Bureau of Indian Affairs

Notice of Intent To Prepare an Environmental Impact Statement for the Proposed Integrated Resource Management Plan for the Spokane Indian Reservation, Stevens County, WA

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice.

SUMMARY: The Bureau of Indian Affairs (BIA) and the Spokane Tribe of Indians, as co-lead agencies, intend to prepare an Environmental Impact Statement (EIS) on a proposed update to the Integrated Resource Management Plan (IRMP) for the Spokane Indian Reservation. The purpose of updating the IRMP is to develop long-term resource management policies that will ensure direction and stability for needed sustained growth of reservation economics, compatible with traditional values and needs for a quality human environment. Details on the project area and the proposed action are provided in the **SUPPLEMENTARY INFORMATION** section. This notice also announces a public scoping meeting for the content of the EIS.

DATES: Comments on the scope and content of the EIS must arrive by February 7, 2003. The public scoping meeting will be held on Thursday, January 23, 2003, at 6 p.m.

ADDRESSES: You may mail or hand carry written comments to Rudy Peone, Spokane Tribe Department of Natural Resources, P.O. Box 480, Wellpinit, Washington 99040; or to Ted Hensold, Bureau of Indian Affairs, Spokane Agency, P.O. Box 389, Wellpinit, Washington 99040. You may also telefax comments to Rudy Peone at (509) 258-9600. Please include your name and mailing address with your comments so documents pertaining to this project may be sent to you.

The public meeting will be held at the Fire Management Conference Room, 6290 Ford-Wells Road, Wellpinit, Washington.

FOR FURTHER INFORMATION CONTACT: Rudy Peone, 509-258-9042, extension 14.

SUPPLEMENTARY INFORMATION: The boundaries of the Spokane Indian Reservation encompass approximately 157,000 acres, located in southern Stevens County, Washington. These include 110,500 acres of tribal trust lands, 1,400 acres of tribal fee lands, 24,800 acres of individually owned trust (allotment) lands, 14,400 acres of private fee lands, 1,100 acres of Bureau of Reclamation (BOR) lands above the Lake Roosevelt high pool line, and about 4,800 acres covered by Lake Roosevelt, under BOR administration. The lands range from dry, ponderosa pine steppe on the southern boundary of the Spokane River at 1,300 foot elevation to moist, inland coniferous forest on the northern portion of the reservation where elevation reaches about 4,000 feet.

Major land uses include timber management, livestock grazing, agriculture, hunting and fishing, recreation, and cultural practices. Timber harvesting occurs on about 108,000 acres of commercial forest lands.

The Spokane Tribe first enacted an IRMP in 1994. Its purpose was to provide a holistic framework to guide all land management of the reservation. It is now approaching its useful end. While the IRMP served an important role in managing resources during the formative stages of the Tribe's natural resource programs, human population growth and various economic activities have placed new and competing demands on reservation resources. These changes include encroachment of housing into formerly unpopulated areas; local shortages of drinking water during dry periods; increased demand for employment related to natural resource extraction and use; larger areas impacted by economic development; increased visitor and tourist traffic; increasing threats to surface and ground water resources by solid waste, sewage discharge, timber harvesting and other economic activities; and aesthetic degradation.

The proposed update of the IRMP will integrate more specific policies for land uses, natural resources, economic development and cultural resources and values on all lands within the boundaries and/or under the jurisdiction of the reservation. Services that affect natural resources and are affected by land use designations (such as housing, utilities, and roads) are also included. The proposed action includes specifically and accurately identifying

the current needs that affect the natural resources on the reservation, projecting needs over the next 10 years, and developing the range of feasible alternatives to address those needs.

