Sodium Nitrite From China and Germany

Determinations

On the basis of the record¹ developed in the subject investigations, the United States International Trade Commission (Commission) determines, pursuant to section 703(a) of the Tariff Act of 1930 (19 U.S.C. 1671b(a)) (the Act), that there is a reasonable indication that an industry in the United States is materially injured by reason of imports from China of sodium nitrite, provided for in subheading 2834.10 of the Harmonized Tariff Schedule of the United States, that are alleged to be subsidized by the Government of China. The Commission further determines, pursuant to section 733(a) of the Act (19 U.S.C. 1673b(a)), that there is a reasonable indication that an industry in the United States is materially injured by reason of imports from China and Germany of sodium nitrite, that are alleged to be sold in the United States at less than fair value (LTFV).

Act. Parties that filed entries of appearance in the preliminary phase of the investigations need not enter a separate appearance for the final phase of the investigations. Industrial users and, if the merchandise under investigation is sold at the retail level, representative consumer organizations have the right to appear as parties in Commission antidumping and countervailing duty investigations. The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.

Background

On November 8, 2007, a petition was filed with the Commission and Commerce by General Chemical LLC, Parsippany, NJ, alleging that an industry in the United States is materially injured or threatened with material injury by reason of subsidized imports of sodium nitrite from China, and by reason of LTFV imports of sodium nitrite from China and Germany. Accordingly, effective November 8, 2007, the Commission instituted countervailing and antidumping duty investigations Nos. 701-TA-453 and 731-TA-1136-1137 (Preliminary).

Notice of the institution of the Commission's investigations and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of November 15, 2007 (72 FR 64241). The conference was held in Washington, DC, on November 27, 2007, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission transmitted its determinations in these investigations to the Secretary of Commerce on December 26, 2007. The views of the Commission are contained in USITC Publication 3979 (January 2008), entitled *Sodium Nitrite from China and Germany: Investigation Nos. 701-TA-453 and 731-TA-1136-1137 (Preliminary)*.
