January 30, 2001.

SUMMARY: The Federal Communications Commission, as part of its continuing

effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act of 1995, Public Law 104-13. These include the use of Major Trading Areas (MTA's) for future licensing, the establishment of a "substantial service" alternative to the current construction benchmarks, and modifications to certain provisions of the narrowband PCS competitive bidding rules. The Commission also eliminates the narrowband PCS spectrum aggregation limit and adopts partitioning and disaggregation rules.
