(j) *Puerto Rico and Virgin Islands.* Puerto Rico and the Virgin Islands, where a statistical survey procedure is permitted in lieu of eligibility determinations for each child, may either maintain their standard procedures in accordance with § 245.4 or may opt for Provision 2 or Provision 3 provided the eligibility requirements as set forth in paragraphs (a), (b), (c), (d) and (e) as applicable, of this section are met.

(k) *Statistical income measurements.* Statistical income measurements that are used under this part shall meet the following standards:

(1) The sample frame shall be limited to enrolled students who have access to the school meals program,

(2) A sample of enrolled students shall be randomly selected from the sample frame,

(3) The response rate to the survey shall be at least 80 percent,

(4) The number of households that complete the survey shall be sufficiently large so that it can be asserted with 95 percent confidence that the true percentage of students who are enrolled in the school, have access to the school meals program, and are eligible for free meals is within plus or minus 2.5 percentage points of the point estimate determined from the sample, and,

(5) To minimize statistical bias, data from all households that complete the survey must be used when calculating the enrollment based claiming percentages for § 245.9(c)(2)(iii) and § 245.9(e)(2)(iii) of this section.

4. In § 245.11, a new paragraph (h) is added to read as follows:

(1) *Notification.* Notifying school food authorities of schools implementing Provision 2 and/or 3 that they must return to standard application and meal counting procedures or apply for an extension under Provision 2 or 3. Such notification must be in writing, and be sent no later than February 15 of the fourth year of a school's current cycle;

(2) *Return to standard procedures.* Returning the school to standard application and meal counting procedures if the State agency determines that records were not maintained; and,

(3) *Technical assistance.* Securing technical assistance, adjustments to the

level of financial assistance for the current school year, and returning the school to standard application and meal counting procedures, as appropriate, if a State agency determines at any time that:

(i) The school or school food authority has not correctly implemented Provision 1, Provision 2 or Provision 3;

(ii) Meal quality has declined because of the implementation of the provision;

(iii) Participation in the program has declined over time;

(iv) Eligibility determinations were incorrectly made; or

(v) Meal counts were incorrectly taken or incorrectly applied.

(ii) The number of schools using Provision 2 and Provision 3 for SBP only;

(iii) The number of extensions granted to schools using Provision 2 or Provision 3 during the previous school year;

(iv) The number of extensions granted during the previous year on the basis of Food Stamp/FDPIR data;

The Proposal

The FAA is considering an amendment to Title 14 Code of Federal Regulations, part 71 (14 CFR part 71) by revising a Class E airspace extension at Englewood, CO, in order to accommodate a revised SIAP to the Centennial Airport, Englewood, CO. This amendment would provide a small amount of additional Class E4 airspace at Englewood, CO, to meet current criteria standards associated with the SIAP. The FAA establishes Class E airspace where necessary to contain aircraft transitioning between the terminal and enroute environments. The intended effect of this proposal is designed to provide for the safe and efficient use of the navigable airspace. This proposal would promote safe flight operations under Instrument Flight Rules (IFR) at the Centennial Airport and between the terminal and en route transition stages.

The area would be depicted on aeronautical charts for pilot reference. The coordinates for this airspace docket are based on North American Datum 83. Class E airspace areas designated as an extension to a Class D airspace area, are published paragraph 6004, of FAA Order 7400.9G dated September 1, 1999, and effective September 16, 1999, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation

listed in this document would be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) Is not a "significant regulatory action" under Executive order 12866; (2) Is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) Does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9G, Airspace Designations and Reporting Points, dated September 1, 1999, and effective September 16, 1999, is amended as follows:
