

## 2. Statutory Basis

The Exchange represents that the proposed rule change is consistent with Section 6 of the Act,<sup>14</sup> in general, and furthers the objectives of Section 6(b)(5)<sup>15</sup> in particular, in that it is designed to promote just and equitable principles of trade and perfect the mechanism of a free and open market and a national market system, by correcting and clarifying the Phlx's double-up/double-down rule to more accurately and fairly provide price improvement to PACE orders.

### *B. Self-Regulatory Organization's Statement on Burden on Competition*

The Exchange does not believe that the proposed rule change will impose any inappropriate burden on competition.

### *C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

The Exchange has neither solicited nor received written comments on the proposed rule change.

## III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Pursuant to Section 19(b)(3)(A) of the Act<sup>16</sup> and Rule 19b-4(e)(6)<sup>17</sup> thereunder, the proposed rule change has become effective upon filing as it effects a change that: (1) Does not significantly affect the protection of investors or the public interest; (2) does not impose any significant burden on competition; and (3) by its terms, does not become operative for 30 days from the date of filing, or such shorter time that the Commission may designate if consistent with the protection of investors and the public interest. The Exchange has provided written notice of its intent to replace the original filing with this filing (Amendment No. 1). The Exchange has requested that the Commission accelerate the operative date of the proposal in order for the automatic double-up/double-down price improvement provision, as amended, to become operative promptly.

The Commission finds good cause for accelerating the operative date of the proposal as of the date of this notice. Accelerating the operative date of the proposal will enable the Exchange to begin using its automatic double-up/double-down price improvement provision without the possibility of

violating the short sale rule. In addition, the Exchange's representation that the POES window does not apply when automatic price improvement or manual price protection are in place was made in the original proposal; the current filing merely codifies this treatment in Phlx's rule book.<sup>18</sup> Finally, the Commission believes that the proposed refinement to the automatic double-up/double-down feature that stops certain orders at the PACE quote rather than providing an immediate execution better than the last sale price is consistent with the double-up/double-down protection program that is employed by CHX.<sup>19</sup> Although customers may not benefit from the automatic double-up/double-down program to the extent the original filing (Phlx 97-23) allowed, the revised program should still enhance the quality of stock executions on Phlx. The Commission notes that the original proposal was published for the full comment period during which no comments were received.<sup>20</sup> The Commission believes that the proposal does not significantly affect the protection of investors or the public interest and does not impose any significant burden on competition. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate for the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

## IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, N.W., Washington, D.C. 20549. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the

provisions of 5 U.S.C. 552, will be available for inspection and copying at the Commission's Public Reference Room. Copies of such filing also will be available for inspection and copying at the principal office of the Phlx. All submissions should refer to File No. SR-PHLX-98-05 and should be submitted by March 12, 1998.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority:<sup>21</sup>

**Margaret H. McFarland,**  
Deputy Secretary.
