

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Employment Standards Administration is soliciting comments concerning the proposed collection: Notice of Law Enforcement Officer's Injury or Occupational Disease (CA-721) and Notice of Law Enforcement Officer's Death (CA-722). A copy of the proposed information collection request can be obtained by contacting the office listed below in the addresses section of this notice.

DATES: Written comments must be submitted to the office listed in the addresses section below on or before April 12, 2004.

SUPPLEMENTARY INFORMATION:

I. Background

The Office of Workers' Compensation Programs (OWCP) administers the Federal Employees' Compensation Act (FECA). The Act provides that non-Federal law enforcement officers and/or their survivors injured or killed under certain circumstances are entitled to benefits of the Act to the same extent as employees in the Federal government. The Notice of Law Enforcement Officer's Injury or Occupational Disease (CA-721) and the Notice of Law Enforcement Officer's Death (CA-722) are the forms used by non-Federal law enforcement officers and their survivors to claim compensation under FECA. This information collection is currently approved for use through August 31, 2004.

II. Review Focus

The Department of Labor is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

OFFICE OF PERSONNEL MANAGEMENT

Submission for OMB Review; Comment Request for Review of a Revised Information Collection: SF 3112

AGENCY: Office of Personnel Management.

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13, May 22, 1995), this notice announces that the Office of Personnel Management (OPM) submitted to the Office of Management and Budget a request for review of a revised information collection. Standard Form 3112, CSRS/FERS Documentation in Support of Disability Retirement Application, collects information from applicants for disability retirement so that OPM can determine whether to approve a disability retirement. The applicant will only complete Standard Forms 3112A and 3112C. Standards Forms: 3112B, 3112D, and 3112E will be completed by the immediate supervisor and the employing agency of the applicant.

Approximately 12,100 applicants for disability retirement complete Standard Forms 3112A and 3112C annually. This is a combined figure including 9,000 CSRS and 3,100 FERS applications. The SF 3112C requires approximately 60 minutes to complete. A burden of 12,100 hours is estimated for SF 3112C. SF 3112A is used each year by approximately 1,350 persons who are not Federal employees. This is a combined figure including 1,000 CSRS and 350 FERS applications. SF 3112A

requires approximately 30 minutes to complete and a burden of 675 hours is estimated for SF 3112A. The total annual burden for SF 3112 is 12,775 hours.
