SUPPLEMENTARY INFORMATION:

Dean John A. Knauss Marine Policy Fellowship National Sea Grant College Federal Fellows Program

Purpose of the Fellowship Program

In 1979, the National Sea Grant College Program Office (NSGCPO), in fulfilling its broad educational responsibilities, initiated a program to provide educational experience in the policies and processes of the Legislative and Executive Branches of the Federal Government to graduate students in marine related fields. The U.S. Congress recognized the value of this program and in 1987, Public Law 100-200 stipulated that the Sea Grant Federal Fellows Program was to be a formal part of the National Sea Grant College Program Act. The recipients are designated Dean John A. Knauss Marine Policy Fellows pursuant to 33 U.S.C. 1127(b).

Announcement

Fellows program announcements are sent annually to all participating Sea Grant institutions and campuses by the state Sea Grant Director upon receipt of notice from the National Sea Grant College Program Office (NSGCPO). A brochure describing the program is also available from the NSGCPO for distribution by both that office and the state Sea Grant programs.

Eligibility

Any student who, on September 24, 1999, is in a master's, doctoral or professional program in a marine related field from any accredited institution of higher education in the United States may apply to the NSGCPO through the state or closest state Sea Grant program. NOAA makes financial assistance funds available to the National Sea Grant Colleges to implement the fellowship program. The National Sea Grant College Program is listed in the Catalog of Federal Domestic Assistance under number 11.417: Sea Grant Support.

Deadlines

Applications should be obtained from the state Sea Grant Director and the signed applications must be submitted by the date set in each state Sea Grant program's announcement (usually early to mid-September). State Sea Grant programs may elect and forward to the National Office no more than four (4) finalists according to a selection criteria comparable to that used by the National

Office in the national competition. Applications are to be submitted to the NSGCPO by the sponsoring state Sea Grant Director, no later than close of business on September 24th of any given year. The competitive selection process and subsequent notification will be completed by October 24th of any given year.

Stipend and Expenses

For FY 2000 a Fellow will receive an award of \$36,000 which is distributed between salary (stipend) and living expenses in accordance with University guidelines. Other expenses covered are travel, moving costs, health insurance and institutional overhead.

Application

An application will include:

Personal and academic resume or curriculum vitae.

Personal education and career goal statement which emphasizes expectations from the experience in the way of career development (not to exceed 2 pages).

No more than two letters of recommendation with at least one being from the student's major professor.

A letter of endorsement from the sponsoring state Sea Grant Director.

Copy of undergraduate and graduate student transcripts. No thesis papers, publications or other additional supporting documents are desired.

It is our intent that all applicants be evaluated only on their ability, therefore letters of endorsements from members of Congress, friends, relatives or others will not be considered.

Placement preference in the Executive or Legislative Branches of the Government may be stated, and will be honored to the extent possible.

Selection Criteria

The selection criteria will include:

Strength of academic performance.
 Communications skills (both written and oral).

Diversity of academic background.

Work experience.

Support of major professor.

Support of Sea Grant Director.

Ability to work with people.

Selection

Applicants will be individually reviewed and ranked, according to the criteria outlined above, by a panel including representation from (1) the Sea Grant Association, (2) the Office of Oceanic and Atmospheric Research, and (3) the current and possibly last past group of Fellows. The individuals representative of these groups will be chosen on a year by year basis according to availability, timing, and other exigencies. Relative weights for the

evaluation criteria are equal. The Federal Fellowship Director of the National Sea Grant Office will then group the top-ranked applicants into two categories, legislative and executive, based upon the applicant's stated preference and/or judgment of the panel based upon material submitted. The number of fellows assigned to the Congress will be limited to 10.

Federal Policies and Procedures

Fellows receive funds directly from the National Sea Grant Colleges, and are considered to be subrecipients of Federal assistance subject to all Federal laws and Federal and Commerce Department policies, regulations, and procedures applicable to Federal financial assistance awards.

Past Performance

Unsatisfactory performance under prior Federal awards may result in an application not being considered for funding.

Pre-Award Activities

If applicants incur any costs prior to an award being made, they do so solely at their own risk of not being reimbursed by the Government. Notwithstanding any verbal or written assurance that may have been received, there is no obligation on the part of Department of Commerce to cover pre-award costs.

No Obligation for Future Funding

If an applicant is selected for funding, Department of Commerce has no obligation to provide any additional future funding in connection with that award. Renewal of an award to increase funding or extend the period of performance is at the total discretion of Department of Commerce.
