

shipper review for the shipment of solid urea from Russia it produced and exported. See Memorandum to the File from Thomas Schauer, Senior Analyst, through Laurie Parkhill, Director, Office 5: New-Shipper Review Initiation Checklist, dated February 26, 2007. Also, please refer to this memorandum for our response to the arguments the petitioner raised in its February 16, 2007, letter. As we stated in that memorandum, we intend to examine these arguments in greater detail during the course of the review and, if we determine that the producer of the subject merchandise subject to the review was indeed an affiliate of the exporter or producers in the original investigation, we may rescind the new-shipper review as provided in section 751(a)(2)(B) of the Act and 19 CFR 351.214.

The period of review for this new-shipper review is July 1, 2006, through December 31, 2006. See 19 CFR 351.214(g)(1)(ii)(A). The Department intends to issue the preliminary results of this review no later than 180 days from the date of initiation and final results of this review no later than 270 days from the date of initiation. See section 751(a)(2)(B)(iv) of the Act.

On August 17, 2006, the Pension Protection Act of 2006 (H.R. 4) was signed into law. Section 1632 of H.R. 4 temporarily suspends the authority of the Department to instruct U.S. Customs and Border Protection to collect a bond or other security in lieu of a cash deposit in new-shipper reviews. Therefore, the posting of a bond under section 751(a)(2)(B)(iii) of the Act in lieu of a cash deposit is not available in this case. Importers of subject merchandise manufactured and exported by EuroChem must continue to pay a cash deposit of estimated antidumping duties on each entry of subject merchandise at the current all-others rate of 68.26 percent.

Interested parties requiring access to proprietary information in this new-shipper review should submit applications for disclosure under administrative protective order in accordance with 19 CFR 351.305 and 351.306.

This initiation and notice are published in accordance with section 751(a)(2)(B) of the Act and 19 CFR 351.214 and 351.221(c)(1)(i).

Dated: February 27, 2007.

Assistant Secretary for Import Administration.

[I.D. 030107D]

Fisheries of the Gulf of Mexico; Fisheries of the South Atlantic; Southeastern Data, Assessment, and Review (SEDAR); Gulf of Mexico gag grouper; South Atlantic gag grouper; Gulf of Mexico red grouper; Public Meetings.

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of SEDAR Workshops for Gulf of Mexico and South Atlantic gag grouper and Gulf of Mexico red grouper.

SUMMARY: The SEDAR assessments of the Gulf of Mexico stock of gag grouper, the South Atlantic stock of gag grouper, and the Gulf of Mexico stock of red grouper will receive additional scientific scrutiny through a supplemental SEDAR Review Workshop and Evaluation Workshop.

DATES: The Evaluation Workshop will take place March 19 - 22, 2007. The Review Workshop will take place May 8 - 10, 2007. See **SUPPLEMENTARY INFORMATION** for specific dates and times.

ADDRESSES: The Evaluation Workshop will be held at the Southeast Fisheries Science Center, Miami Laboratory, 75 Virginia Beach Drive, Miami, FL 33149. The Review Workshop will be held in the Tampa, FL area at a location to be provided in a later notice.

FOR FURTHER INFORMATION CONTACT: John Carmichael, SEDAR Coordinator, 4055 Faber Place, Suite 201, North Charleston, SC 29405; telephone: (843) 571-4366.

SUPPLEMENTARY INFORMATION: The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions have implemented the SEDAR process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR assessments are developed through an open workshop process that involves a variety of participants. Participants for SEDAR Workshops, appointed by the regional Fishery Management Councils, the Southeast Regional Office (SERO), and the Southeast Fishery Science Center (SEFSC), include data collectors and database managers; stock assessment scientists, biologists, and researchers;

constituency representatives including fishermen, environmentalists, and non-governmental organization (NGO's); International experts; and staff of Councils, Commissions, and state and Federal agencies.

Assessments of Gulf of Mexico and South Atlantic stocks of gag grouper were developed through SEDAR 10, completed in July 2006. The assessment of Gulf of Mexico red grouper was developed through SEDAR 12, completed in February 2007. It is acknowledged that methods of assessing Southeastern fish stocks and addressing issues within available datasets improve with each SEDAR assessment, and recent assessment updates have allowed incorporation of such changes. There are similarities in the data sources used to develop SEDAR 10 and 12 assessments, potential similarities in basic species biology, and considerable overlap in fisheries that harvest these species within the respective Council areas of jurisdiction. Therefore, the Steering Committee has determined that a special review of these recent grouper assessments is required to ensure that uncertainties are treated appropriately and that any potential differences in methods or data treatments are thoroughly justified.

