II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, CBOE included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. CBOE has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The proposed rule change makes certain clarifications to the Exchange's membership rules that relate to membership status categories. The Exchange is also proposing to amend its rules to provide an exemption from the general requirement that nominees of member organizations be required to attend the Exchange's Member Orientation Program and to pass the Exchange's Trading Member Qualification Exam.

The Exchange proposes to clarify certain information set forth in Exchange Rules 3.2(b) and 3.3(b) by

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

removing the explanatory information relating to "membership capacity statuses." The membership capacity statuses in Rules 3.2(b) and 3.3(b) delineate the membership classifications that member individuals and firms may have on the Exchange. In addition, asterisks are attached to certain membership capacity statuses in Rules 3.2(b) and 3.3(b). Rules 3.2(b) and 3.3(b) explain that the membership statuses noted with an asterisk are referred to in the Exchange rules as membership capacity statuses. In practice, this simply means that a membership applicant must elect on the Exchange's membership application form one of the statuses designated with an asterisk. Since the material related to the asterisks, and the asterisks themselves, only reflect internal Exchange procedures for categorizing its members, the proposed deletions reflect technical changes that are intended to simplify Exchange rules.

The Exchange proposes to revise Exchange Rule 3.8(a)(iii) to provide that a nominee of a member organization approved solely as a Clearing Member is not required to have an authorized trading function. The effect of the proposed rule is to eliminate the requirement that a nominee of a Clearing Member be required to attend the Exchange's Member Orientation Program and to pass the Exchange's Trading Member Qualification Exam. Nominees of Clearing Members originally were required to attend the Exchange's Member Orientation Program and pass the Member Qualification Exam because Exchange Clearing Members generally engaged in both clearing and trading activities. A Clearing Member conducting trading activities would have been required to have a nominee on the Exchange trading floor acting as a Floor Broker and/or Market-Maker. Certain Exchange Clearing Members have disposed of their trading activities and currently only engage in clearing activities on the Exchange. The proposed rule is intended to accommodate Clearing Members that only engage in clearing activities and do not otherwise engage in trading activities. Clearing Members that wish to engage in trading activities on the Exchange would still be required to designate a nominee who has an authorized trading function, and therefore would have to attend the Exchange's Member Orientation Program and to pass the Exchange's Trading Member Qualification Exam.

2. Statutory Basis

CBOE believes that the proposed rule change is consistent with the provisions

of Section 6(b) of the Act,³ in general, and with Section 6(b)(5) of the Act,⁴ in particular, which requires that CBOE rules be designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts and, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

- A. By order approve such proposed rule change, or
- B. Institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change, as amended, is consistent with the Act. Comments may be submitted by any of the following methods:
