

5. We deducted certain commissions paid on sales to one U.S. customer.

6. We adjusted domestic inventory carrying costs to include both days at sea and days in inventory at the factory.

7. We adjusted the reported home-market interest rate to reflect only loans denominated in rubles.

8. We recalculated inventory carrying costs to reflect the revised interest rates.

9. We used home-market indirect selling expenses as reported in the cost database, not those figures reported in the sales database.

10. We recalculated U.S. indirect selling expenses using the latest total U.S. sales figure.

11. We adjusted the reported value of carnallite purchased from an affiliated supplier in accordance with the major input rule of section 773(f)(3) of the Act.

12. We adjusted the reported G&A expense rate to include certain income and expense items related to the general operations of the company.

13. We removed selling expenses which were incorrectly reported in the cost of production ("COP") file.

14. We adjusted the reported factory overhead costs to reflect the amount of factory overhead recorded in the financial statements.

15. SMW provided multiple costs for the same control number. We calculated a single weighted-average cost for that control number.

16. We adjusted the reported financial expense rate to include net foreign currency exchange gains and losses and short-term interest income recorded as non-operating items on SMW's financial statements.

17. We adjusted Solikamsk Desulphurizer Works' ("SZD") reported G&A expense rate to include certain non-operating income and expense items related to the general operations of the company.

18. We removed selling expenses for SZD which were incorrectly reported in the COP file.

Final Determination Margins

We determine that the following weighted-average dumping margins exist for the period January 1, 2003, through December 31, 2003:

Manufacturer/exporter	Weighted-average margin (percent)
JSC AVISMA Titanium-Magnesium Works	22.28
Solikamsk Magnesium Works	18.65
All Others	21.45

Continuation of Suspension of Liquidation

Pursuant to section 735(c)(1)(B) of the Act, we will instruct U.S. Customs and Border Protection ("CBP") to continue to suspend liquidation of all entries of magnesium from Russia that are entered, or withdrawn from warehouse, for consumption on or after October 4, 2004, the date of publication of the Preliminary Determination in the **Federal Register**. We will instruct CBP to continue to require, for each entry, a cash deposit or the posting of a bond equal to the weighted-average dumping margins indicated above. These instructions suspending liquidation will remain in effect until further notice.

International Trade Commission Notification

In accordance with section 735(d) of the Act, we have notified the U.S. International Trade Commission ("ITC") of our determination. As our final determination is affirmative, the ITC will determine, within 45 days, whether these imports are materially injuring, or threatening material injury to, an industry in the United States. If the ITC determines that material injury, or threat of injury does not exist, the proceeding will be terminated and all securities posted will be refunded or canceled. If the ITC determines that such injury does exist, the Department will issue an antidumping order directing CBP officials to assess antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation.

Notification Regarding Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This determination is issued and published in accordance with sections 735(d) and 777(l)(1) of the Act.

Dated: February 16, 2005.

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: February 24, 2005.

FOR FURTHER INFORMATION CONTACT: Helen Kramer or Kristin Najdi at (202) 482-0405 or (202) 482-8221, respectively; AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On June 1, 2004, the Department of Commerce ("the Department") published a notice of opportunity to request an administrative review of the antidumping order on stainless steel butt-weld pipe fittings from Taiwan for the period June 1, 2003, through May 31, 2004. *See Notice of Opportunity to Request Administrative Review of Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation*, 69 FR 30873 (June 1, 2004). On June 2, 2004, the respondent Ta Chen Stainless Steel Pipe Co., Ltd. ("Ta Chen") requested that the Department conduct an administrative review of its sales to the United States during the period of review ("POR"). On June 22, 2004, Markovitz Enterprises, Inc. (Flowline Division), Gerlin, Inc., Shaw Alloy Piping Products, Inc., and Taylor Forge Stainless, Inc. (collectively "petitioners") requested an antidumping duty administrative review for Ta Chen, Liang Feng Stainless Steel Fitting Co., Ltd., Tru-Flow Industrial Co., Ltd., and PFP Taiwan Co., Ltd. On July 28, 2004, the Department published the notice initiating this antidumping duty administrative review for the period June 1, 2003, through May 31, 2004. *See Notice of Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation In Part*, 69 FR 45010 (July 28, 2004). The preliminary results are currently due not later than March 2, 2005.

Extension of Time Limits for Preliminary Results

Pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), and 19 CFR 351.213(h)(2), the Department may extend the deadline for completion of the preliminary results of a review if it determines that it is not practicable to complete the preliminary results within 245 days after the last day of the anniversary month of the date of publication of the order for which the administrative review was requested. The Department has determined it is not practicable to complete this review within the originally anticipated time

limit, in accordance with section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2), for the following reasons: (1) this review involves complex affiliation issues; and (2) this review involves complex constructed export price adjustments. Therefore, the Department is extending the time limits for the preliminary results by 120 days, to not later than June 30, 2005.

The deadline for the final results of this review will continue to be 120 days after publication of the preliminary results.

Dated: February 16, 2005.

Barbara E. Tillman,

Acting Deputy Assistant Secretary for Import Administration.
