V. Application Review Information

1. **Selection Criteria:** The selection criteria for these programs are in 34 CFR 607.22.

2. **Review and Selection Process:** Additional factors we consider in selecting an application for an award are the tie-breaking situations described in 34 CFR 607.23. The Title III, Part A Program regulations require that we award one additional point to an application from an institution of higher education (IHE) that has an endowment fund for which the 2002-2003 market value per FTE student was less than the comparable average per FTE student at a similar type IHE. We also award one additional point to an application from an IHE that had expenditures for library materials in 2002-2003 per FTE student that were less than the comparable average per FTE student at a similar type IHE.

For the purpose of these funding considerations, an applicant must demonstrate that the market value of its endowment fund per FTE student and library expenditures per FTE student, were less than the average expenditure per FTE student when calculated using the data submitted by applicants for the year 2002-2003.

If a tie remains after applying the additional point(s), we will determine the ranking of applicants based on the lowest combined library expenditures per FTE student and endowment values per FTE student.

VI. Award Administration Information

1. **Award Notices:** If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may also notify you informally.

If your application is not evaluated or not selected for funding, we notify you.

2. **Administrative and National Policy Requirements:** We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. **Reporting:** At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as specified by the Secretary in 34 CFR 75.118 and 607.31.

4. **Performance Measures:** The Secretary has established the following key performance measures for assessing the effectiveness of the Title III, Part A Programs: (1) The percentage of Title III, Part A project goals relating to the improvement of academic quality that are met or exceeded will increase or be maintained over time. (2) The percentage of Title III, Part A goals relating to the improvement of student services and student outcomes that are met or exceeded will increase or be maintained over time. (3) The percentage of Title III, Part A project goals relating to the improvement of institutional management and fiscal stability that are met or exceeded will increase or be maintained over time.
