SUMMARY: The Leader, Regulatory Management Group, Office of the Chief Information Officer, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before March 7, 2003.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. The Leader, Regulatory Management Group, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Early Childhood Educator Professional Development Program

AGENCY: Office of Elementary and Secondary Education, Department of Education.

ACTION: Notice of proposed achievement indicators.

SUMMARY: The Assistant Secretary for the Office of Elementary and Secondary Education announces proposed achievement indicators for the Early Childhood Educator Professional Development Program (ECEPD), for fiscal year (FY) 2003 and future year grants.

This professional development program is authorized by section 2151(e) of the Elementary and Secondary Education Act (ESEA), as added by the No Child Left Behind Act 2001, Public Law 107-110. The ECEPD program is a discretionary grant program under which funded projects provide high-quality, sustained, and intensive professional development to improve the knowledge and skills of early childhood educators who work in high-poverty communities, particularly with disadvantaged young children. The purpose of the professional development is to enhance the school readiness of young children to prevent them from encountering difficulties once they enter school, based on the best available research on early childhood pedagogy and on child development and learning. These grants are part of the President's early childhood initiative, Good Start, Grow Smart, and complement the Department of Education's early learning programs, such as Early Reading First, by helping States and local communities strengthen early learning for young children.

DATES: We must receive your comments on or before February 5, 2003.

Background: The ECEPD program provides funds for projects that carry out activities to improve the knowledge and skills of early childhood educators working in programs that are located in high-need communities and particularly serve disadvantaged young children. These programs are based upon the best available research on early childhood pedagogy and on child development and learning, including early language and literacy development. The grants serve an important purpose because high-quality, intensive, research-based professional development is critical for implementing effective early childhood programs that enhance the school readiness of young children.

ECEPD grants are made to partnerships of: providers of professional development for early childhood educators; State or local public agencies or private organizations; and if feasible, a provider experienced in training early childhood educators to identify and prevent behavior problems or work with children identified as or suspected to be victims of abuse.

Section 2151(e)(6) of the ESEA requires the Secretary to announce achievement indicators for the ECEPD program. These achievement indicators must be designed: (1) To measure the quality and accessibility of the professional development provided; (2) to measure the impact of that professional development on the early childhood education provided by the individuals who receive the professional development; and (3) to provide any other measures of program impact that the Secretary determines to be appropriate. The statute requires each partnership receiving an ECEPD grant to report annually to the Secretary on the partnership's progress toward attaining these achievement indicators. In addition, the statute provides that the Secretary may terminate an ECEPD grant if the Secretary determines that the partnership receiving the grant is not making satisfactory progress toward attaining the achievement indicators.

The Secretary may use these achievement indicators for the ECEPD grant competition for FY 2003 and
