*The Standards Council of Canada (SCC) voted to end its Laboratory Accreditation Program for Substance Abuse (LAPSA) effective May 12, 1998. Laboratories certified through that program were accredited to conduct forensic urine drug testing as required by U.S. Department of Transportation (DOT) regulations. As of that date, the certification of those accredited Canadian laboratories will continue under DOT authority. The responsibility for conducting quarterly performance testing plus periodic on-site inspections of those LAPSA-accredited laboratories was transferred to the U.S. DHHS, with the DHHS' National Laboratory Certification Program (NLCP) contractor continuing to have an active role in the performance testing and laboratory inspection processes. Other Canadian laboratories wishing to be considered for the NLCP may apply directly to the NLCP contractor just as U.S. laboratories do. Upon finding a Canadian laboratory to be qualified, the DHHS will recommend that DOT certify the laboratory (FR, 16 July 1996) as meeting the minimum standards of the "Mandatory Guidelines for Workplace Drug Testing" (59 FR, 9 June 1994, Pages 29908-29931). After receiving the DOT certification, the laboratory will be included in the monthly list of DHHS certified laboratories and participate in the NLCP certification maintenance program.

Richard Kopanda,

Executive Officer, Substance Abuse and Mental Health Services Administration.

BILLING CODE 4160-20-U

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Substance Abuse and Mental Health Administration

Notice of Intent To Make Funds Available for School Violence Prevention and Early Childhood Development Activities Under the Safe Schools/Healthy Students Initiative

AGENCIES: U.S. Department of Education, Office of Elementary and Secondary Education, Safe and Drug-Free Schools Program; U.S. Department of Health and Human Services, Substance Abuse and Mental Health Services Administration (SAMHSA), Center for Mental Health Services (CMHS); U.S. Department of Justice, Office of Juvenile Justice and Delinquency Prevention (OJJDP); U.S. Department of Justice, Office of Community Oriented Policing Services (COPS).

ACTION: Notice of intent to make funds available to enhance and implement comprehensive community-wide strategies for creating safe and drug-free schools and promoting healthy childhood development.

SUMMARY: The Departments of Education, Health and Human Services, and Justice are collaborating to provide students with enhanced comprehensive educational, mental health, law enforcement, and as appropriate, juvenile justice system services and activities designed to ensure the development of the social skills and emotional resilience necessary to avoid drug use and violent behavior and the creation of safe, disciplined, and drug-free schools.

Through a single application process, successful applicants will receive support for up to three years. Awards will be made to approximately 50 sites, ranging from up to \$3 million per year for urban school districts, up to \$2 million per year for suburban school districts, and up to \$1 million per year for rural school districts and tribal schools designated as local education agencies by their states.

DATES: It is anticipated that the program solicitation and application will be available no later than March 15, 1999.

CONTACT: Detailed information regarding the Safe Schools Healthy/Students Initiative is available at:

Internet: <http://www.ed.gov/offices/OESE/SDFS>

Fax-on-Demand: Juvenile Justice Clearinghouse (800) 638-8736

SUPPLEMENTARY INFORMATION:

Authority

This action is authorized under the Omnibus Consolidated and Emergency Supplemental Appropriation Act of 1999, Pub. L. 105-277 and the Public Health Service Act Section 501(d)(5).

Background

The purpose of the Safe Schools/Healthy Students Initiative is to assist schools and communities to enhance and implement comprehensive community-wide strategies for creating safe and drug-free schools and promoting healthy childhood development. Eligible activities may include, but are not limited to, programs such as mentoring, conflict resolution, after school, multisystemic therapy, functional family therapy, social skills building, school-based probation, student assistance, teen courts, truancy prevention, alternative education, developing information sharing systems, staff professional development, hiring additional school resource officers, and treatment efforts that involve the juvenile justice system and schools. Interventions selected must have evidence of effectiveness and developmentally appropriate.

To be eligible for funding, applicants will be required to demonstrate evidence of a comprehensive community-wide strategy that at minimum consists of six general topic areas: (1) School safety, (2) drug and violence prevention and early intervention programs, (3) school and community mental health preventive and treatment intervention services, (4) early childhood psychosocial and emotional development programs, (5) education reform, and (6) safe school policies. The plan must be developed by a partnership comprising the local education agency, local public mental health authority, local law enforcement agency, family members, students, and juvenile justice officials. The local education agency will be required to submit formal written agreements signed by the school superintendent, the head of the local public mental health authority, and the chief law enforcement executive to be certified as an eligible applicant. Applicants will be strongly encouraged to demonstrate partnerships with businesses, social services, faith communities, and other community-based organizations that support the educational, emotional and health needs of students in the school district.

Applicants will be required to conduct a basic assessment of the community risks and assets related to children and adolescents and have a plan for continual updating of this assessment. Assessments shall include, but are not limited to, rates of the following: students engaged in alcohol and drug use and violent behavior, firearms brought to school, incidents of serious and violent crime in schools, suicide attempts, students suspended and/or expelled from school, students receiving probation services, and students in juvenile justice placements. Applicants will be required to provide an assessment of the community resources available for children and adolescents, including number of after school programs, percentage of youth served by programs to build social skills, and number and quality of community mental health and social service organizations available to provide services to children and adolescents.

Applicants will be required to develop a plan for assessing the community-wide strategy and agree to participate in a national evaluation of this initiative. Applicants that do not have the capability to collect data or develop a plan for assessing their strategy will be encouraged to join with a local university, research organization,

or other appropriate entity to assist with these activities.

Dated: February 1, 1999.

Richard Kopanda,

Executive Officer, Substance Abuse and Mental Health Services Administration.

BILLING CODE 4162-20-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4432-N-05]

Federal Property Suitable as Facilities to Assist the Homeless

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for possible use to assist the homeless.

FOR FURTHER INFORMATION CONTACT:

Mark Johnston, room 7256, Department of Housing and Urban Development, 451 Seventh Street SW, Washington, DC 20410; telephone (202) 708-1226; TTY number for the hearing- and speech-impaired (202) 708-2565 (these telephone numbers are not toll-free), or call the toll-free Title V information line at 1-800-927-7588.

SUPPLEMENTARY INFORMATION: In accordance with 24 CFR part 581 and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this Notice to identify Federal buildings and other real property that HUD has reviewed for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This Notice is also published in order to comply with the December 12, 1988 Court Order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.).

Properties reviewed are listed in this Notice according to the following categories: Suitable/available, suitable/unavailable, suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholdings agencies, and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the
