BILLING CODE 4160–01–F

DEPARTMENT OF THE INTERIOR
Office of Surface Mining Reclamation and Enforcement
30 CFR Parts 901, 904, 913, 914, 915, 916, 918, 925, 936, and 943
[Technical Amendment No. MCRCC–01]
Alabama, Arkansas, Illinois, Indiana, Iowa, Kansas, Louisiana, Missouri, Oklahoma, and Texas Abandoned Mine Land Reclamation Plans and Regulatory Programs
AGENCY: Office of Surface Mining Reclamation and Enforcement, Interior.
ACTION: Final rule; technical amendment.
SUMMARY: The Office of Surface Mining Reclamation and Enforcement (OSM) is making technical amendments to 30 CFR Chapter VII, Subchapter T. We are updating or adding addresses for the locations of the publicly available copies of State Abandoned Mine Land Reclamation (AMLR) plans and regulatory programs; revising or

correcting the codification of sections approving State AMLR plans and regulatory programs; and making other minor codification changes. These changes will ensure awareness of the current locations where the public may inspect State AMLR plans and regulatory programs. They will also provide consistency throughout the sections codified at Subchapter T.
EFFECTIVE DATE: April 26, 1999.
FOR FURTHER INFORMATION CONTACT: Charles E. Sandberg, Office of Surface Mining, Mid-Continent Regional Coordinating Center, Alton Federal Building, 501 Belle Street, Alton, Illinois 62002. Telephone: (618) 463–6460. Internet: Csandber@mcrgw.osmre.gov.
SUPPLEMENTARY INFORMATION:
I. Background
Since July 1, 1998, the date of the most recent revision to Title 30 of the Code of Federal Regulations (30 CFR Part 700 to End), we became aware of changes that we needed to make to 30 CFR Chapter VII, Subchapter T.

1. We are updating State and OSM addresses at 30 CFR Parts 901, 904, 913, 914, 915, 916, 918, 925, 936, and 943 to accurately indicate where copies of the Alabama, Arkansas, Illinois, Indiana, Iowa, Kansas, Louisiana, Missouri, Oklahoma, and Texas AMLR plans and regulatory programs are available for public inspection and copying.

2. We are taking this opportunity to revise the language of sections approving the Alabama, Arkansas, Illinois, Indiana, Iowa, Kansas, Louisiana, Missouri, and Texas AMLR plans and regulatory programs so that they are accurate and consistent.

3. We are also making other needed codification changes to the Arkansas and Missouri regulatory programs as discussed below:

a. In the June 30, 1995, **Federal Register**, OSM announced its approval, with additional requirements, of a proposed amendment to the Arkansas regulatory program (60 FR 34138). In Finding 4 and 30 CFR 904.16(b), we required Arkansas to delete the phrase "and section 15(d)(1)" from section 13(k) of the Arkansas Surface Coal Mining and Reclamation Act of 1979 (ASCMRC). By letter dated March 16, 1999 (Administrative Record No. AR-563), Arkansas notified OSM that it had deleted the phrase "and section 15(d)(1)" from section 13(k) of the ASCMRC and from the legislative counterpart, the Arkansas Code Annotated (ACA) at section 15-58-503(a)(3). Therefore, we are removing the required amendment at 30 CFR 904.16(b).

b. By letter dated April 2, 1999, Arkansas notified OSM that the "Arkansas Department of Pollution Control and Ecology" had its name changed to the "Arkansas Department of Environmental Quality" by the Arkansas General Assembly Act 1219 of 1997, effective March 31, 1999 (Administrative Record No. AR-564). We are taking this opportunity to make this name change in the State regulatory program approval section at 30 CFR 904.10(a) and in the Arkansas abandoned mine land reclamation plan approval section at 30 CFR 904.20(a).