This special inquiry will be prepared through 2 SEDAR workshops: an evaluation workshop and review workshop. The evaluation workshop will consist of SEFSC and Council appointees familiar with the assessments and the fisheries which will be convened to review the assessments and possibly recommend additional sensitivity analyses. The Review Workshop will consist of an SEFSC appointed Chair, two independent reviewers appointed through the Center for Independent Experts (CIE), and up to two additional representatives appointed by the Gulf and South Atlantic Councils. The product of the Evaluation Workshop will be a report addressing key assessment uncertainties and recommending potential additional assessment analyses for consideration by the Review panel. The product of the Review Panel will be an independent evaluation of the recommendations and conclusions of the Evaluation Panel and any subsequent assessment analyses.

SEDAR Grouper Review Schedule:

March 19 - 22, 2007: Grouper Evaluation Workshop

March 19, 2007: 1 p.m. - 6 p.m.; March 20 - 21, 2007: 8 a.m. - 6 p.m.; March 22, 2007: 8 a.m. - 12 noon.

An appointed panel will review the SEDAR 10 assessments of Gulf of Mexico and South Atlantic gag grouper and the SEDAR 12 assessment of Gulf of Mexico red grouper. Participants will evaluate key data and methodological decisions and the justifications of those decisions as provided in the SEDAR 10 and 12 assessment reports. The panel will prepare a written report addressing Terms of Reference approved by the SEDAR Steering Committee.

May 8 - 10, 2007: SEDAR Grouper Review Workshop

May 8, 2007: 1 p.m. - 6 p.m.; May 9, 2007: 8 a.m. - 6 p.m.; May 10, 2007: 8 a.m. - 1 p.m.

The Review Workshop is an independent peer review of the recommendations of the Evaluation Panel and any subsequent analyses recommended by the Evaluation Panel. Workshop Panelists will review the SEDAR 10 and 12 assessments and the findings of the Evaluation Panel and document their comments and recommendations in a Consensus Summary Report.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to the Council office (see **ADDRESSES**) at least 10 business days prior to each workshop.

Dated: March 1, 2007.

Patent and Trademark Office

[Docket No. PTO-T-2007-0003]

Notice of the Removal of the Paper Search Collection of Registered Word-Only Marks From Trademark Search Library in Arlington, VA

AGENCY: United States Patent and Trademark Office, Commerce.

ACTION: Notice.

SUMMARY: The United States Patent and Trademark Office ("USPTO") hereby provides sixty (60) days notice of the microfilming and removal of the paper search collection of registered marks consisting only of words from the USPTO's Trademark Search Facility in Arlington, VA. This Notice does not concern the paper search collection of registered marks that consist of or include design elements.

DATES: Removal of the paper search collection of registered word-only marks shall be effected beginning sixty (60) days from the date of this Notice.

FOR FURTHER INFORMATION CONTACT:

Jennifer Chicoski, Office of the Commissioner for Trademarks, 571-272-8943.

SUPPLEMENTARY INFORMATION: Under 35 U.S.C. 41(i), the USPTO must maintain a collection of United States trademark applications and registrations for use by the public in paper, microform, or electronic form. The provision authorizing an electronic search collection was added by § 4804(d)(1) of the American Inventors Protection Act of 1999 ("AIPA"), Title IV, Subtitle B, of Pub. L. 106-113, 113 Stat. 1501, 1501A-589. The USPTO currently maintains a searchable electronic database of registered marks and marks in pending applications, as well as text and images of marks in abandoned, cancelled and expired records dating back to 1984. Government insignia protected by U.S. law or by Article 6ter of the Paris Convention, and insignia that various federally and state recognized Native American tribes have identified as their official tribal insignia are also included. Trademark examining attorneys have relied exclusively on the electronic search system since before 1990.

Section 4804(d)(2) of the AIPA provides that the USPTO can eliminate the paper or microform search collection only pursuant to notice and opportunity for public comment, and only after submitting a report to the Committees on the Judiciary of the Senate and the House of Representatives detailing its plan for removal, and certifying that the implementation of such plan will not negatively impact the public. On May 9, 2003, the USPTO certified to Congress that the USPTO could cease to maintain a paper search collection of marks that consist only of words, without harm to the public. The 2003 report and certification are currently available on the USPTO Web site at <http://www.uspto.gov/web/offices/com/sol/comments/epubsearch/crtppr.pdf>.
