At the meeting relating to attributing illness to food, the agency will invite experts to provide information and views on the definitions of attribution as well as state of the art methods in collecting attribution data. Each meeting will be moderated to ensure that all participants have ample opportunity to present their views. A transcript of the meetings will be taken and made available on the FSIS Web site, <http://www.fsis.usda.gov>.

All comments received in response to this notice will be considered part of the public record.

Members of the public should pre-register for the meeting. Online registration information is located at <http://www.fsis.usda.gov>.

Additional Public Notification

Public awareness of all segments of rulemaking and policy development is important. Consequently, in an effort to ensure that minorities, women and persons with disabilities are aware of this notice, FSIS will announce it online through the FSIS Web page located at http://www.fsis.usda.gov/regulations/2007_Notices_Index/. FSIS will also make copies of this **Federal Register** publication available through the FSIS Constituent Update, which is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, recalls, and other types of information that could affect or would be of interests to constituents and stakeholders. The update is communicated via Listserv, a free electronic mail subscription service for industry, trade and farm groups, consumer interest groups, allied health professionals, and other individuals who have asked to be included. The update is available on the FSIS Web page. Through the Listserv and Web page, FSIS is able to provide information to a much broader and more diverse audience. In addition, FSIS offers an e-mail subscription service which provides automatic and customized access to selected food safety news and information. This service is available at http://www.fsis.usda.gov/news_and_events/email_subscription/. Options range from recalls to export information to regulations, directives and notices. Customers can add or delete subscriptions themselves and have the

option to password protect their account.

Papahānaumokuākea Marine National Monument, Hawai'i; Monument Management Plan

AGENCIES: U.S. Fish and Wildlife Service (FWS), Interior; National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; Preparation of a management plan, and environmental assessment.

SUMMARY: This notice advises the public that NOAA, FWS, and the Department of Land and Natural Resources, State of Hawai'i (DLNR) intend to prepare a Monument Management Plan (Monument Plan) and associated environmental assessment for the Papahānaumokuākea Marine National Monument in the Northwestern Hawaiian Islands and surrounding marine areas. The Monument Plan will modify NOAA's existing Northwestern Hawaiian Islands Proposed National Marine Sanctuary Draft Management Plan, and incorporate FWS refuge comprehensive conservation planning (CCP) requirements, DLNR planning needs, and other elements to reflect the area's new status as a national monument.

DATES: Any written comments must be received by June 4, 2007.

ADDRESSES: Send written comments to Don Palawski, Monument Plan Coordinator, U.S. Fish and Wildlife Service, 300 Ala Moana Boulevard, Box 50167, Honolulu, HI 96850-5000; or via e-mail to PMNM_MMP_Comments@fws.gov.

FOR FURTHER INFORMATION CONTACT: Don Palawski, Monument Plan Coordinator, U.S. Fish and Wildlife Service, 300 Ala Moana Boulevard, Box 50167, Honolulu, HI 96850-5000; phone (808) 792-9560, or fax (808) 792-9585.

SUPPLEMENTARY INFORMATION: On June 15, 2006, President George W. Bush

established the Northwestern Hawaiian Islands Marine National Monument by issuing Presidential Proclamation 8031 (Proclamation) (71 FR 36443, June 26, 2006) under the authority of the Antiquities Act (16 U.S.C. 431) (Act). On February 28, 2007, President Bush amended the Proclamation to give it a Native Hawaiian name, chosen by Native Hawaiians, that reflects Hawaiian language and culture. On March 2, 2007, the First Lady, Mrs. Laura Bush, presented the new name, Papahānaumokuākea Marine National Monument, to the public.

Proclamation 8031 reserves all lands and interests in lands owned or controlled by the Government of the United States in the Northwestern Hawaiian Islands (NWHI), including emergent and submerged lands and waters out to a distance of approximately 50 nautical miles (nmi) from the islands. The Monument is approximately 100 nmi wide and extends approximately 1,200 miles around coral islands, seamounts, banks, and shoals. The area includes the Northwestern Hawaiian Islands Coral Reef Ecosystem Reserve, the Midway Atoll National Wildlife Refuge/Battle of Midway National Memorial, the Hawaiian Islands National Wildlife Refuge, the Hawai'i State Seabird Sanctuary at Kure Atoll, and NWHI State Marine Refuge. The Secretaries of Commerce and the Interior, and the Governor of Hawai'i signed a Memorandum of Agreement on December 8, 2006, to jointly manage Federal and State lands and waters within the Monument as Co-Trustees, to collectively protect, conserve, and enhance Monument fish, plant, and wildlife habitats, including coral reefs and other marine and terrestrial resources.

During the last 5 years, as part of the National Marine Sanctuary designation process, NOAA actively sought input from Federal and State entities, Native Hawaiian leaders, the Northwestern Hawaiian Islands Coral Reef Ecosystem Reserve Advisory Council, and the public to develop a Draft Sanctuary Management Plan (available on the Internet at: <http://www.hawaiiireef.noaa.gov>). More than 52,000 public comments were received during the sanctuary designation process. The Proclamation recognizes these efforts by directing the Secretary of Commerce, in consultation with the Secretary of the Interior and the State of Hawai'i, to modify, as appropriate, the draft Sanctuary Management Plan for management of the Monument. Another document relevant to Monument management, the Draft Interim Visitor

Services Plan for the Midway Atoll National Wildlife Refuge, the Battle of Midway National Memorial, and the Northwestern Hawaiian Islands Marine National Monument's Midway Atoll Special Management Area, was distributed for public review in December 2006. Comments submitted during the Sanctuary designation process and comments received on Midway's Visitor Services Plan regarding issues that are subject to decision by the Co-Trustees (that is, not already decided by the President and memorialized in the Proclamation) will be considered when the agencies are determining the scope of the Monument Plan and during development of the Draft Monument Plan. Any additional comments at this stage should be focused on any new environmental issues identified as a result of new information or changed circumstances since the comment periods identified above. The Co-Trustees will develop co-management strategies and activities to meet the needs of FWS, NOAA, and DLNR in the Monument Plan.

The National Wildlife Refuge System Administration Act of 1966 (Refuge Administration Act), as amended by the National Wildlife Refuge System Improvement Act of 1997 (16 U.S.C. 668dd–668ee), requires the FWS to develop a comprehensive conservation plan (CCP) for each national wildlife refuge. The purpose in developing a CCP is to provide refuge managers with a 15-year strategy for achieving refuge purposes and contributing toward the mission of the National Wildlife Refuge System, consistent with sound principles of fish and wildlife management, conservation, legal mandates, and FWS policies. In addition to outlining broad management direction on conserving wildlife and their habitats, CCPs identify wildlife-dependent recreational opportunities available to the public. The State maintains its existing responsibility for managing State waters in the Monument, including the NWHI State Marine Refuge and Hawai'i State Seabird Sanctuary at Kure Atoll. NOAA maintains responsibility for the NWHI Coral Reef Ecosystem Reserve, included within the Monument, and has primary responsibility regarding the management of the marine areas of the Monument, in consultation with FWS.

It is the intent of the Co-Trustees to integrate agency planning and operational needs into a single Monument Plan. A draft Monument Plan will be distributed for public review and comment early in 2008. The Co-Trustees will also develop an environmental assessment in

accordance with the requirements of the National Environmental Policy Act of 1969 (NEPA), as amended (42 U.S.C. 4321 et seq.); NEPA Regulations (40 CFR parts 1500–1508); other appropriate Federal laws and regulations; and agency policies and procedures for compliance with those regulations.
