ENVIRONMENTAL PROTECTION AGENCY

[FRL-7890-2]

Clean Air Act Operating Permit Program; Petitions for Objection to State Operating Permits for Four San Francisco Bay Area Refineries: Chevron Products Company, ConocoPhillips Company, Tesoro Refining and Marketing Co., and Valero Refining Co.

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of final orders on five petitions to object to four state operating permits.

SUMMARY: This notice announces that the EPA Administrator has responded to five citizen petitions requesting EPA to object to operating permits issued to four facilities by the Bay Area Air Quality Management District (BAAQMD). The Administrator has (1) denied in full a petition submitted by Plumbers and Steamfitters Union Local 342, Heat and Frost Insulators/Asbestos

Workers Local 16, the International Brotherhood of Electrical Workers Local 302, the Boilermakers Union Local 549 and the Laborers Union Local 324 (Unions) requesting that the Administrator object to the state operating permit issued to Chevron Products Company (Chevron) in Richmond, California; (2) partially granted and partially denied two petitions submitted by Communities for a Better Environment (CBE) requesting that the Administrator object to the state operating permits issued to Chevron in Richmond, California, and ConocoPhillips Company (Conoco) in Rodeo, California; and (3) partially granted and partially denied two petitions submitted by Our Children's Earth Foundation (OCE) requesting that the Administrator object to the state operating permits issued to Tesoro Refining and Marketing Co. (Tesoro) in Martinez, California, and Valero Refining Co. in Benicia, California (Valero).

Pursuant to section 505(b)(2) of the Clean Air Act (Act), the petitioners may seek judicial review of any portion of the petitions which EPA denied in the United States Court of Appeals for the Ninth Circuit. Any petition for review shall be filed within 60 days from the date this notice appears in the **Federal Register**, pursuant to section 307 of the Act.

ADDRESSES: Copies of the final orders, petitions, and other supporting information are available at the Environmental Protection Agency, Region IX, Air Division, 75 Hawthorne Street, San Francisco, CA 94105. The final orders are also available electronically at: <http://www.epa.gov/region07/programs/artd/air/title5/petitiondb/petitions>.

FOR FURTHER INFORMATION CONTACT: Gerardo Rios, Chief, Air Permits Office, EPA Region IX, telephone (415) 972-3974, e-mail r9airpermits@epa.gov.

SUPPLEMENTARY INFORMATION: EPA approves state and local permitting authorities to administer the operating permit program set forth in title V of the Clean Air Act, 42 U.S.C. 7661-7661f. BAAQMD administers a fully approved title V operating permit program. The Clean Air Act affords EPA the opportunity for a 45-day period to review, and object to as appropriate, operating permits proposed by permitting authorities. Section 505(b)(2) of the Act authorizes any person to petition the EPA Administrator within 60 days after the expiration of this review period to object to a state operating permit if EPA has not done so. Petitions must be based on objections to

the permit that were raised with reasonable specificity during the public comment period provided by the state, unless the petitioner demonstrates that it was impracticable to raise these issues during the comment period or the grounds for the issues arose after this period.

BAAQMD submitted proposed permits to EPA on August 25, 2004 (Chevron and Conoco) and August 26, 2004 (Tesoro and Valero). EPA received five petitions to object to the permits (two petitions for the Chevron permit, and one each for Conoco, Tesoro, and Valero) prior to the deadline for section 505(b)(2) petitions.

On March 15, 2005, the Administrator issued one order denying in full the petition submitted by Unions requesting the Administrator to object to the permit for Chevron; two orders partially granting and partially denying the petitions submitted by CBE requesting the Administrator to object to the permits for Chevron and Conoco; and two orders partially granting and partially denying the petitions submitted by OCE requesting the Administrator to object to the permits for Tesoro and Valero. These orders explain the reasons behind EPA's decisions to grant or deny each issue.

Dated: March 15, 2005.

Wayne Nastri,

Regional Administrator, Region 9.

ENVIRONMENTAL PROTECTION AGENCY

[OW-FRL-7890-5]

Beaches Environmental Assessment and Coastal Health Act

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of availability of grants for implementation of coastal recreation water monitoring and public notification under the Beaches Environmental Assessment and Coastal Health Act.

SUMMARY: The Beaches Environmental Assessment and Coastal Health (BEACH) Act, signed into law on October 10, 2000, amended the Clean Water Act (CWA), to incorporate provisions to reduce the risk of illness to users of the Nation's recreational waters. Section 406(b) of the CWA, as amended by the BEACH Act, authorizes the U.S. Environmental Protection Agency (EPA) to award program development and implementation grants

to eligible States, Territories, Tribes, and local governments to support microbiological testing and monitoring of coastal recreation waters, including the Great Lakes, that are adjacent to beaches or similar points of access used by the public. BEACH Act grants also support development and implementation of programs to notify the public of the potential exposure to disease-causing microorganisms in coastal recreation waters. EPA encourages coastal States and Territories to apply for BEACH Act grants for program implementation (referred to as implementation grants) to implement effective and comprehensive coastal recreation water monitoring and public notification programs. EPA also encourages coastal Tribes to apply for BEACH Act grants for program development (referred to as development grants) to develop effective and comprehensive coastal recreation water monitoring and public notification programs.

DATES: States and Territories must submit applications on or before June 27, 2005. Eligible tribes should notify the relevant Regional BEACH Act grant coordinator of their interest in applying on or before June 27, 2005. Upon receipt of a tribe's notice of interest, EPA will establish an appropriate application deadline.

ADDRESSES: You must send your application to the appropriate Regional Grant Coordinator listed in this notice under **SUPPLEMENTARY INFORMATION** section VI.

FOR FURTHER INFORMATION CONTACT: Rich Healy, 1200 Pennsylvania Ave., NW., (4305T), Washington, DC 20460, (202) 566-0454, healy.richard@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Grant Program

What Is the Statutory Authority for BEACH Act Grants?

The general statutory authority for BEACH Act grants is section 406(b) of the Clean Water Act, as amended by the BEACH Act, Public Law 106-284, 114 Stat. 970 (2000). It provides: "The Administrator may make grants to States and local governments to develop and implement programs for monitoring and notification for coastal recreation waters adjacent to beaches or similar points of access that are used by the public." CWA section 406(b)(2)(A), however, limits EPA's ability to award implementation grants only to those States, Tribes and Territories that meet certain requirements (see Section II, Funding and Eligibility, below for information on specific requirements).
