

DoD Response: The recommendation is considered to be outside the scope of this DFARS case. Therefore, DoD has made no change to the rule as a result of this comment.

DoD has adopted the proposed rule as a final rule without change.

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

B. Regulatory Flexibility Act

DoD certifies that this final rule will not have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because the rule pertains only to DoD administrative procedures for numbering of contract line items, exhibits, and attachments.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply, because the rule does not impose any information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*

SUPPLEMENTARY INFORMATION:

A. Background

This interim rule amends the clause prescriptions at DFARS 225.1101 and 225.7503 to reflect increased thresholds for application of the trade agreements.

Every 2 years, the trade agreements thresholds are escalated according to a pre-determined formula set forth in the agreements. The United States Trade Representative has specified the following thresholds (70 FR 73510, December 12, 2005):

Trade agreement	Supply contract (equal to or exceeding)	Service contract (equal to or exceeding)	Construction contract (equal to or exceeding)
World Trade Organization Government Procurement Agreement	\$193,000	\$193,000	\$7,407,000
Free Trade Agreements (FTA):			
Australia FTA	64,786	64,786	7,407,000
Chile FTA	64,786	64,786	7,407,000
Morocco FTA	193,000	193,000	7,407,000
Singapore FTA	64,786	64,786	7,407,000
NAFTA:			
—Canada	25,000	64,786	8,422,165
—Mexico	64,786	64,786	8,422,165

In addition, this interim rule implements a new Free Trade Agreement with Morocco as approved by Congress (Pub. L. 108-302). The Morocco Free Trade Agreement waives the applicability of the Buy American Act for some foreign supplies and construction materials from Morocco, and specifies procurement procedures designed to ensure fairness.

The World Trade Organization Government Procurement Agreement and the other free trade agreements each list the items to which the trade agreements do not apply when acquired by DoD. DFARS 225.401-70 lists the end products that are subject to trade agreements if the value of the acquisition is at or above the applicable dollar threshold. The following items are not excluded for DoD from coverage by the trade agreements and, therefore, have been added to the list at DFARS 225.401-70: Pins, needles, sewing kits, flag staffs, flagpoles, flagstaff trucks, and tobacco products.

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

B. Regulatory Flexibility Act

DoD does not expect this rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because the dollar threshold changes are designed to keep pace with inflation and thus maintain the status quo. Although the rule opens up DoD procurement to the products of Morocco, DoD does not believe there will be a significant economic impact on U.S. small businesses. DoD applies the trade agreements to only those non-

defense items listed at DFARS 225.401-70, and procurements that are set aside for small businesses are exempt from application of the trade agreements. Therefore, DoD has not performed an initial regulatory flexibility analysis. DoD invites comments from small businesses and other interested parties. DoD also will consider comments from small entities concerning the affected DFARS subparts in accordance with 5 U.S.C. 610. Such comments should be submitted separately and should cite DFARS Case 2005-D017.

C. Paperwork Reduction Act

This interim rule affects the certification and information collection requirements in the provisions at DFARS 252.225-7020 and 252.225-7035, currently approved under Office of Management and Budget Control Number 0704-0229. However, there is no impact on the estimated burden hours. The dollar threshold changes are in line with inflation and maintain the status quo. Reporting of products from Morocco as Free Trade Agreement end products rather than other foreign end products has no impact on paperwork burden.

D. Determination To Issue an Interim Rule

A determination has been made under the authority of the Secretary of Defense that urgent and compelling reasons exist to publish an interim rule prior to affording the public an opportunity to comment. This interim rule incorporates increased dollar thresholds for application of the World Trade Organization Government Procurement Agreement and the Free Trade Agreements, as determined by the United States Trade Representative. In

addition, the rule implements a new Free Trade Agreement with Morocco, as approved by Congress (Pub. L. 108-302). The Morocco Free Trade Agreement waives the applicability of the Buy American Act for some foreign supplies and construction materials from Morocco and specifies procurement procedures designed to ensure fairness. The increased dollar thresholds and the Morocco Free Trade Agreement became effective on January 1, 2006. Comments received in response to this interim rule will be considered in the formation of the final rule.

Australian, Chilean, or Moroccan construction material means a construction material that—

(1) Is wholly the growth, product, or manufacture of Australia, Chile, or Morocco; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in Australia, Chile, or Morocco into a new and different construction material distinct from the materials from which it was transformed.

(b) This clause implements the Balance of Payments Program by providing a preference for domestic construction material. In addition, the Contracting Officer has determined that the WTO GPA and all Free Trade Agreements except NAFTA apply to this acquisition. Therefore, the Balance of

Payments Program restrictions are waived for WTO GPA country, Australian, Chilean, or Moroccan, least developed country, or Caribbean Basin country construction material.

(c) The Contractor shall use only domestic, WTO GPA country, Australian, Chilean, or Moroccan, least developed country, or Caribbean Basin country construction material in performing this contract, except for—
