INTERNATIONAL BOUNDARY AND WATER COMMISSION; UNITED STATES AND MEXICO

Notice of Availability of Final Programmatic Environmental Impact Statement, Improvements to the USBWC Rio Grande Flood Control Projects along the Texas-Mexico Border**AGENCY:** United States Section, International Boundary and Water Commission (USBWC).**ACTION:** Notice of Availability of Final Programmatic Environmental Impact Statement.

SUMMARY: Pursuant to section 102(2)(c) of the National Environmental Policy Act (NEPA) of 1969, as amended, the United States Section, International Boundary and Water Commission (USBWC) has prepared a Programmatic Environmental Impact Statement (PEIS) for future improvements to three Rio Grande Flood Control Projects (FCP) operated by the USBWC along the Texas-Mexico Border: The Rectification FCP, the Presidio FCP and Lower Rio Grande FCP. The PEIS, prepared in cooperation with the United States Bureau of Reclamation, United States Fish and Wildlife Service and United States Army Corps of Engineers, analyzes potential impacts of the No Action Alternative and three action alternatives for future FCP improvements under consideration.

Because several measures under consideration are at a conceptual level of development, the USBWC has taken a broad programmatic look at the potential environmental implications of measures identified for future implementation. The USBWC will apply the programmatic evaluation as an overall guidance for future environmental evaluations of individual improvement projects whose implementation is anticipated or possible within a 20-year timeframe. Once any given improvement project is identified for future implementation, site-specific environmental documentation will be developed based on project specifications and PEIS findings.

DATES: The Final PEIS will be available to agencies, organizations and the general public on January 8, 2008. A copy of the Final PEIS will also be posted in the USBWC Web site at <http://www.ibwc.state.gov>.

FOR FURTHER INFORMATION CONTACT: Mr. Daniel Borunda, Environmental Protection Specialist, Environmental Management Division, USBWC, 4171 North Mesa Street, C-100, El Paso,

Texas 79902 or e-mail:
danielborunda@ibwc.state.gov.

SUPPLEMENTARY INFORMATION: The PEIS analyzes potential effects of the No Action Alternative and three action alternatives for future improvement of the Rectification, Presidio and Lower Rio Grande Flood Control Projects located along the Texas-Mexico border. Potential improvements were organized in three action alternatives: (1) Enhanced Operation and Maintenance Alternative, focusing on engineering improvements; (2) Integrated Water Resources Management Alternative, integrating additional water conservation and quality measures to the projects' core mission of flood control and water delivery; and (3) Multipurpose Project Management Alternative incorporating, in addition to engineering improvements and integrating water management, additional measures for multiple use of the floodway and environmental measures supporting initiatives by federal agencies, local governments, and other organizations. These additional measures would be conducted largely under cooperative agreements with the proponent agency or organization. The PEIS evaluated alternatives for each flood control project in terms of potential effects relative to those of the No Action Alternative, in the areas of water, biological, cultural and socioeconomic resources, land use, and environmental health issues. The Multipurpose Project Management Alternative was selected as the preferred option for implementation of improvements to the flood control projects as it supports improvements in water quality and water conservation, and is consistent with the core project mission of flood control and water delivery. Public participation in the PEIS development included scoping meetings, a 45-day review period of the Draft PEIS, and Public Hearings held at the Cities of El Paso, Presidio and McAllen, Texas, on August 21, 22, and 28, 2007, respectively.

Copies of the FEIS have been sent to agencies, organizations and individuals who participated in the scoping process and to those who have requested copies of the FEIS. A limited number of Final PEIS copies may be obtained upon request from the contact person identified above. A Record of Decision will be issued after a minimum of 30 days following the filing of the Final PEIS. Any comments on the Final PEIS must be received no later than 30 days after the date of publication of the notice of availability by the Environmental Protection Agency (EPA)

in the **Federal Register**. No action will be taken on the proposed action before 30 days following publication of the notice of availability of the Final PEIS by EPA.

Dated: January 2, 2008.

Susan E. Daniel,

General Counsel.

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 731-TA-1138 and 1139 (Preliminary)]

Aminotrimethylenephosphonic Acid (ATMP) and 1-Hydroxyethylidene-1,1-Diphosphonic Acid (HEDP) From China and India

AGENCY: United States International Trade Commission.

ACTION: Institution of antidumping duty investigations and scheduling of preliminary phase investigations.

SUMMARY: The Commission hereby gives notice of the institution of investigations and commencement of preliminary phase antidumping duty investigation Nos. 731-TA-1138 and 1139

(Preliminary) under section 733(a) of the Tariff Act of 1930 (19 U.S.C. 1673b(a)) (the Act) to determine whether there is a reasonable indication that an industry in the United States is materially injured or threatened with material injury, or the establishment of an industry in the United States is materially retarded, by reason of imports from aminotrimethylenephosphonic acid (ATMP) and 1-hydroxyethylidene-1,1-diphosphonic acid (HEDP) from China and India, provided for in subheading 2931.00.90 of the Harmonized Tariff Schedule of the United States, that are alleged to be sold in the United States at less than fair value. Unless the Department of Commerce extends the time for initiation pursuant to section 732(c)(1)(B) of the Act (19 U.S.C. 1673a(c)(1)(B)), the Commission must reach a preliminary determination in antidumping investigations in 45 days, or in this case by February 14, 2008. The Commission's views are due at Commerce within five business days thereafter, or by February 22, 2008.

For further information concerning the conduct of these investigations and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subparts A and B (19 CFR part 207).

DATES: *Effective Date:* December 31, 2007.

FOR FURTHER INFORMATION CONTACT: Christopher Cassise (202-708-5408), Office of Investigations, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its internet server (<http://www.usitc.gov>). The public record for these investigations may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background

These investigations are being instituted in response to a petition filed effective December 31, 2007, by Compass Chemical International LLC, Huntsville, TX.

Participation in the Investigations and Public Service List

Persons (other than petitioners) wishing to participate in the investigations as parties must file an entry of appearance with the Secretary to the Commission, as provided in sections 201.11 and 207.10 of the Commission's rules, not later than seven days after publication of this notice in the **Federal Register**. Industrial users and (if the merchandise under investigation is sold at the retail level) representative consumer organizations have the right to appear as parties in Commission antidumping investigations. The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to these investigations upon the expiration of the period for filing entries of appearance.

Limited Disclosure of Business Proprietary Information (BPI) Under an Administrative Protective Order (APO) and BPI Service List

Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make BPI gathered in these investigations available to authorized applicants representing interested parties (as defined in 19 U.S.C. 1677(9)) who are parties to the investigations under the APO issued in the investigations, provided that the
