#### Columbia Gulf Transmission Company; Notice of Proposed Changes in FERC Gas Tariff

February 13, 1998.

Take notice that on February 10, 1998, Columbia Gulf Transmission Company (Columbia Gulf) tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the following revised sheets bearing a proposed effective date of March 2, 1998:

Fifth Revised Sheet No. 130

Columbia Gulf states that on January 30, 1998, Columbia Gulf filed revised tariff sheets in Docket No. RP98-125-000 to re-incorporate the term "Offsystem-Onshore Zone" into the General Terms and Conditions (GTC) of Columbia Gulf's tariff. The term had been mistakenly omitted in other Columbia Gulf filings. By the Commission's order issued February 5, 1998, in Docket No. RP98-125-000, Columbia Gulf is tendering the instant filing to eliminate duplicate tariff sheet pagination. The January 30, 1998 filing contained Fourth Revised Sheet No. 130, but should have been paginated as Fifth Revised Sheet No. 130 according to the Commission's pagination guidelines. The instant filing corrects the pagination and complies with the Commission's order.

Columbia Gulf states that copies of its filing have been mailed to all firm customers, interruptible customers, and affected state commissions.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, D.C. 20426, in accordance with Section

385.211 of the Commission's Rules and Regulations. All such protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

#### Iroquois Gas Transmission System L.P.; Notice of Request Under Blanket Authorization

February 13, 1998.

Take notice that on February 6, 1998, Iroquois Gas Transmission System, L.P. (Iroquois), One Corporate Drive, Suite 600, Shelton, Connecticut 06484, filed in Docket No. CP98-221-000 a request pursuant to Sections 157.205 and 157.211 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, 157.211) for authorization to construct and operate a third meter run at its existing Northport Meter Station, located in Suffolk County, New York, to permit additional capability to serve Long Island Lighting Company (LILCO), under Iroquois' blanket certificate issued in Docket No. CP89-634-000, pursuant to Section 7(c) of the Natural Gas Act, all as more fully set forth in the request that is on file with the Commission and open to public inspection.

Iroquois proposes to construct and operate a third meter run at Iroquois; Northport Meter Station, located in Suffolk County, New York, to provide additional capacity to serve LILCO at that delivery point. LILCO proposes the conversion of an existing 380 MW generating unit at its Northport Power Station to provide it with dual fuel capability and the addition of a third meter run would provide additional capacity at the meter station to meet LILCO's planned requirements. Iroquois declares the third meter run would increase the delivery capability at the Northport Meter Station from approximately 213 MMcf to approximately 312 MMcf per day.

Iroquois states the estimated cost of the third meter run is \$190,000, which will be recovered through the provision of additional deliveries to LILCO.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn 30

days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.
