BILLING CODE 6560–50–P

DEPARTMENT OF HOMELAND SECURITY**Federal Emergency Management Agency****44 CFR Part 64****[Docket No. FEMA–7776]****List of Communities Eligible for the Sale of Flood Insurance**

AGENCY: Federal Emergency Management Agency, Emergency Preparedness and Response Directorate, Department of Homeland Security.

ACTION: Final rule.

SUMMARY: This rule identifies communities participating in the National Flood Insurance Program (NFIP) and suspended from the NFIP. These communities have applied to the program and have agreed to enact certain floodplain management measures. The communities' participation in the program authorizes the sale of flood insurance to owners of property located in the communities listed.

DATES: Effective Dates: The dates listed under the column headed Effective Date of Eligibility.

ADDRESSES: Flood insurance policies for property located in the communities listed can be obtained from any licensed

property insurance agent or broker serving the eligible community, or from the NFIP at: (800) 638–6620.

FOR FURTHER INFORMATION CONTACT:

Michael M. Grimm, Mitigation Division, 500 C Street, SW.; Room 412, Washington, DC 20472, (202) 646–2878.

SUPPLEMENTARY INFORMATION: The NFIP enables property owners to purchase flood insurance which is generally not otherwise available. In return, communities agree to adopt and administer local floodplain management measures aimed at protecting lives and new construction from future flooding. Since the communities on the attached list have recently entered the NFIP, subsidized flood insurance is now available for property in the community.

In addition, the Federal Emergency Management Agency has identified the special flood hazard areas in some of these communities by publishing a Flood Hazard Boundary Map (FHBM) or Flood Insurance Rate Map (FIRM). The date of the flood map, if one has been published, is indicated in the fourth column of the table. In the communities listed where a flood map has been published, Section 202 of the Flood Disaster Protection Act of 1973, as amended, 42 U.S.C. 4016(a), requires the purchase of flood insurance as a condition of Federal or federally related financial assistance for acquisition or construction of buildings in the special flood hazard areas shown on the map.

The Administrator finds that delayed effective dates would be contrary to the public interest and that notice and

public procedure under 5 U.S.C. 553(b) are impracticable and unnecessary.

National Environmental Policy Act.

This rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Considerations. No environmental impact assessment has been prepared.

Regulatory Flexibility Act. The Administrator certifies that this rule will not have a significant economic impact on a substantial number of small entities in accordance with the Regulatory Flexibility Act, 5 U. S. C. 601 *et seq.*, because the rule creates no additional burden, but lists those communities eligible for the sale of flood insurance.

Regulatory Classification. This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Paperwork Reduction Act. This rule does not involve any collection of information for purposes of the Paperwork Reduction Act, 44 U.S.C. 3501 *et seq.*

Executive Order 12612, Federalism. This rule involves no policies that have federalism implications under Executive Order 12612, Federalism, October 26, 1987, 3 CFR, 1987 Comp., p. 252.

Executive Order 12778, Civil Justice Reform. This rule meets the applicable standards of section 2(b)(2) of Executive Order 12778, October 25, 1991, 56 FR 55195, 3 CFR, 1991 Comp., p. 309.

National Oceanic and Atmospheric Administration

50 CFR Part 648

[Docket No. 041110317-4364-02; I.D. 041805C]

Fisheries of the Northeastern United States; Summer Flounder Fishery; Quota Transfer

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; quota transfer.

SUMMARY: NMFS announces that it has approved the request of the Commonwealth of Virginia to transfer 68,214 lb (30,941 kg) of commercial summer flounder quota to the States of Maine, Connecticut, New York, Delaware, and Maryland, and the Commonwealth of Massachusetts, in accordance with the Atlantic States

Marine Fisheries Commission (ASMFC) Addendum XV to the Summer Flounder, Scup, and Black Sea Bass Fishery Management Plan (FMP). The recipients of the transferred quota, and the amount transferred, are as follows: Maine—1,273 lb (577 kg); Connecticut—17,799 lb (8,073 kg); New York—13,270 lb (6,019 kg); Delaware—3,924 lb (1,780 kg); Maryland—17,983 lb (8,157 kg); and Massachusetts—13,965 lb (6,334 kg). By this action, NMFS adjusts the quotas and announces the revised commercial quota for each state involved.

DATES: Effective April 20, 2005, through December 31, 2005.

FOR FURTHER INFORMATION CONTACT:

Mike Ruccio, Fishery Management Specialist, (978) 281-9104, FAX (978) 281-9135.

SUPPLEMENTARY INFORMATION:

Regulations governing the summer flounder fishery are found at 50 CFR part 648. The regulations require annual specification of a commercial quota that is apportioned among the coastal states from North Carolina through Maine. The process to set the annual commercial quota and the percent allocated to each state are described in § 648.100.

The ASMFC adopted Addendum XV to the FMP in November, 2004. The Addendum is being implemented under the adaptive management and framework procedures that are part of the FMP. Addendum XV establishes a program, for 2005 and 2006, that allocates the increase in commercial summer flounder quota (from the 2004

amount) differently than the existing allocation scheme, in order to reduce the amount of fish that must be discarded as bycatch in the commercial fishery in states with relatively low summer flounder quotas. The transfer of quota from donor states will allow recipient states to marginally increase trip limits, thereby decreasing the amount of summer flounder discarded at sea.

The final rule implementing Amendment 5 to the FMP that was published on December 17, 1993 (58 FR 65936), provided a mechanism for summer flounder quota to be transferred from one state to another. Two or more states, under mutual agreement and with the concurrence of the Administrator, Northeast Region, NMFS (Regional Administrator), can transfer or combine summer flounder commercial quota under § 648.100(d). The Regional Administrator is required to consider the criteria set forth in § 648.100(d)(3) in the evaluation of requests for quota transfers or combinations. The Regional Administrator has reviewed those criteria and approved the quota transfer request submitted by the Commonwealth of Virginia.

Consistent with Addendum XV, Virginia, a designated "donor state," has voluntarily employed the quota transfer provisions of the FMP to transfer a total of 68,214 lb (30,941 kg) to be allocated to the aforementioned recipient states, as presented in Table 1.

TABLE 1. SUMMER FLOUNDER COMMERCIAL QUOTA TRANSFERS

	Amount Transferred		2005 Initial Quota ¹		2005 Revised Quota	
	lb	kg	lb	kg	lb	kg
State
Virginia	-68,214	-30,941	4,073,914	1,847,896	4,005,700	1,816,955

Maryland	17,983	8,157	347,398	157,577	365,381	165,734

¹ Reflects quotas as published on January 4, 2005 (70 FR 303); for Virginia, amount is adjusted by a transfer of 243,292 lb (110,355 kg) from North Carolina, effective March 4, 2005 (70 FR 11584).

² Landings of summer flounder in Delaware by vessels holding commercial Federal fisheries permits are prohibited for the 2005 calendar year.
