**DEPARTMENT OF THE INTERIOR****National Park Service****Environmental Statements; Availability, Etc. Stones River National Battlefield, TN****AGENCY:** National Park Service, Stones River National Battlefield, Tennessee, DOI.**ACTION:** Notice of Availability for Final General Management Plan/Development Concept Plan/Environmental Impact Statement for Stones River National Battlefield.

**SUMMARY:** This Final General Management Plan/Development Concept Plan/Environmental Impact Statement (FGMP/DCP/EIS) describes three alternatives for cultural and natural resource protection and management, visitor use and interpretation and related facilities development at Stones River National Battlefield. Alternative 1, the National Park Service's (NPS) proposed action, would preserve a larger area of the battlefield that has retained historic landscape integrity. It would also improve interpretation and the ability of the visitor to experience a "sense of place" within the battlefield. This would be accomplished by protection of more resources through boundary expansion and land acquisition, new exhibits in the visitor center, establishment of a new automobile tour route within the expanded boundary, and new interpretive wayside exhibits. Alternative 2 would improve interpretation and the visitor experience within the authorized boundary of the park. This would be accomplished by providing new exhibits in the visitor center, establishing a new automobile tour route within the park, and providing new wayside exhibits. There would be no change in the authorized boundary. Alternative 3 (continuation of existing conditions) would represent no significant change in interpretation and the way the park is being managed, and no change in the authorized park boundary. Under all alternatives, there would be an emphasis on working with local agencies, groups, and landowners to preserve and protect lands that retain historic landscape integrity within the

original battlefield, but outside the park boundary. Environmental impacts that would result from implementation of the alternatives are addressed in the document. Impact topics include cultural and natural resources, interpretation and visitor use, socioeconomic environment, and NPS operations. Measures that would be taken to mitigate impacts are also described in the FEIS.

#### Availability

The FEIS is being mailed to agencies, organizations, and individuals on the park's mailing list, and is on display at Linebaugh Public Library, 205 West Vine Street, Murfreesboro, Tennessee 37130, and at the following location. A limited number of copies are available from the Superintendent at the Stones River National Battlefield Visitor Center. Superintendent, Stones River National Battlefield, 3501 Old Nashville Highway, Murfreesboro, Tennessee 37129, Telephone (615) 893-9501.

No sooner than 30 days from the appearance of this notice in the Federal Register, a Record of Decision will be signed that will document NPS approval of the General Management Plan for Stones River National Battlefield, and identify the selected action from the alternatives presented in the FEIS.
