SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The IC Clearance Official, Regulatory Information Management Services, Office of Management, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

The information collection submitted for OMB review contains the following:

1. *Collection of Information:* FERC Form 2 "Annual Report for Major Natural Gas Companies".

2. *Sponsor:* Federal Energy Regulatory Commission.

3. *Control No.:* 1902-0028.

The Commission is now requesting that OMB approve and extend the expiration date for an additional three years with no changes to the existing collection. The information filed with the Commission is mandatory.

4. *Necessity of the Collection of Information:* Submission of the information is necessary for the Commission to carry out its responsibilities in implementing the statutory provisions of the Natural Gas Act (NGA) 15 U.S.C. 717. The FERC Form 2 is a financial and operating report for natural gas rate regulation for major pipeline owners. "Major" is defined as companies having combined gas sold for resale and gas transported or stored for a fee that exceeds 50 million Dth in each of the three previous calendar years. Under the Form 2, the Commission investigates, collects and records data and prescribes rules and regulations concerning accounts, records and memoranda as necessary to administer the NGA. The Commission is empowered to prescribe a system of accounts for jurisdictional gas pipelines and after notice and opportunity for hearing, may determine the accounts in which particular outlays the receipts will be entered, charged or credited.

The Commission's staff uses the data in the continuous review of the financial condition of jurisdictional companies, in various rate proceedings and in the Commission's audit program. FERC Form 2 data are also used to compute annual charges which are necessary to recover the Commission's annual costs. The annual charges are required by section 3401 of the Omnibus Budget Reconciliation Act of 1986.

The NGA mandates the collection of information needed by the Commission to perform its regulatory responsibilities in the setting of just and reasonable rates. The Commission could be held in

violation of the NGA if the information was not collected.

The annual financial information filed with the Commission is a mandatory requirement submitted in a prescribed format which is filed electronically. The Commission implements these filing requirements in 18 CFR parts 158, 201, 260.1 and 385.2011.
