

SUPPLEMENTARY INFORMATION:**I. Abstract**

The National Aeronautics and Space Administration (NASA) is initiating a new collection designed to assess almost three years' worth of organizational climate initiatives at Marshall Space Flight Center (MSFC) in Huntsville, Alabama. The survey will attempt to measure several facets of the MSFC culture including safety, communication, and leadership, to see how successful previous cultural change activities have been. This survey is aligned with a larger effort within the Agency to assess organizational climate and culture issues, but has a slightly different focus due to the emphasis on culture issues specific to MSFC.
