Any person desiring to intervene or to protest in any of the above proceedings must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and § 385.214) on or before 5 p.m. Eastern time on the specified *Comment Date*. It is not necessary to separately intervene again in a subdocket related to a compliance filing if you have previously intervened in the same docket. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. In reference to filings initiating a new proceeding, interventions or protests submitted on or before the comment deadline need not be served on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access

who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First St., NE., Washington, DC 20426.

The filings in the above proceedings are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

[Docket No. EL08-43-000]

TransCanada Power Marketing Ltd., Complainant, v. ISO New England Inc., Respondent; Notice of Complaint

February 27, 2008.

Take notice that on February 26, 2008, TransCanada Power Marketing Ltd. (TransCanada) filed a Complaint against ISO New England, Inc. (ISO-NE). TransCanada requests that the Commission reverse ISO-NE's disqualification of TransCanada's January 10 composite offers and order ISO-NE to accept TransCanada's January 10 composite offers into the Forward Capacity Auction at the floor price that was established in the February 4-6, 2008 auction.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to

become a party must file a notice of intervention or motion to intervene, as appropriate. The Respondent's answer and all interventions, or protests must be filed on or before the comment date. The Respondent's answer, motions to intervene, and protests must be served on the Complainants.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). [Docket No. RM07-16-000]

Filing Via the Internet; Notice of Release of eFiling v7.0

February 28, 2008.

Pursuant to the provisions of Commission Order No. 703, issued November 15, 2007,¹ the Commission will update its electronic filing system to v7.0 (the next version of the Commission's system for filing documents via the Internet) over the weekend of March 1, 2008. This version includes, but is not limited to the following enhancements:

1. Expands the documents eligible for eFiling to include most application-type filings that receive a new docket number (with the exception of filings containing tariff sheets) and those forms and reports that are filed without a docket number.

2. Permits documents containing Privileged and/or Critical Energy Infrastructure Information (CEII) material to be submitted electronically in their entirety.²

3. Allows documents in Hydropower proceedings that are normally submitted directly to a FERC Regional Office to be electronically filed.

4. Permits up to 200 files to be uploaded in each of the Public, Privileged, and CEII security classes.

5. Increases the maximum file size to 50 Mb.³

6. Expands the file name, including the dot/extension, to 60 characters, and allows certain special characters to be included.

7. Adds an optional document-less alternative for filing Motions to Intervene and Motions to Intervene Out-of-Time.

¹ *Filing Via the Internet*, Order No. 703, 72 FR 65,659 (November 23, 2007), FERC Stats. & Regs. ¶ 61,171 ¶ 31,259 (2007) (Order No. 703).

² Information subject to a Protective Order issued by an Administrative Law Judge or for which a Protective Order is requested is not eligible for eFiling.

³ The 50 Mb limit is intended for single maps and drawings that cannot easily be split into smaller files. The practical limit for most files remains 10-20 Mb in order to make files more accessible.

8. Provides a Quick Comment option for comments on Hydropower Licensing and Natural Gas Pipeline projects.

In accordance with Order No. 703, the deadline for filing in order to receive the same day's filed date remains 5 p.m. Eastern Time.

Concurrent with the new release, the Commission Staff will update information on its Web site that pertains to electronic filing. The primary change will be an expanded Filing Guide/Qualified Documents List that identifies filings types by regulation and indicates whether the associated documents may be submitted electronically or not.⁴ The Guide also indicates the appropriate menu choice for the various filings and the number and routing of any "courtesy" paper copies for staff, where such paper copies are required.

In addition to the above enhancements, users should note the following guidelines and staff preferences for using the new system.

Staff/Courtesy Copies of Certain eFiled Documents

For certain documents submitted via eFiling, the filer will be obligated to provide one or more paper copies for staff use by the next business day after eFiling. The document types that require paper copies are identified in the Filing Guide/Qualified Documents List; the Guide also indicates the destination/routing for those copies. In certain cases, the copies may have to be provided to the jurisdictional Regional Office.

Staff will post routing and forms of address for the various locations for staff copies. In order to ensure that staff copies of eFiled documents are not treated as new paper submissions, each copy of the document should have a cover letter indicating the destination address with a paper copy of the Confirmation of Receipt e-mail from the eFiling session attached.

File Formats

The acceptable file formats for electronic submission are listed in Attachment A. They are the same as those permitted for filing on CD/DVD posted at: <http://www.ferc.gov/help/submission-guide/electronic-media/acceptable.asp>. Users may upload zipped files to simplify the browse, select and attach process for submissions with a large number of files. The system will explode the zipped file to display the individual files in the file upload list. Embedded

⁴ The Filing Guide/Qualified Documents List also includes those forms submitted through the eForms or Electric Quarterly Reports (EQR) systems.
