

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120, E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9E, Airspace Designations and Reporting Points, dated September 10, 1998, and effective September 16, 1998, is amended as follows:

* * * * *

Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

* * * * *

AGL MN E5 Hallock NM [Revised]

Hallock Municipal Airport, MN
(Lat. 48°45'10"N., long. 96°56'35"W.)

That airspace extending upward from 700 feet above the surface within an 6.4-mile radius of the Hallock Municipal Airport and within 4.0 miles each side of the 136° bearing from the airport, extending from the 6.4-mile radius of 9.8 miles southeast of the airport.

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****14 CFR Part 71**

[Airspace Docket No. 98–AGL–75]

Proposed modification of Class E Airspace; Fremont, OH

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking.

SUMMARY: This notice proposes to modify Class E airspace at Fremont, OH.

A Global Positioning System (GPS) Standard Instrument Approach Procedure (SIAP) to Runway (Rwy) 06, and a GPS SIAP to Rwy 24, have been developed for Sandusky County Regional Airport. Controlled airspace extending upward from 700 to 1200 feet above ground level (AGL) is needed to contain aircraft executing the approaches. This action proposes to modify existing controlled airspace for Fremont, OH, by expanding the airspace to the southeast to accommodate the instrument flight procedures at the Sandusky County Regional Airport. This is an unrelated airspace action to the airspace action in docket number 98–AGL–56, Modification of Class E Airspace, Fremont, OH, (64 FR 4782, February 1, 1999) and incorporates the changes specified in that document.

DATES: Comments must be received on or before March 31, 1999.

ADDRESSES: Send comments on the proposal in triplicate to: Federal Aviation Administration, Office of the Assistant Chief Counsel, AGL–7, Rules Docket No. 98–AGL–75, 2300 East Devon Avenue, Des Plaines, Illinois 60018.

The official docket may be examined in the Office of the Assistant Chief Counsel, Federal Aviation Administration, 2300 East Devon Avenue, Des Plaines, Illinois. An informal docket may also be examined during normal business hours at the Air Traffic Division, Airspace Branch, Federal Aviation Administration, 2300 East Devon Avenue, Des Plaines, Illinois.

FOR FURTHER INFORMATION CONTACT: Michelle M. Behm, Air Traffic Division, Airspace Branch, AGL–520, Federal Aviation Administration, 2300 East Devon Avenue, Des Plaines, Illinois 60018, telephone (847) 294–7568.

SUPPLEMENTARY INFORMATION:**Comments Invited**

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify the airspace docket number and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their

comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Airspace Docket No. 98–AGL–75." The postcard will be date/time stamped and returned to the commenter. All communications received on or before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in light of comments received. All comments submitted will be available for examination in the Rules Docket, FAA, Great Lakes Region, Office of the Assistant Chief Counsel, 2300 East Devon Avenue, Des Plaines, Illinois, both before and after the closing date for comments. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRM's

Any person may obtain a copy of this Notice of Proposed Rulemaking (NPRM) by submitting a request to the Federal Aviation Administration, Office of Public Affairs, Attention: Public Inquiry Center, APA–230, 800 Independence Avenue, S.W., Washington, DC 20591, or by calling (202) 267–3484. Communications must identify the notice number of this NPRM. Persons interested in being placed on a mailing list for future NPRM's should also request a copy of Advisory Circular No. 11–2A, which describes the application procedure.

The Proposal

The FAA is considering an amendment to 14 CFR part 71 to modify Class E airspace at Fremont, OH, to accommodate aircraft executing the proposed GPS Rwy 06 SIAP, and GPS Rwy 24 SIAP, at Sandusky County Regional Airport by modifying existing controlled airspace to the southeast to include this airport. Controlled airspace extending upward from 700 to 1200 feet AGL is needed to contain aircraft executing the approaches. The area would be depicted on appropriate aeronautical charts. Class E airspace designations for airspace areas extending upward from 700 feet or more above the surface of the earth are published in paragraph 6005 of FAA Order 7400.9F dated September 10, 1998, and effective September 16, 1998, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document would be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this proposed regulation—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9F, Airspace Designations and Reporting Points, dated September 10, 1998, and effective September 16, 1998, is amended as follows:

Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

* * * * *

AGL OH E5 Freement, OH [Revised]

Fremont Airport, OH
(Lat. 41°20'03" N., long. 83°09'36" W.)
Sandusky County Regional Airport, OH
(Lat. 41°17'45" N., long. 83°02'14" W.)
Memorial Hospital of Sandusky County, OH
Point in Space Coordinates
(Lat. 41°20'18" N., long. 83°08'57" W.)