c. In the **Federal Register** notice announcing the Department of the Interior's approval of Missouri's original program, the Secretary at 30 CFR 925.10(b) affirmatively disapproved several provisions of Missouri's program that incorporated suspended or remanded Federal regulations (November 21, 1980, 45 FR 77017). The affirmative disapprovals were based upon an order of the U.S. District Court for the District of Columbia. The order required the Secretary to "affirmatively

disapprove * * * those segments of a State program that incorporate a suspended or remanded regulation" (*In re: Permanent Surface Mining Regulation Litigation, Civil Action 79-1144*, May 16, 1980, Mem. Op. at 49). In a State program amendment dated October 10, 1990, Missouri adequately addressed the one remaining affirmatively disapproved provision codified at 30 CFR 925.10(b)(1). This disapproved provision concerned Missouri's regulation at 10 CSR 40-8.010-75 [recodified as 10 CSR 40-8.010(1)(A)84]. The disapproved regulation pertained to a definition of "roads" that is used in sections 10 CSR 40-3.140(1)-(21). Missouri addressed this issue by proposing revisions to its regulations concerning performance standards for roads at 10 CSR 40-3.140(1)-(21). OSM approved the proposed revisions on September 29, 1992 (57 FR 44660). Because Missouri adequately addressed the disapproval codified at 30 CFR 925.10(b)(1), we are taking this opportunity to remove it.

II. Procedural Determinations

1. Administrative Procedure Act

The revisions contained in this rulemaking are technical in nature. So, under 5 U.S.C. 553(b)(B), we determined that the notice and public comment procedures of the Administrative Procedure Act are unnecessary. For the same reason, we determined that under 5 U.S.C. 553(d), there is good cause to make the rule effective on the date of publication in the **Federal Register**.

2. Executive Order 12866

The Office of Management and Budget (OMB) exempts this rule from review under Executive Order 12866 (Regulatory Planning and Review).

3. Executive Order 12988

The Department of the Interior conducted the reviews required by section 3 of Executive Order 12988 (Civil Justice Reform) and determined that, to the extent allowed by law, this rule meets the applicable standards of subsections (a) and (b) of that section. This rule (1) does not preempt any State, Tribal, or local laws or regulations; (2) has no retroactive effect; and (3) does not require administrative proceedings before parties may file suit in court challenging its provisions.

4. National Environmental Policy Act

We reviewed this rule and determined that it is categorically excluded from the National Environmental Policy Act (NEPA) process under the Departmental Manual (516 DM 2, appendix 1.10) and the Council on Environmental Quality

Regulations for Implementing the Procedural Provisions of NEPA (40 CFR 1507.3).

5. Paperwork Reduction Act

This rule does not contain information collection requirements that require approval by OMB under the Paperwork Reduction Act (44 U.S.C. 3507 *et seq.*).

6. Regulatory Flexibility Act

The Department of the Interior determined that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). This rule merely revises addresses and makes other minor changes to the information contained in the regulations.

7. Unfunded Mandates

We determined and certify under the Unfunded Mandates Reform Act (2 U.S.C. 1502 *et seq.*) that this rule will not impose a cost of \$100 million or more in any given year on local, state, or tribal governments or private entities.

Background

In Executive Order 12957 of March 15, 1995 (60 FR 14615, March 17, 1995), President Clinton declared a national emergency with respect to the actions and policies of the Government of Iran and imposed sanctions against Iran supplementing those imposed in 1987, invoking the authority, *inter alia*, of the International Emergency Economic Powers Act, 50 U.S.C. 1701-06 ("IEEPA"). The President substantially supplemented and amended those sanctions in Executive Order 12959 of May 6, 1995 (60 FR 24757, May 9, 1995). In implementation of these orders, the Office of Foreign Assets Control ("OFAC") amended the Iranian Transactions Regulations in September 1995 (the "Regulations") (60 FR 47061, September 11, 1995).

In Executive Order 13059 of August 19, 1997 (62 FR 44531, August 21, 1997), the President clarified the steps taken with respect to the national emergency declared in Executive Order 12957 and expanded in Executive Order 12959. In implementation of these orders, OFAC is amending the Regulations.

Section 560.201 continues the prohibition on the importation into the United States of goods or services of Iranian origin but indicates that this includes goods or services owned or controlled by the Government of Iran. Section 560.201 also conforms the exemption for information and informational materials for import purposes to that applicable under IEEPA for all other purposes.

Section 560.204 is revised to provide that any exportation, reexportation, sale or supply of goods to Iran or the Government of Iran from the United States, or by a U.S. person wherever located, is prohibited. This includes any exportation, reexportation, sale or supply of goods, services or technology from the United States or by a U.S. person in a third country undertaken with knowledge or reason to know that such goods, services or technology are intended specifically for supply, transshipment or reexportation, directly or indirectly, to Iran or the Government of Iran. Similarly, § 560.204 prohibits any exportation, reexportation, sale or supply of goods, services or technology
