

Extension of Time Limits for Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), and section 351.213(h)(1) of the Department's regulations require the Department to issue the preliminary results of an administrative review within 245 days after the last day of the anniversary month of the order or suspension agreement for which the administrative review was requested, and the final results of the review within 120 days after the date on which the notice of the preliminary results was published in the **Federal Register**. However, if the Department determines that it is not practicable to complete the review within this time period, section 751(a)(3)(A) of the Act and section 351.213(h)(2) of the Department's regulations allow the Department to extend the 245-day period to 365 days and the 120-day period to 180 days.

Pursuant to section 751(a)(3)(A) of the Act and section 351.213(h) of the Department's regulations, we determine that it is not practicable to complete this administrative review within the statutory time limit of 245 days. The Department requires additional time to analyze the supplemental questionnaire responses, issue additional supplemental questionnaires, and conduct verifications. In particular, there are complex factors of production methodology issues, including tolling and production of intermediate inputs, which the Department requires additional time to review. Therefore, in accordance with section 751(a)(3)(A) of the Act and section 351.213(h)(2) of the Department's regulations, the Department is extending the time limit for the completion of these preliminary results by an additional 93 days to August 4, 2006. The final results, in turn, will be due 120 days after the date of issuance of the preliminary results, unless extended.

Dated: April 11, 2006.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

DEPARTMENT OF ENERGY

Privacy Act of 1974; Notice of Amendment to an Existing System of Records

AGENCY: Department of Energy.

ACTION: Notice.

SUMMARY: As required by the Privacy Act of 1974, 5 U.S.C. 552a, and the Office of Management and Budget (OMB) Circular A-130, the Department of Energy (DOE) is publishing a notice of a proposed amendment to an existing system of records. L. 107-347, 116 Stat 2962), to use the information for exclusively statistical purposes.

DATES: The proposed amendment to this existing system of records will become effective without further notice June 5, 2006, unless in advance of that date, DOE receives adverse comments and determines that this amendment should not become effective.

ADDRESSES: Written comments should be directed to the following address: Jay Casselberry, EI-3, U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, DC 20585.

FOR FURTHER INFORMATION CONTACT: Abel Lopez, Director, Freedom of Information Act and Privacy Act Group, ME-74, U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, DC 20585, 202-586-5955; Jay Casselberry, EI-3, U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, DC 20585, 202-586-8616; and Isiah Smith, Deputy Assistant General Counsel for Administrative Litigation and Information Law, GC-77, U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, DC 20585, 202-586-8618.