That airspace extending upward from 700 feet above the surface within a 6.3-mile radius of the Fremont Airport, and within a 6.5-mile radius of the Sandusky County

Regional Airport, and within a 6.0-mile radius of the Point in Space serving Memorial Hospital of Sandusky County.

BILLING CODE 4910–13–M

DEPARTMENT OF JUSTICE

Drug Enforcement Administration

21 CFR Parts 1300 and 1310

[DEA Number 137E2]

RIN 1117–AA321

Exemption of Chemical Mixtures

AGENCY: Drug Enforcement Administration, Justice.

ACTION: Proposed rule; extension of comment period.

SUMMARY: The DEA is extending the comment period on the Federal Register notice of proposed rulemaking entitled “Exemption of Chemical Mixtures” published on September 16, 1998 (63 FR 49506). A previous publication in the **Federal Register** on November 12, 1998 (63 FR 63253) extended the original closing date for receipt of comments from November 16, 1999 to February 15, 1999. The DEA believes that an additional extension is necessary to ensure that all interested persons are granted ample time to resolve issues pertaining to these proposed regulations.

DATES: The period for public comment that was to close on February 15, 1999 is extended to April 16, 1999.

ADDRESSES: Comments and objections should be submitted in quintuplicate to the Deputy Administrator, Drug Enforcement Administration, Washington, DC 20537, Attention: DEA Federal Register Representative/CCR.

FOR FURTHER INFORMATION CONTACT: Frank Sapienza, Chief, Drug and Chemical Evaluation Section, Office of Diversion Control, Drug Enforcement Administration, Washington, DC 20537, Telephone: (202) 307–7183.

SUPPLEMENTARY INFORMATION: The DEA published a notice of proposed rulemaking (63 FR 49506) to implement those portions of the Domestic Chemical Division Control Act of 1993 [Pub. L. 103–200] that exempt from regulation under the Controlled Substances Act certain chemical mixtures that contain regulated chemicals. The proposed

regulations identified those mixtures, or categories of mixtures, that will be automatically exempt from regulation and defined an application process that can be used to exempt chemical mixtures that do not meet the criteria for automatic exemption. The DEA issued a ninety day extension to the period for public comment based on a formal request by Hyman, Phelps & McNamara, P.C. The DEA believes that an additional sixty day extension is now necessary. This additional extension is deemed necessary to assure that interested persons are afforded reasonable time to address issues of concern and allow all persons to respond accordingly. Therefore, the comment period for the proposed rule is extended to April 16, 1999. Comments must be received by the DEA on or before this date.

Dated: February 8, 1999.

Donnie R. Marshall,

Deputy Administrator, Drug Enforcement Administration.

Diesel Particulate Matter Exposure of Underground Coal and Metal and Nonmetal Miners

AGENCY: Mine Safety and Health Administration (MSHA), Labor.

ACTION: Proposed rules; extension of comment periods; availability of studies; notice of hearings; close of record.

SUMMARY: The Mine Safety and Health Administration (MSHA) is announcing the extension of the public comment periods on its proposed rules addressing diesel particulate matter exposure of underground coal miners as published in the **Federal Register** on April 9, 1998, and for underground metal and nonmetal miners published on October 29, 1998.

This document also announces the availability of three additional studies applicable to both rulemakings addressing diesel particulate matter exposure of underground coal and underground metal and nonmetal miners. These studies supplement the evidence in both rulemaking records regarding the risks to underground miners of serious health hazards
