SUPPLEMENTARY INFORMATION: OSHA is conducting a review of the Methylene Chloride Standard (29 CFR 1910.1052) under Section 610 of the Regulatory Flexibility Act and Section 5 of Executive Order 12866 on Regulatory Planning and Review. On July 10, 2007, OSHA provided background information about the review, raised questions of special concern to the Agency, and requested public comments (72 FR 37501). The 90-day comment period ended on October 9, 2007. In response to a request for additional time to comment received from the Building and Construction Trades Department, AFL-CIO, OSHA is reopening the comment period for an additional 60 days. Accordingly, written comments must now be submitted (sent or postmarked) by March 10, 2008. Granting this additional time to comment on the review will allow this and other stakeholders time to provide more thorough comments on the review which in turn will give OSHA a more complete record.

Authority: This document was prepared under the direction of Edwin G. Foulke, Jr., Assistant Secretary of Labor for Occupational Safety and Health, 200 Constitution Avenue, NW., Washington, DC 20210. It is issued under Section 610 of the Regulatory Flexibility Act (5 U.S.C. 610) and Section 5 of Executive Order 12866 (58 FR 51735, October 4, 1993).

Signed at Washington, DC, this 3rd day of January, 2008.

Edwin G. Foulke, Jr.,

Assistant Secretary of Labor for Occupational Safety and Health.

BILLING CODE 4510-26-P

DEPARTMENT OF EDUCATION

34 CFR Parts 674, 682, 685, and 686

Office of Postsecondary Education; Notice of Intent To Establish Negotiated Rulemaking Committees Under Title IV of the Higher Education Act of 1965, as Amended

AGENCY: Department of Education.

ACTION: Notice of negotiated rulemaking.

SUMMARY: The Secretary of Education (Secretary) announces the establishment of two negotiated rulemaking committees to develop proposed regulations related to the Federal

student aid programs authorized by Title IV of the Higher Education Act of 1965, as amended (HEA). The first committee will develop proposed regulations for the Teacher Education Assistance for College and Higher Education (TEACH) Grant program. The second committee will develop proposed regulations for other Federal student aid programs authorized by Title IV of the HEA.

DATES: The dates for the negotiated rulemaking sessions are listed in the **SUPPLEMENTARY INFORMATION** section of this notice.

FOR FURTHER INFORMATION CONTACT: John Kolotos, U.S. Department of Education, 1990 K Street, NW., room 8018, Washington, DC 20006. Telephone: (202) 502-7762. E-mail: John.Kolotos@ed.gov.

Individuals with disabilities may obtain this document in an alternative format (e.g., Braille, large print, audiotape, or computer diskette) on request to the contact person listed in this section.

SUPPLEMENTARY INFORMATION: On October 22, 2007, we published a notice in the **Federal Register** (72 FR 59494) announcing our intent to establish one or two negotiated rulemaking committees to prepare proposed regulations under Title IV of the HEA. In the notice, we also announced three hearings where interested parties could suggest issues for consideration by the negotiating committees. We also invited parties to submit issues for consideration in writing. Finally, we requested nominations for individual negotiators, who represent key stakeholder constituencies that are involved in the Federal student aid programs, to serve on these committees.

After considering the information we received at the hearings and in writing, we have decided to establish two negotiating committees that will begin meeting in January 2008. The first committee will develop proposed regulations for the TEACH Grant program. The TEACH Grant regulations will be in a new Part 686 in Title 34 of the Code of Federal Regulations. The second committee will develop proposed regulations for the Federal student loan programs.

In selecting individuals from the submitted nominations, the Department has tried to assemble a balanced and complementary representation of the interests affected by the subject matter, consistent with section 492 of the HEA.

We believe the individuals selected will bring valuable knowledge and expertise to the table, and will work as a cohesive unit to assist us in developing proposed regulations that are both reasonable and effective. Individuals that were not selected as members of the committees will be able to attend the meetings and have access to the negotiators. The committee meetings will be open to the public.

Participation in the rulemaking process is not limited to members of the committees or those who work with the committees. Following the negotiated rulemaking process, we will publish for public comment proposed regulations in the **Federal Register**. We anticipate that proposed regulations developed by the TEACH Grant committee will be published in April 2008. We anticipate that proposed regulations developed by the Student Loan committee will be published in June 2008.
