

of a ground delay program and warnings when a city-pair was left without service. The participants indicated, however, that these enhancements could be acted upon without further action by the FAA under Section 423.

Participants expressed concern about anti-trust legal issues, the costs that would be incurred to implement a formal CRE program similar to the simulation, and the lack of quantifiable benefits. The unreliability of forecasted weather was considered a detriment to changing airlines' schedules early, thereby inconveniencing passengers and disrupting the airlines' schedule. It was recommended by the participants that no additional action was necessary or should be taken by the FAA to implement a collaborative decision making program under this legislation. Accordingly, the FAA intends to take no further action on this matter at this time.

Issued in Washington, DC on March 17, 2005.

Andrew B. Steinberg,
Chief Counsel.

BILLING CODE 4910-13-M

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[Docket Nos. FMCSA-98-4334, FMCSA-2000-7918, FMCSA-2000-8398, FMCSA-2002-12844, FMCSA-2002-13411]

Qualification of Drivers; Exemption Applications; Vision

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of renewal of exemption; request for comments.

SUMMARY: This notice publishes the FMCSA decision to renew the exemptions from the vision requirement in the Federal Motor Carrier Safety Regulations for 13 individuals. FMCSA has statutory authority to exempt individuals from vision standards if the exemptions granted will not compromise safety. The agency has concluded that granting these exemptions will provide a level of safety that will be equivalent to, or greater than, the level of safety maintained without the exemptions for these commercial motor vehicle (CMV) drivers.

DATES: This decision is effective April 5, 2005. Comments from interested persons should be submitted by April 22, 2005.

ADDRESSES: You may submit comments identified by DOT DMS Docket Numbers FMCSA-98-4334, FMCSA-2000-7918, FMCSA-2000-8398, FMCSA-2002-12844, FMCSA-2002-13411 by any of the following methods:

- *Web site:* <http://dms.dot.gov>.

Follow the instructions for submitting comments on the DOT electronic docket site.

- *Fax:* 1-202-493-2251.

- *Mail:* Docket Management Facility; U.S. Department of Transportation, 400 Seventh Street, SW., Nassif Building, Room PL-401, Washington, DC 20590-0001.

- *Hand Delivery:* Room PL-401 on the plaza level of the Nassif Building, 400 Seventh Street, SW., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays.

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov>. Follow the on-line instructions for submitting comments.

Instructions: All submissions must include the agency name and docket numbers for this notice. For detailed instructions on submitting comments and additional information on the rulemaking process, see the Public Participation heading of the Supplementary Information section of this document. Note that all comments received will be posted without change to <http://dms.dot.gov>, including any personal information provided. Please see the Privacy Act heading under Regulatory Notices.

Docket: For access to the docket to read background documents or comments received, go to <http://dms.dot.gov> at any time or to Room PL-401 on the plaza level of the Nassif Building, 400 Seventh Street, SW., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Mary D. Gunnels, Office of Bus and Truck Standards and Operations, (202) 366-4001, FMCSA, Department of Transportation, 400 Seventh Street, SW., Washington, DC 20590-0001. Office hours are from 8 a.m. to 5 p.m., e.t., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION: *Public Participation:* The DMS is available 24 hours each day, 365 days each year. You can get electronic submission and retrieval help guidelines under the "help" section of the DMS web site. If you want us to notify you that we received your comments, please include a self-addressed, stamped envelope or postcard or print the acknowledgement

page that appears after submitting comments online.

Privacy Act: Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review the Department of Transportation's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (Volume 65, Number 70; Pages 19477-78) or you may visit <http://dms.dot.gov>.

Exemption Decision

Under 49 U.S.C. 31315 and 31136(e), FMCSA may renew an exemption for a two-year period if it finds "such exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption." The procedures for requesting an exemption (including renewals) are set out in 49 CFR part 381. This notice addresses 13 individuals who have requested renewal of their exemptions from 49 CFR 391.41(b)(10) concerning vision requirements in a timely manner. FMCSA has evaluated these 13 applications for renewal on their merits and decided to extend each exemption for a renewable two-year period. They are: Rodger B. Anders, William E. Beckley, Richard D. Carlson, Sandy Clark, David J. Collier, Raymond G. Hayden, Mark J. Koscinski, Dexter L. Myhre, Stephanie D. Randels, Darrell L. Rohlf, Daniel J. Schaap, David A. Stafford, and Daniel R. Viscaya.

These exemptions are extended subject to the following conditions: (1) That each individual have a physical exam every year (a) by an ophthalmologist or optometrist who attests that the vision in the better eye continues to meet the standard in 49 CFR 391.41(b)(10), and (b) by a medical examiner who attests that the individual is otherwise physically qualified under 49 CFR 391.41; (2) that each individual provide a copy of the ophthalmologist's or optometrist's report to the medical examiner at the time of the annual medical examination; and (3) that each individual provide a copy of the annual medical certification to the employer for retention in the driver's qualification file and retain a copy of the certification on his/her person while driving for presentation to a duly authorized Federal, State, or local enforcement official. Each exemption will be valid for two years unless rescinded earlier by FMCSA. The exemption will be rescinded if: (1) The person fails to comply with the terms and conditions

of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31315 and 31136(e).

