As part of the OIA Connector Scoping Meeting, information on the OIA Intermodal Center will be presented. The FDOT in consultation with the FTA, and the Greater Orlando Aviation Authority (GOAA) is preparing NEPA documentation for a new Intermodal Center at OIA in order to accommodate high-speed rail, light rail, and other private/public modes of transportation. The study will comply with FDOT, FTA, Federal Aviation Administration (FAA), Federal Railroad Administration (FRA), and the Transportation Security Administration (TSA) requirements. The OIA Intermodal Center project is freestanding and capable of independent operation.

7. FTA Procedures

In accordance with FTA policy, all Federal laws, regulations, and executive orders affecting project development, including but not limited to the regulations of the Council on Environmental Quality and FTA implementing NEPA (40 CFR parts 1500–1508, and 23 CFR part 771), the 1990 Clean Air Act Amendments, section 404 of the Clean Water Act, Executive Order 12898 regarding Environmental Justice, the National Historic Preservation Act, the Endangered Species Act, and section 4(f) of the DOT Act, will be addressed to the maximum extent practicable during the NEPA process. In addition, following selection and adoption of the LPA, FDOT may seek FTA Section 5309 New Starts funding for the LPA, and therefore, will be subject to the FTA New Starts Regulations (49 CFR part 611). This New Starts regulation requires submission of information specified by FTA to support FDOT's request to initiate Preliminary Engineering. The Alternatives Analysis and subsequent Preliminary Engineering activities are to be executed in conjunction with the NEPA process.

[STB Finance Docket No. 34363]

Central Midland Railway Company— Lease and Operation Exemption— Missouri Central Railroad Co.

Central Midland Railway Company (Central Midland), a Class III rail carrier,

has filed a verified notice of exemption under 49 CFR 1150.41, *et seq.*, to lease from Missouri Central Railroad Co. (Missouri Central) and operate 243.8 miles of rail line between milepost 19.0 west of Vigus, MO, and milepost 262.8 at Pleasant Hill, MO.¹

Central Midland certifies that its projected annual revenues as a result of this transaction will not result in the creation of a Class II or Class I rail carrier. The parties contemplated consummating the transaction on or after January 20, 2004.²

If the verified notice contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the transaction.

An original and 10 copies of all pleadings, referring to STB Finance Docket No. 34363, must be filed with the Surface Transportation Board, 1925 K Street, NW., Washington, DC 20423–0001. In addition, a copy of each pleading must be served on John Broadley, 1054 31st Street, NW., Suite 200, Washington, DC 20007.

[STB Docket No. AB–290 (Sub–No. 249X)]

Norfolk Southern Railway Company— Discontinuance of Service Exemption—in McLean, Dewitt and Piatt Counties, IL

Norfolk Southern Railway Company (NSR) has filed a notice of exemption under 49 CFR 1152 Subpart F—*Exempt Abandonments and Discontinuances of Service* to discontinue service over a 30.4-mile line of railroad between milepost UM–47.9 at or near Mansfield and milepost UM–78.3 at or near Bloomington, in McLean, Dewitt and

¹ Central Midland indicates that it has entered into a lease agreement with Missouri Central.

² Central Midland initially proposed consummation on or after January 19, 2004, but subsequently filed a letter correcting the proposed consummation date as above indicated (7 days after the exemption was filed).

Piatt Counties, IL.¹ The line traverses United States Postal Service Zip Codes 61701, 61702, 61704, 61709, 61710, 61736, 61752, 61791, 61799, 61842, and 61854.

NSR has certified that: (1) No traffic has moved over the line for at least 2 years; (2) any overhead traffic can be rerouted over other lines; (3) no formal complaint filed by a user of rail service on the line (or by a state or local government entity acting on behalf of such user) regarding cessation of service over the line either is pending with the Board or with any U.S. District Court or has been decided in favor of complainant within the 2-year period; and (4) the requirements at 49 CFR 1105.12 (newspaper publication) and 49 CFR 1152.50(d)(1) (notice to governmental agencies) have been met.

As a condition to this exemption, any employee adversely affected by the abandonment shall be protected under *Oregon Short Line R. Co.—Abandonment—Goshen*, 360 I.C.C. 91 (1979). To address whether this condition adequately protects affected employees, a petition for partial revocation under 49 U.S.C. 10502(d) must be filed.

Provided no formal expression of intent to file an offer of financial assistance (OFA) has been received, this exemption will be effective on March 12, 2004, unless stayed pending reconsideration. Petitions to stay that do not involve environmental issues and formal expressions of intent to file an OFA for continued rail service under 49 CFR 1152.27(c)(2),² must be filed by February 23, 2004.³ Petitions to reopen must be filed by March 2, 2004, with the Surface Transportation Board, 1925 K Street, NW., Washington, DC 20423–0001.

A copy of any petition filed with the Board should be sent to NSR's representative: James R. Paschall, General Attorney, Norfolk Southern Corporation, Three Commercial Place, Norfolk, VA 23510.

If the verified notice contains false or misleading information, the exemption is void *ab initio*.

¹ By letter filed January 27, 2004, NSR clarified that it does not seek exemption from the requirements of 49 U.S.C. 10904 or 49 U.S.C. 10905. The notice of exemption covers only an exemption from the requirements of 49 U.S.C. 10903.

² Each offer of financial assistance must be accompanied by the filing fee, which currently is set at \$1,100. See 49 CFR 1002.2(f)(25).

³ Because this is a discontinuance proceeding and not an abandonment, trail use/rail banking and public use conditions are not appropriate. Likewise, no environmental or historical documentation is required here under 49 CFR 1105.6(c) and 1105.8(b), respectively.

Board decisions and notices are available on our Web site at <http://www.stb.dot.gov>.

Decided: February 4, 2004.

Secretary.
