SUPPLEMENTARY INFORMATION:

Background

On June 7, 1988, the Department of Commerce issued an antidumping duty order on imports of internal combustion industrial forklift trucks from Japan (53 F.R. 20882). The Commission is conducting a review to determine whether revocation of the order would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. It will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct a full review or an expedited review. The Commission's determination in any expedited review will be based on the facts available, which may include information provided in response to this notice.

Definitions

The following definitions apply to this review:
