In 1985, CBS entered into a Consent Decree with the United States, the State of Indiana, the City of Bloomington and Monroe County to remove and incinerate PCB contamination from six sites in and near Bloomington, Indiana. CBS shall, among other things, expand and operate the existing water treatment plant at Illinois Central Spring, expand the collection system and operate the existing treatment plant at Neal's Landfill, and build and operate

a new collection and treatment system at Bennett's Dump. The Amendment also requires CBS to pay \$6.67 million dollars to reimburse EPA for response costs incurred in investigating and cleaning up the sites, as well as requires CBS to pay \$1.88 million to the Department of the Interior for the purpose of restoring or replacing natural resources that have been injured by on-going releases of PCBs from the sites.
