II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for the Proposed Rule Change

1. Purpose

Currently, paragraph (l) of the Guidelines to NYSE Rule 105 prohibits Exchange specialists and approved persons of an Exchange specialist from acting as an options market maker or options specialist, or from functioning in any capacity involving market-making responsibilities in any option as to which the underlying security is a stock in which the specialist is

registered. This prohibition applies to all approved persons of specialists, including those who are otherwise exempt from specific specialist rules pursuant to NYSE Rule 98.

The prohibitions were intended to address potential conflict-of-interest concerns raised by the possibility of side-by-side stock and options trading by a specialist and a specialist affiliate. The prohibitions were adopted in the early 1980s when options were not listed and traded on more than one exchange as they are today.⁴

The Exchange therefore proposes to amend paragraph (l) of the NYSE Rule 105 Guidelines and paragraph (a) of NYSE Rule 98 to permit NYSE Rule 98 approved persons of specialists to act as non-primary options market makers in options overlying securities in which an affiliated specialist is registered.

NYSE Rule 98 Approved Person

Under Exchange rules, a person or entity entering into any type of control relationship with a member organization may be deemed to be an approved person of the member organization.⁵ The term "approved person" refers to an individual or entity that controls a member organization, or is engaged in the securities business and is either controlled by or is under common control with a member organization. Approved persons of specialist member organizations are subject to a number of Exchange rules (including NYSE Rule 105) that place restrictions on their ability to trade in the specialty stocks of the related specialist. NYSE Rule 98 provides exemptive relief for an approved person associated with a specialist's member organization that complies with the NYSE Rule 98 implementing guidelines.

Paragraph (a) of NYSE Rule 98 is proposed to be amended to permit an NYSE Rule 98 approved person to act in a non-primary market-making capacity in an option overlying a security in which an associated specialist is registered.⁶ In order to meet the test for an NYSE Rule 98 approved person and obtain exemptive relief, an approved person and an associated specialist organization must submit a written

statement to the Exchange describing the internal controls they intend to adopt for the establishment of procedures sufficient to restrict the flow of privileged information between the approved person and the associated specialist organization. The procedures are intended to preclude the possibility that privileged information will be made available to be used in any way to influence a particular trading decision by a specialist in the associated specialist organization, or vice versa. These internal control and procedures would apply in situations where an NYSE Rule 98 approved person intended to act as a non-primary market maker in an option.

Proposed Changes to Paragraph (l) of NYSE Rule 105 Guidelines

The Exchange proposes to amend paragraph (l) of the NYSE Rule 105 Guidelines to permit an NYSE Rule 98 approved person of a specialist to act as a competitive market maker or perform other similar non-primary/supplemental market-making activities in any option as to which the underlying security is a stock in which the related specialist is registered. The prohibition on acting as a primary market maker would be retained.

The difference in treatment between primary market makers and competitive (or non-primary) market makers stems from their differing obligations on the options exchanges. On the various options exchanges, primary market makers ("PMMs"), also called Designated Primary Market Makers ("DPMs"), Lead Market Makers ("LMMs"), and Registered Equity Market Makers, similar to specialists on the Exchange, are market makers with significant responsibilities, including overseeing the opening and closing of trading in option classes, and providing continuous, two-sided quotations in all of their assigned stock options. Competitive Market Makers ("CMMs"), also called competitive options traders, registered options traders and non-primary market makers, are market makers who quote independently and add depth and liquidity to the market, but do not have the primary responsibility to maintain a fair and orderly market.

The Exchange believes that potential conflicts of interest with respect to stock and options trading are somewhat less significant with respect to supplemental, as opposed to primary, options market-making, and in any event the Exchange believes that they are effectively addressed by NYSE Rule 98's requirement that material market information be kept strictly segregated.

⁴ See Securities Exchange Act Release No. 21710 (February 4, 1985), 50 FR 5708 (February 11, 1985) (approving SR-NYSE-82-2).

⁵ NYSE Rule 2 defines control as the power to direct or cause the direction of the management or policies of a person whether through ownership of securities, by contract or otherwise. A presumption of control is made in certain circumstances outlined in the rule.

⁶ The distinction between primary and non-primary market makers for purposes of the proposed rule change is described more fully below.

The Exchange also proposes to amend paragraph (l) of the NYSE Rule 105 Guidelines by adding the following additional restriction: if an NYSE Rule 98 approved person is acting as an options market maker in an option overlying a specialty stock, neither it, nor any other approved person of the specialist, may act as a market maker in any specialty stock underlying an option as to which the NYSE Rule 98 approved person acts as an options market maker. The Exchange believes that this restriction will ensure that market information gleaned from the options market is not used to gain trading advantages by approved persons of the specialist in other equity markets. The potential for manipulative activity resulting from the market maker's unique informational advantage of seeing "the book" of both a stock and its underlying option should be substantially lessened; the proposed additional restriction would prevent a non-primary market maker in the options market from relaying information obtained on the floor (due to time and place advantage) to an approved person of the specialist who trades the stock underlying the option on a regional exchange or in another market.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with Section 6(b) of the Act⁷ in general, and furthers the objectives of Section 6(b)(5) of the Act⁸ in particular, because it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes that the proposed fee change will not impose any burden on competition that is not necessary or appropriate in the furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing of Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the Exchange consents, the Commission will:

(A) By order approve such proposed rule change, or

(B) Institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Persons making written submission should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW, Washington, DC 20549-0609. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of such filing will also be available for inspection and copying at the principal office of the NYSE. All submissions should refer to File No. SR-NYSE-00-62 and should be submitted by February 16, 2001.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.⁹

Margaret H. McFarland,

Deputy Secretary.