Basis for Renewing Exemptions

Under 49 U.S.C. 31315(b)(1), an exemption may be granted for no longer than two years from its approval date and may be renewed upon application for additional two year periods. In accordance with 49 U.S.C. 31315 and 31136(e), each of the 13 applicants has satisfied the entry conditions for obtaining an exemption from the vision requirements (63 FR 66226; 64 FR 16517; 66 FR 17994; 68 FR 15037; 65 FR 66286; 66 FR 13825; 68 FR 10300; 68 FR 13360; 65 FR 78256; 66 FR 16311; 67 FR 68719; 68 FR 2629; 67 FR 76439; 68 FR 10298). Each of these 13 applicants has requested timely renewal of the exemption and has submitted evidence showing that the vision in the better eye continues to meet the standard specified at 49 CFR 391.41(b)(10) and that the vision impairment is stable. In addition, a review of each record of safety while driving with the respective vision deficiencies over the past two years indicates each applicant continues to meet the vision exemption standards. These factors provide an adequate basis for predicting each driver's ability to continue to drive safely in interstate commerce. Therefore, FMCSA concludes that extending the exemption for each renewal applicant for a period of two years is likely to achieve a level of safety equal to that existing without the exemption.

Comments

FMCSA will review comments received at any time concerning a particular driver's safety record and determine if the continuation of the exemption is consistent with the requirements at 49 U.S.C. 31315 and 31136(e). However, FMCSA requests that interested parties with specific data concerning the safety records of these drivers submit comments by April 22, 2005.

In the past FMCSA has received comments from Advocates for Highway and Auto Safety (Advocates) expressing continued opposition to FMCSA's procedures for renewing exemptions from the vision requirement in 49 CFR 391.41(b)(10). Specifically, Advocates objects to the agency's extension of the exemptions without any opportunity for public comment prior to the decision to renew, and reliance on a summary statement of evidence to make its

decision to extend the exemption of each driver.

The issues raised by Advocates were addressed at length in 69 FR 51346 (August 18, 2004). FMCSA continues to find its exemption process appropriate to the statutory and regulatory requirements.

Rose A. McMurray,

Associate Administrator, Policy and Program Development.

BILLING CODE 4910-EX-P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[Docket No. NHTSA 2002-13743; Notice 2]

Continental Tire North America Inc., Grant of Application for Decision of Inconsequential Noncompliance

Continental Tire North America Inc., (Continental) has determined that a total of 159 P265/70R16 AmeriTrac SUV Radial Passenger Tires and 7,131 P265/70R16 ContiTrac SUV Radial Tires do not meet the labeling requirements mandated by Federal Motor Vehicle Safety Standard (FMVSS) No. 109, "New Pneumatic Tires." The noncompliant tires were produced during the periods March 11-24, 2001, and May 14, 2000-March 24, 2001, respectively. Pursuant to 49 U.S.C. 30118(d) and 30120(h), Continental has petitioned for a determination that this noncompliance is inconsequential to motor vehicle safety and has filed an appropriate report pursuant to 49 CFR part 573, "Defect and Noncompliance Reports."

Notice of receipt of the application was published, with a 30-day comment period, on November 15, 2002, in the **Federal Register** (67 FR 69300). NHTSA received no comments.

The petitioner argued as follows: FMVSS No. 109 (S4.3.4(b)) requires both the maximum load in kilograms and pounds be molded on the tire's sidewall. The rated maximum kilogram load was incorrectly marked 1190 kg rather than 1090 kg. The rated maximum load in pounds was marked correctly. These tires are primarily sold in the domestic replacement market, where the load in pounds would be the predominant consumer unit of measurement. Continental stated that test results confirm that the subject tires meet all other test requirements of FMVSS No. 109, support the petition of an inconsequential stamping error,

which does not affect performance, and is not safety related.

The agency believes the true measure of inconsequentiality with respect to the noncompliance with FMVSS No. 109, paragraph (S4.3.4(b)), is whether a consumer and/or retailer who relied on the incorrect information could experience a safety problem. In the case of this noncompliance, the maximum load value is marked correctly in English units. However, while the corresponding load value is correctly marked in English units, it is overstated in Metric units. The agency has conducted a series of focus groups, as required by the TREAD Act, to examine consumer perceptions and understanding of tire labeling. Few of the focus group participants had knowledge of tire labeling beyond the tire brand name, tire size, and tire pressure.

Since FMVSS No. 109 applies to tires sold in the U.S., and since consumers in the U.S. overwhelmingly rely on units of English measure for loading information, the safety issue associated with overloading tires as a result of this noncompliance is very small.

In consideration of the foregoing, NHTSA has decided that the applicant has met its burden of persuasion that the noncompliance described is inconsequential to safety. Accordingly, Continental's application is hereby granted and the applicant is exempted from providing the notification of the noncompliance as required by 49 U.S.C. 30118, and from remedying the noncompliance, as required by 49 U.S.C. 30120.

(49 U.S.C. 30118, 30120; delegations of authority at 49 CFR 1.50 and 501.8)

Issued on: March 17, 2005.

Stephen R. Kratzke,

Associate Administrator for Rulemaking.
