in FY 1997 and are to be contracted in FY 1998 are considered as ongoing.

Dated: January 26, 1998.

Bureau of Land Management

#### **DEPARTMENT OF AGRICULTURE**

**Forest Service** 

[CO-030-5101-00-YCKD; COC-51280]

Availability of the Draft Supplement to the Final Environmental Impact Statement for a TransColorado Gas Transmission Project; Colorado and New Mexico

**AGENCY:** Bureau of Land Management, Department of the Interior and Forest Service, Department of Agriculture.

**ACTION:** Amendment to Notice of Availability of a Supplement to The Final Environmental Impact Statement TransColorado Gas Transmission Project; Colorado and New Mexico;

Comment period extended to March 18, 1998.

SUMMARY: In accordance with the National Environmental Policy Act, the Bureau of Land Management (BLM), as lead agency, and in cooperation with the U. S. Forest Service (USFS) has prepared a Draft Supplement (Supplement) to the Final Environmental Impact Statement (FEIS) for the TransColorado Gas Transmission (TransColorado) project on federal lands in Colorado and New Mexico.

TransColorado is the proponent. Lands managed by the BLM in the Montrose, Craig, and Grand Junction Districts in Colorado, and the Farmington District in New Mexico, and the USFS in the Uncompangre and San Juan National Forests, Colorado, are crossed by the TransColorado pipeline project. The Supplement addresses the environmental impacts of the construction, operation, maintenance, and ultimate abandonment of known proposed route changes and minor realignments (less than 100 feet from centerline of the existing right-of-way grant) of the approved pipeline and right-of-way (ROW) grant COC-51280, and the impacts of the proposed construction and use of known additional temporary work areas adjacent to the approved ROW or, proposed ROW route changes or minor realignments.

This Supplement will also address the impacts of the construction and use minor realignments and alternative temporary work areas in unspecified locations. These unspecified temporary work areas and minor realignments will be addressed to accommodate conditions that might be encountered during construction. Also addressed in the Supplement are proposed modifications to several environmental protection measures contained in the original right-of-way (ROW) grant and Record of Decision (ROD).

Please focus comments on the proposed actions and alternatives in the Supplement to the FEIS. **DATES:** Due to an error in calculation, the 60-day public comment period for the Draft Supplement has been extended to March 18, 1998. This notice amends and extends the comment period published by the BLM and USFS in the Federal Register on January 23, 1998 (63 FR 3584). Written comments on the Draft Supplement must be submitted or postmarked no later than March 10, 1998. Written comments may also be submitted at the public meetings to be held on February 17, 1998 at 7:00 pm at the Double Tree Inn, 501 Camino del Rio in Durango, Colorado; on February
