

information collection and recordkeeping activities (*see* 5 CFR 1320.8(d)). We have submitted a request to OMB to renew its approval of the collection of information for the Federal Aid Grant Application Booklet. We are requesting a 3-year term of approval for this information collection activity.

Federal agencies may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this collection of information is 1018-0109.

The Federal Aid Grant Application Booklet offers the public information on how to apply for certain Federal grants. This information collection is authorized by the Federal Aid in Sport Fish Restoration Act (16 U.S.C. 777-777l), Federal Aid in Wildlife Restoration Act (16 U.S.C. 669-669i), Partnerships for Wildlife Act (16 U.S.C.

3741), Coastal Wetlands Planning, Protection and Restoration Act (16 U.S.C. 3954), Endangered Species Act (16 U.S.C. 1531 *et seq.*), Clean Vessel Act of 1992 (16 U.S.C. 777), Migratory Bird Treaty Act (16 U.S.C. 703-712), the annual Department of the Interior and Related Agencies Appropriation Acts, and 50 CFR 80. This information collection covers many types of grant programs, including, but not limited to: Sport Fish Restoration, Wildlife Restoration, Coastal Wetland Restoration, Clean Vessel, Boating Infrastructure, Partnerships for Wildlife, and Endangered Species. We collect information relevant to eligibility, substantiality, relative value, and budget information from applicants in order to make awards of grants under applicable programs. We also collect financial and performance information to track costs and accomplishments of applicable

grant programs. We need the information collected to support the grant work of our Division of Federal Assistance. In this renewal request, we are proposing minimal changes to the Federal Aid Grant Application Booklet to bring it into accord with our current authorities (such as by adding "Annual DOI Appropriations Acts" to our list of authorizing Acts) and to update contact information.

Title: Federal Aid Grant Application Booklet, 50 CFR 80.

Approval Number: 1018-0109.

Frequency of Collection: Annually.

Description of Respondents: The 50 U.S. States, the Commonwealth of Puerto Rico, the District of Columbia, the Commonwealth of the Northern Mariana Islands, Guam, the Virgin Islands, American Samoa, Indian Tribal Governments, and not-for-profit institutions.

Notice of Availability of the Proposed Resource Management Plan Amendment and Final Environmental Impact Statement for Federal Fluid Minerals Leasing and Development in Sierra and Otero Counties, NM

AGENCY: Bureau of Land Management (BLM), Interior.

ACTION: Notice of availability.

SUMMARY: In accordance with the Federal Land Policy and Management Act (FLPMA) and the National Environmental Policy Act (NEPA), the Bureau of Land Management (BLM) announces the availability of the Proposed Resource Management Plan Amendment/Final Environmental Impact Statement (RMPA/FEIS) for Federal Fluid Minerals Leasing and Development in Sierra and Otero Counties, New Mexico. The planning area encompasses approximately 1.8 million surface acres and 5 million subsurface acres of public lands managed by the Las Cruces Field Office,

located in Sierra and Otero Counties in southern New Mexico. The BLM has and will continue to work closely with all interested parties to identify management decisions that are best suited to the needs of the public. Final decisions will supersede the oil and gas decisions identified in the White Sands Resource Area RMP (1986) and provide direction for management of these fluid minerals resources on the public lands for approximately 20 years.

The BLM does have the authority to protect unique and sensitive areas through land management restrictions, for example, one such tool could be an Area of Critical Environmental Concern (ACEC) designation. While this Fluid Minerals Resource Management Plan Amendment addressed only oil and gas leasing, the BLM is required to consider updating and revising RMPs if there is new data of significance to the RMP that needs to be addressed pursuant to the National Environmental Policy Act. Such data to consider has surfaced in Dona Ana, Otero, and Sierra Counties that may require BLM to consider a revision to the existing RMPs in those three counties starting in 2004 which includes looking at all public land issues including nominations for ACECs.

DATES: The Proposed RMPA/FEIS for Federal Fluid Minerals Leasing and Development in Sierra and Otero Counties, New Mexico will be available for a 30-day protest period in accordance with the BLM's land-use planning regulations (43 CFR 1610.5-2). Protests must be filed within 30 days of the date the Environmental Protection Agency publishes its notice of availability of the FEIS.

ADDRESSES: Written protests must be submitted to Director, Bureau of Land Management, Attention: Ms. Brenda Williams, Protests Coordinator, WO-210, P.O. Box 66538, Washington, DC 20035.

Alternatively, and to expedite delivery, you may send your protest using an express delivery service to Director, Bureau of Land Management, Attention: Ms. Brenda Williams, Protests Coordinator, WO-210, 1620 L Street NW., Suite 1075, Washington, DC 20036.

E-mail and faxed protests will not be accepted as valid protests unless the protesting party also provides the original letter by either regular or overnight mail postmarked by the close of the protest period. Under these conditions, the BLM will consider the e-mail or faxed protest as an advance copy, and it will receive full consideration. If you wish to provide