In addition to no action (continued management under the current IRMP), the alternatives will include a mix of possibilities for change which relate to each specific resource. Timber harvest options may range from a diminished harvest level to allow maximum protection of soil, water, cultural and aesthetic resources to an increased harvest level to meet economic demands of the Tribe. Housing options may range from unrestricted locating of housing through various forms of restrictions to protect natural areas. Recreation options may range from commercial development of recreation opportunities to attract vacationers from around the region to creating opportunities for tribal members alone. Range management options may include terminating the open range policies versus restricting open range to limited areas or pasture leases. Water resources options may include a more flexible approach to the current fixed riparian buffers or increasing those buffers. Cultural resource management options may range from protecting only those resources which are defined in the National Historic Preservation Act to defining standards for protection of cultural properties and cultural landscapes which are uniquely important to the Spokane Tribe.

Public Comment Availability

Comments, including names and addresses of respondents, will be available for public review at the mailing address shown in the **ADDRESSES** section, during regular business hours, 8 a.m. to 5 p.m., Monday through Friday, except holidays. Individual respondents may request confidentiality. If you wish us to withhold your name and/or address from public review or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your written comment. Such requests will be honored to the extent allowed by law. We will not, however, consider anonymous comments. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses will be made available for public inspection in their entirety.

Bureau of Indian Affairs

Notice of Intent to Prepare an Environmental Impact Statement for a Proposed Tribal Light Industrial Park, Umatilla Indian Reservation, Umatilla County, OR

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice.

SUMMARY: The Bureau of Indian Affairs (BIA), with the cooperation of the Confederated Tribes of the Umatilla Indian Reservation (CTUIR), intends to gather the information necessary for preparing an Environmental Impact Statement (EIS) for the proposed lease of up to 100 acres of land held in trust by the United States for the benefit of the CTUIR in Umatilla County, Oregon, for the construction and operation of a 400,000 square foot warehouse distribution center or similar sized light manufacturing facility. The purpose of the proposed action is to help meet the economic development needs of the CTUIR. Details on the project location and proposed action are provided in the **SUPPLEMENTARY INFORMATION** section. This notice also announces a public scoping meeting to identify potential issues to include in the EIS, identify which issues to analyze in depth, and eliminate issues that are not significant. **DATES:** Comments on the scope and content of the EIS must arrive by February 7, 2003. The public scoping meeting will be held on Thursday, January 23, 2003, at 6 p.m.

ADDRESSES: You may mail or hand carry written comments to Philip Sanchez, Superintendent, Bureau of Indian Affairs, Umatilla Agency, P.O. Box 520, Pendleton, Oregon 97801.

You may obtain a map displaying the proposed project location from Jerry L. Lauer, Natural Resource Officer, Bureau

of Indian Affairs, Umatilla Agency, P.O. Box 520, Pendleton, Oregon 97801, telephone (541) 278–3790.

FOR FURTHER INFORMATION CONTACT: Jerry L. Lauer, (541) 278–3790.

SUPPLEMENTARY INFORMATION: The EIS will assess the environmental consequences of BIA approval of a lease between the developer of a 400,000 square foot warehouse and distribution center or light manufacturing facility (lessee) and the CTUIR (lessor), of parts of the South Half of the North Half and the North Half of the South Half, Section 21, Township 2 North, Range 33 East, Willamette Meridian, Umatilla County, Oregon. The property encompasses approximately 100 acres on the Umatilla Indian Reservation, adjacent to and south of Exit 216 on Interstate 84.

The proposed project has several components. These include construction of below-ground water, sewer, storm water drainage, and electric power service on the site; construction of a 40-foot-wide industrial access road; extension of utilities from current access points north of Interstate 84, including below grade crossing of Interstate 84; construction of a 400,000-square-foot warehouse or light manufacturing facility; and operation of the warehouse or light manufacturing facility with approximately 150 employees. In the case of the warehouse and distribution center, there will be approximately 100 outgoing and 100 inbound semi-trailers each day.

Public Comment Availability

Comments, including names and addresses of respondents, will be available for public review at the mailing address shown in the **ADDRESSES** section, during regular business hours, 8 a.m. to 5 p.m., Monday through Friday, except holidays. Individual respondents may request confidentiality. If you wish us to withhold your name and/or address from public review or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your written comment. Such requests will be honored to the extent allowed by law. We will not, however, consider anonymous comments. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses will be made available for public inspection in their entirety.
