### Submission for OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

*Agency:* U.S. Census Bureau.

*Title:* Quarterly Survey of State & Local Government Tax Revenues.

*Form Number(s):* F-71, F-72, F-73.

*Agency Approval Number:* 0607-0112.

*Type of Request:* Extension of a currently approved collection.

*Burden:* 5,911 hours.

*Number of Respondents:* 5,860.

*Avg Hours Per Response:* F-71 and F-73—15 minutes; F-72—30 minutes.

*Needs and Uses:* The Census Bureau seeks a three-year extension of the current Office of Management and Budget (OMB) approval of the Quarterly Survey of State and Local Tax Revenues. The Census Bureau conducts this survey to collect State and local government tax data for this long established data series. State & local tax collections, amounting to nearly \$900 billion annually, constitute almost one-half of all governmental revenues.

Quarterly measurement of and reporting on these massive fund flows provide valuable insight into trends in the national economy and that of individual states. Information collected on the type and quantity of taxes collected gives comparative data on how the various levels of government fund their public sector obligations. These data are included in the quarterly estimates of National Income and Product developed by the Bureau of Economic Analysis (BEA) and are widely used by State revenue and tax officials, academicians, media representatives, and others.

The BEA, the Federal Reserve Board, the Department of Treasury, and others rely on these data to provide the most current information on the financial status of State and local governments. Legislators, policy makers, administrators, analysts, economists, and researchers use the data to monitor trends in public sector revenues. Journalists, teachers, and students use the data as well.

Tax collection data are used to measure economic activity for the nation as a whole, as well as for comparison among the various states. These data also are useful in comparing the mix of taxes employed by individual states, and in determining the revenue raising capacity of different types of states.

*Affected Public:* State, local or tribal government.

*Frequency:* Quarterly.

*Respondent's Obligation:* Voluntary.

*Legal Authority:* Title 13 U.S.C., section 182.

*OMB Desk Officer:* Susan Schechter, (202) 395-5103.
