Administration for Children and Families

Submission for OMB Review; Comment Request

Title: Statewide Automated Child Welfare Information System (SACWIS) Assessment Review Guide (SARGE).

OMB No.: 0970–0159.

Description: HHS cannot fulfill its obligation to effectively serve the nation's Adoption and Foster Care populations, nor report meaningful and reliable information to Congress about the extent of problems facing these children or the effectiveness of assistance provided to this population, without access to timely and accurate information. Currently, SACWIS

support State efforts to meet the following Federal reporting requirements: The Adoption and Foster Care Analysis and Reporting System (AFCARS) required by section 479(b)(2) of the Social Security Act; the National Child Abuse and Neglect Data System (NCANDS); Child Abuse Prevention and Treatment Act (CAPTA); and the Chafee Independent Living Program. These systems also support State efforts to provide the information to conduct the Child and Family Service Reviews. Currently, forty-two States and the District of Columbia have developed, or

are developing, a SACWIS with Federal financial participation. The purpose of these reviews is to ensure that all aspects of the project, as described in the approved Advance Planning Document, have been adequately completed, and conform to applicable regulations and policies.

To initiate a review, States will submit the completed SACWIS Assessment Review Guide (SARGE) and other documentation at the point that they have completed system development and the system is operational statewide. The additional documents submitted as part of this

process should all be readily available to the State as a result of good project management practices.

The information collected in the SACWIS Assessment Review Guide will allow State and Federal officials to determine if the State's SACWIS meets the requirements for title IV-E Federal Financial Participation (FFP) defined at 45 CFR 1355.50. Additionally, other States will be able to use the documentation provided as part of this review process in their own system development efforts.

Submission for OMB Review; Comment Request

Title: Office of Refugee Resettlement Individual Development (IDA) Program Post-Asset Acquisition Data Collection.
OMB No.: New Collection.

Description: In October 1999 the Administration for Children and Families (ACF), Office of Refugee Resettlement (ORR), began funding Individual Development Account (IDA) programs, a discretionary grant program authorized by Section 412(c)(1)(A) of the Immigration and Nationality Act (INA) (8 U.S.C. 1522(c)(1)(A)), for low-income refugees. IDAs are a tool that enable low-income families to save, build assets, and enter the financial

mainstream. Since the inception of the ORR IDA Program, data have never been collected from the former refugee participants to assess how they are doing since they acquired their asset (i.e., home, small business, car, post-secondary education/vocational training/recertification, computer, or home renovation).

This report will be used to document the experiences of the refugees and their families since they acquired their asset. There is much to be learned from the experiences of IDA programs serving refugees. ORR has requested this report in order to document long-term program outcomes and understand what happens after a participant obtains his/her asset. The lessons drawn will not only have direct implications for ORR, but also for currently funded refugee IDA grantees. The broader asset field will also benefit from learning about the achievements and challenges of a program that serves refugees.

Respondents: Former ORR IDA participants who acquired an asset through the ORR IDA Program.

Former ORR IDA grantee agencies will also assist in locating the former IDA participants.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
Former IDA Participants Data	200	1	.30	60
Former IDA Grantee Agencies	48	1	10	480
