Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. In reference to filings initiating a new proceeding, interventions or protests submitted on or before the comment deadline need not be served on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First St. NE., Washington, DC 20426.

Boardwalk Pipeline Partners, LP; Notice of Intent To Prepare an Environmental Impact Statement for the Proposed Gulf Crossing Project, Request for Comments on Environmental Issues, and Notice of Public Scoping Meetings

April 2, 2007.

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental impact statement (EIS) that will identify and address the environmental impacts that could result from the construction and operation of the Gulf Crossing Project proposed by Gulf Crossing Pipeline Company, LLC (Gulf Crossing) and Gulf South Pipeline Company, L.P. (Gulf South).

In order to assist staff with the identification of environmental issues and to comply with the requirements of the National Environmental Policy Act of 1969 (NEPA), a thirty-day scoping period has been opened to receive comments on the proposed project. Please note that the scoping period for this project will close on May 4, 2007.

Additionally, as part of the scoping process, we will also hold four public meetings, as described below, to receive comments on the proposed project.

Date and time	Location
April 23, 2007, 7 p.m.	Delhi High School Auditorium, 413 Main Street, Delhi, LA 71232.
April 24, 2007, 7 p.m.	Serepta High School Auditorium, 6041 Highway 2, Serepta, LA 71071.
April 25, 2007, 7 p.m.	Mt. Pleasant Civic Center, 1800 N. Jefferson, Mt. Pleasant, TX 75455.
April 26, 2007, 7 p.m.	Bryan County Free Fair, 1901 South 9th Street, Durant, OK 74702.

This notice is being sent to affected landowners; Federal, State, and local government agencies; elected officials; environmental and public interest groups; Native American tribes; other interested parties; and local libraries and newspapers; all of which are encouraged to submit comments on the proposed project. Details on how to submit comments are provided in the Public Participation section of this notice.

If you are a landowner receiving this notice, you may be contacted by a Boardwalk, Gulf Crossing or Gulf South representative about the acquisition of an easement to construct, operate, and maintain the proposed project facilities. The pipeline company would seek to negotiate a mutually acceptable agreement. However, if the project is approved by the FERC, that approval conveys with it the right of eminent domain. Therefore, if easement negotiations fail to produce an agreement, the pipeline company could initiate condemnation proceedings in accordance with state law.

A fact sheet prepared by the FERC entitled "An Interstate Natural Gas Facility on My Land? What Do I Need To Know?" is available for viewing on the FERC Internet Web site (<http://www.ferc.gov>). This fact sheet addresses a number of typically asked questions, including the use of eminent domain and how to participate in the FERC's proceedings.
