Dunhill Power, L.P.; Notice of Issuance of Order

March 13, 2007.

Dunhill Power, L.P. (Dunhill) filed an application for market-based rate authority, with an accompanying rate schedule. The proposed market-based rate schedule provides for the sale of energy and capacity at market-based rates. Dunhill also requested waivers of various Commission regulations. On March 12, 2007, pursuant to delegated authority, the Director, Division of Tariffs and Market Development—West, granted the requests for blanket approval under part 34. The Director’s order also stated that the Commission would publish a separate notice in the **Federal Register** establishing a period of time for the filing of protests. Absent a request to be heard in opposition by the deadline above, Dunhill is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of Dunhill, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approvals of Dunhill's issuance of securities or assumptions of liability.

Copies of the full text of the Director's Order are available from the Commission's Public Reference Room, 888 First Street, NE., Washington, DC 20426.
